**MEMORANDUM**

**TO:** Jim Murdaugh, Ph.D.  
President

**FROM:** Calandra Stringer, Ph.D.  
Vice President and Provost

**SUBJECT:** Dual Enrollment Articulation Agreements with County School Boards and Public Charter Schools

---

**Item Description**

This item presents the Dual Enrollment Articulation Agreements between the College and each of the three districts in the Tallahassee State College service district for annual approval as required by Florida law. This item also includes agreements with the public charter schools in our service district.

**Overview and Background**

In compliance with Florida Statute 1007.271(4), the members of the Articulation Councils of three districts in the Tallahassee State College service district for annual approval as required by Florida law. This item also includes agreements with the public charter schools in our service district.

The agreements identify College and School District responsibilities for informing students and parents about dual enrollment; they address faculty qualifications for teaching; they define college readiness scores and high school and college GPA requirements as well as procedures for exceptions; they identify maximum and minimum course loads; they specify responsibilities for testing and record keeping; and they include other procedures and timelines.

This item includes Gadsden, Leon, and Wakulla County school districts as well as the following charter schools: Crossroad Academy, Florida A&M University Developmental Research School, Florida State University Schools, Tallahassee Classical School, and Tallahassee Collegiate Academy.

**Funding/ Financial Implications**

Dual enrollment students pay no tuition, fees, lab, or online course fees. The school districts and charter schools pay the standard rate per credit hour, \$71.98, for students taking courses on TSC's campus, including required instructional materials. This also includes online courses. The school districts and charter schools also pay for the cost of

the instructor if the course is taught at the high school site by a TSC instructor. The school districts and charter schools are not charged tuition or instructional materials for summer enrollments. Also, school districts and charter schools do not pay tuition for students who take courses on the high school campus.

**Past Actions by the Board**

The Board annually approves the dual enrollment articulation agreements.

**Recommended Action**

Approve the 2026-2027 dual enrollment articulation agreements.

# **2026 – 2027 Dual Enrollment Articulation Agreement**

## **Gadsden County School District and Tallahassee State College**

### **Introduction**

The Dual Enrollment Articulation Agreement, as required by Section 1007.271(21), Florida Statutes, is made by and between the District Board of Trustees of Tallahassee State College, hereinafter referred to as TSC, and the District School Board of Gadsden County Schools, hereinafter referred to as the School Board. The term of this agreement shall commence upon signing and shall end July 31, 2027.

The local Articulation Committee shall consist of the following: Committee members from the School Board will be appointed by the Superintendent of the School Board or designee. Committee members from TSC will be appointed by the President of TSC or designee.

Either party may cancel this Agreement upon thirty (30) days written notice should the other party fail substantially to perform in accord with its terms through no fault of the party initiating the termination. This Agreement may be amended only by written communication signed by the Superintendent of the District School Board of Gadsden County Schools and the President of Tallahassee State College.

### **I. A ratification or modification of all existing articulation agreements**

This agreement replaces any existing agreement with TSC and the School Board regarding the Dual Enrollment Articulation Agreement existing as of the start of the term set forth above.

### **II. A description of the process by which students and their parents are informed about opportunities for student participation in the dual enrollment program**

It is the responsibility of the high schools in the district to inform students of the availability of the dual enrollment program requirements and currently offered courses through education planning and guidance process. Each high school will advertise dual enrollment through a variety of methods. High school personnel will direct students to meet with their high school counselors if they are interested in learning more about participation in dual enrollment. High school counselors will review, with the student, criteria for participation in the dual enrollment program and transportation. Parents and students are required to review and sign the district Counselor Verification and Intent to Enroll form. Information will also be available to students and parents on TSC's Dual Enrollment website. It is the responsibility of the high schools to notify parents about the option for their child to participate in dual enrollment courses through a variety of means.

### **III. A delineation of courses and programs available to students eligible to participate in dual enrollment**

Section 1007.271(1), Florida Statutes, establishes that “the dual enrollment program is the enrollment of an eligible secondary student in a postsecondary course creditable toward high school completion and a career certificate or an associate or baccalaureate degree”. A student who is enrolled in postsecondary instruction that is not creditable toward a high school diploma may not be classified as a dual enrollment student. Physical education skills courses and college preparatory instruction are not eligible for dual enrollment.

Students enrolled as dual enrollment, early admission, or career dual enrollment shall be exempt from the payment of registration, tuition, and laboratory fees. Students enrolled as dual enrollment, early admission, and career dual enrollment, will be eligible to participate in both high school and college activities as appropriate including graduation and other extracurricular activities. Participation in all college activities must be approved by the Vice President for Student Affairs.

College courses as specified in the Florida Department of Education Articulation Coordinating Committee Statewide Agreement for Dual Enrollment Courses – High School Subject Area Equivalency List are eligible for dual enrollment. This list is available upon request. Eligible courses may be taken in any format that TSC offers them unless otherwise specified in the agreement. College courses are offered on the main campus, high school campuses, and through distance learning.

#### **Early Admission Dual Enrollment**

Early admission shall be a form of dual enrollment through which eligible secondary students enroll in a postsecondary institution on a full-time basis (minimum of 12 credit hours and maximum of 15 credit hours per semester) in courses that are creditable toward the high school diploma and the associate or baccalaureate degree. Both the high school and TSC must approve early admission for a high school student each semester.

#### **Career Dual Enrollment**

Career dual enrollment is a curricular option of elective credits toward earning the high school diploma and completing a career-preparatory certificate program. Career dual enrollment is not intended to enable students to take isolated courses unrelated to a program. Both clock hour and college credit courses and programs must lead toward an approved industry certification from an Industry Certification Funding List in s. 1008.44, F.S.

Additionally, TSC and School Board will collaborate on the offering of Career and Technical Education (CTE) dual enrollment AS degree pathways and ensure seamless credit transfer and course articulation for students enrolled in CTE AS degree programs.

Both parties agree to jointly review and update the list of approved CTE programs for dual enrollment. Priority will be given to including programs that lead to industry-recognized credentials and culminate in an A.S. degree.

The School Board and College will develop strategies to promote awareness of CTE dual enrollment opportunities, particularly those leading to A.S. degrees. Strategies may include joint presentations at high schools, career fairs, and workshops for students, parents', and counselors.

Online resources and informational campaigns will be established to showcase the benefits of CTE dual enrollment A.S. Programs.

Both parties agree to establish a process for monitoring and evaluating the effectiveness of this effort expanding access to CTE dual enrollment A.S. degree programs.

Data will be collected on student participation, credit transfer rates, and program completion rates. Regular meetings will be conducted to assess progress and discuss areas for improvement.

#### **IV. A description of the process by which students and their parents exercise options to participate in the dual enrollment program**

##### **Application Process for New Dual Enrollment Students**

Students planning to participate in dual enrollment must do the following:

- Confirm they have a minimum 3.0 unweighted cumulative high school grade point average (GPA) and meets the testing requirements.
- Meet with high school counselor to discuss eligibility (see Section V) and testing options. If eligible, complete the district Counselor Verification and Intent to Enroll form.
- Complete TSC Online Application
- Complete the Permission to Register Form with your counselor. Counselors will help students choose courses that will count towards high school graduation requirements. Counselors will list the courses on the permission to register form and sign the form.
- Schedule a meeting with the TSC Dual Enrollment Advisor.
- Submit the documents below prior to or during meeting with the TSC Dual Enrollment Advisor. Documents can be emailed to the TSC Dual Enrollment Advisor or brought to the meeting.
  - Copy of test scores
  - Permission to register form
  - High school transcript (please use the FASTER system)
- During the meeting with the TSC Dual Enrollment Advisor, students will be registered for TSC courses that are listed on their Permission to Register For

### **Application Process for Continuing Dual Enrollment Students**

- Meet with high school counselor to discuss continued eligibility (see Section V) and testing options.
- Complete the Permission to Register Form with your counselor. Counselors will help students choose courses that will count towards high school graduation requirements. Counselors will list the courses on the permission to register form and sign the form.
- Schedule a meeting with the TSC Dual Enrollment Advisor.
- Submit the documents below prior to or during meeting with the TSC Dual Enrollment Advisor. Documents can be emailed to the TSC Dual Enrollment Advisor or brought to the meeting.
  - Permission to register form
- During the meeting with the TSC Dual Enrollment Advisor, students will be registered for TSC courses that are listed on their Permission to Register Form.

### **Eligibility Requirements for Early Admission Dual Enrollment**

Students must be a high school senior, have a minimum 3.5 unweighted cumulative high school GPA and meet the testing requirements outlined on page 7-9.

### **TSC Application process for Early Admission Dual Enrollment Students**

Students planning to apply for early admission must do the following:

- Meet with high school counselor to discuss eligibility and testing options. If eligible. Complete the district Counselor Verification and Intent to Enroll form.
- Complete TSC Online Application.
- Complete the Permission to Register Form with counselor. Counselors will help students choose courses that will count towards high school graduation requirements. Counselors will list the courses on the permission to register form and sign the form.
- Complete the Permission for Early Admission Form with counselor.
- Schedule a meeting with the TSC Dual Enrollment Coordinator.
- Submit the documents below prior to or during the meeting with the TSC Dual Enrollment Coordinator. Documents can be emailed to the Dual Enrollment Coordinator or brought to the meeting.
  - Copy of test scores
  - Permission to register form
  - Permission for early admission form
  - High school transcript (please use the FASTER system)

During the meeting with the TSC Dual Enrollment Advisor, students will be registered for the TSC courses that are listed on the Permission to Register Form. The TSC Dual Enrollment Coordinator is the only person allowed to register students for courses

### **Maximum Course Loads**

Traditional dual enrolled students are allowed a maximum of 11 credit hours each semester. All college courses taken must count towards high school credit.

Early admission students are allowed a minimum of 12 credit hours and maximum of 15 credit hours each semester. All college courses taken must count towards high school credit

### **Eligibility Requirements for Career Dual Enrollment**

Students must have a minimum 2.0 unweighted cumulative high school grade point average (GPA) and meet testing requirements if required for specific programs.

### **Eligibility Requirements to Continue Career Dual Enrollment**

Students must maintain a minimum 2.0 unweighted cumulative high school GPA, a minimum 2.0 TSC GPA as well as a successful dual enrollment course completion rate of 75% (C or better).

### **Schedule Changes**

Dual enrollment students must comply with the drop/add and withdrawal policies and deadlines published by TSC.

### **Adding and Dropping Classes**

To add or drop from a course(s), during drop/add period, students must provide a written request from the high school counselor verifying that the student has permission to add or drop before the Add/Drop deadline. The request must be submitted to TSC's Dual Enrollment Coordinator using the Course Adjustment Form.

### **Withdrawing from Classes**

After the drop/add period, Requests are considered by the district in extenuating circumstances. Students provide request and documentation to school counselor for district review. School Counselor and TSC Dual Enrollment Coordinator will be notified of the decision. The course withdrawal form will then be initiated by the school designee.

### **Summer Enrollment**

Students are eligible to enroll in summer courses during June Express.

Graduating high school seniors are not eligible to participate in dual enrollment during the summer. Graduating seniors who enroll in summer classes will be categorized as degree seeking college students and responsible for all instructional materials, tuition and fees assessed.

### **Weighting of Dual Enrollment Course Grades**

For districts that use a weighted grading system, s. 1007.271(8), F.S., states that "school districts and Florida College System institutions must weigh dual enrollment courses the same as advanced placement, International Baccalaureate, and Advance International Certificate of Education courses when grade point averages are calculated. Alternative grade calculation or weighting systems that discriminate against dual enrollment courses are prohibited."

### **Grade Distribution**

All grades will be reported at the conclusion of each term and accessible by the student through logging into their TSC Workday account, no more than two days after the grade submission deadline passes. Final grades will not be reported in the Canvas Learning Management System.

### Dual Enrollment Eligibility Through Testing

Students may demonstrate college readiness and qualify for dual enrollment by using a combination of the following, Reading, Writing, and Mathematics qualifying measures.

High schools must provide P.E.R.T. official score reports and P.E.R.T. test history if students plan to use high school P.E.R.T. scores.

It is the high schools' responsibility to provide P.E.R.T. for dual enrollment eligibility. TSC will work with the high schools and assist with P.E.R.T. testing for special circumstances.

Tests and Assessments		
(A score that meets or exceeds the standard score on any one of the assessments shall be accepted as demonstration of readiness for college-level work. TSC shall accept scores on a Florida public high school transcript in addition to official score reports from the issuing entity listed as an official record.) All scores must be less than 2 years old.

**V. A list of any additional initial student eligibility requirements for participation in the dual enrollment program**

The statutory eligibility requirements for academic college credit dual enrollment include: 3.0 unweighted high school GPA and demonstrated readiness for college coursework through scores on a common placement test (as established in State Board of Education Rule 6A-10.0315). The statutory eligibility requirements for **career dual enrollment** Career Certificate: 2.0 unweighted GPA.

TSC defines readiness for college-level coursework as placement into college-level Mathematics and/or English and Reading.

Students must place into ENC 1101 with their test scores to be eligible to participate in the dual enrollment program. Students may enroll in up to 12 credit hours before demonstrating college-readiness for mathematics. To continue enrollment beyond 12 credit hours, students must meet one of the measures for mathematics as outlined in *Table 1* to demonstrate college-readiness.

Students who graduate from high school before completing the postsecondary course may not register for it through dual enrollment.

Students may lose the opportunity to participate in the dual enrollment program if they are disruptive to the learning process. Procedure is outlined in TSC's Student Handbook.

**Continued Enrollment for Academic Dual Enrollment**

For continued dual enrollment eligibility, students must maintain a minimum 3.0 unweighted cumulative high school grade point average.

Additionally, the TSC GPA is reviewed each semester, and students must maintain a 2.25 TSC GPA at the time of review. They must also successfully complete at least 75% (C or better). Students may be given a one semester grace period if the TSC GPA is between a 2.00 and 2.24 GPA or completion rate is between 51 – 74%. High school students are permitted one grace period only.

Furthermore, Students, who withdraw from a course after the drop/add period, or who have been afforded a grace period, are required to meet with the counselor and parent/guardian before enrollment paperwork will be provided for the subsequent semester. Additionally, students utilizing a grace period may be subject to a reduced dual enrollment course load by one course in an effort to ensure successful matriculation at the post-secondary level.

**Early Admission Eligibility**

Students who wish to participate in early admission must be a high school senior or junior and have an unweighted high school GPA of 3.5 or higher. Additionally, students must have a TSC GPA of 3.0 or higher.

### **Continued Enrollment for Early Admission**

Students must maintain a minimum 3.5 unweighted cumulative high school GPA and a TSC GPA of 3.0.

## **VI. A delineation of the high school credit earned for the passage of dual enrollment courses**

College courses as specified in the Florida Department of Education Articulation Coordinating Committee Statewide Agreement for Dual Enrollment Courses – High School Subject Area Equivalency List are eligible for dual enrollment. This list is available at <https://www.fldoe.org/core/fileparse.php/20872/urlt/9-2.pdf> . Eligible courses may be taken in any format that TSC offers them unless otherwise specified in the Agreement.

Other courses in the Statewide Course Numbering System, apart from remedial courses and physical education skills courses, can be used for dual enrollment credit and count toward high school graduation, including electives provided these courses are specified in this agreement.

For college credit programs, postsecondary courses taken through dual enrollment for three credits or more that are part of a postsecondary career/technical program of study (College Credit Certificate, Applied Technology Diploma, Associate in Applied Science, Associate of Science) shall be awarded at least 0.5 elective credits toward high school graduation.

Section 1003.437, F.S., specifies that “For the purposes of class ranking, district school boards may exercise a weighted grading system pursuant to s. 1007.271.”

## **VII. A description of the process for informing students and their parents of college-level course expectations**

Dual enrollment courses meet the curricular expectations and are at the same depth and rigor of non-dual enrollment postsecondary instruction, including dual enrollment courses offered on the high school campus. Students should understand that dual enrollment courses are college courses and the amount of work necessary to succeed may be much greater than in high school courses. In addition, **dual enrollment courses become a part of a student’s permanent college transcript and are calculated into the student’s permanent postsecondary GPA.**

It is the responsibility of the high schools in the district to inform the students and parents about the college-level expectations. TSC will inform students and parents of college-level course expectations through a dual enrollment orientation. TSC will also inform students and parents of college-level course expectations using the course syllabus provided to each student in each college-level course at the beginning of each semester.

**VIII. The policies and procedures, if any, for determining exceptions to the required grade point averages on an individual student basis.**

Section 1007.27(3), F.S., allows exceptions to the required GPA on an individual student basis if both parties agree.

**Exceptions to High School Grade Point Average Terms:**

Upon recommendation and the submission of the Exceptions to High School GPA form, by the principal or designee, a student with an unweighted GPA of 2.75-2.99 may be allowed to enroll for a maximum of 6 hours of dual enrollment courses provided that the student has shown evidenced of ability to do advanced level work through successful completion of Advanced Placement, Honors, or other advanced courses. Continuation of dual enrollment will require satisfactory progress in all college dual enrollment courses as defined in Section V of this agreement and successful completion of all high school courses with grades no lower than “B”. Documentation must be provided to TSC’s Academic Affairs designee.

Exceptions related to serious illness or other extenuating circumstances will be reviewed on a case-by-case basis and must be approved by both the principal and TSC’s Academic Affairs designee.

TSC will provide a form to the high school that must be completed, signed, and returned to TSC before the student will be allowed to continue in the program. A rationale for the exception must be stated on the form.

Students will be given a one-semester grace period during which a review will determine continued eligibility. The grace period can only be used once during the student’s high school matriculation. Students granted eligibility under the GPA exception must meet all progression criteria moving forward to continue enrollment; the allowable grace period was used for initial eligibility.

**IX. Scheduling Modifications to Increase Access and Participation for Credit and Career Dual Enrollment Students**

In alignment with Florida Statute 1007.271(7)(g), the College and School District agree to collaborate in identifying and implementing scheduling changes that support increased access to and participation in credit and career dual enrollment opportunities. This may include, but is not limited to, flexible course scheduling, alignment of bell schedules, block scheduling, evening or weekend offerings, or hybrid/online course formats. The parties will annually review scheduling practices and barriers and will jointly develop strategies to improve participation among eligible students.

**X. Registration policies and procedures for dual enrollment courses as determined by the postsecondary institution**

Students must complete their registration form with their high school counselor. The form must be completed with all the required information about course reference numbers as well as alternate options. The completed registration form will be given to TSC's Dual Enrollment Coordinator who will register the student for courses that are available at the time the form is received. The following deadlines are established for TSC and may differ from internal deadlines of the Board.

<b><u>2026-2027 Deadlines for High Schools:</u></b>		
<b>Due Date</b>	<b>Activity</b>	<b>Responsible Party</b>
August 11, 2026	Deadline for district to submit all paperwork <u>and</u> test scores (as necessary) for enrollment in fall 2026 semester. This includes registration for courses on the high school campus.	High school
August 17, 2026	TSC First Day of Class	
August 21, 2026	Last Day to Change Schedules or <u>drop</u> students (use course adjustment form)	High school
October 27, 2026	Last Day to Withdraw a student (use withdrawal form)	High school
November 10, 2026	Deadline to make changes to course offerings at the high school for Spring 2027. Deadline to identify instructors.	High school
November 27, 2026	TSC Last Day of Class	
December 1, 2026	Deadline for district to submit paperwork for Spring 2027 (applications, test scores, permission to register forms)	High school
December 7, 2026	Deadline to submit grades to TSC	High school
December 11, 2026	TSC Transcripts will be delivered to high schools	TSC
January 6, 2027	TSC First Day of Class	
January 11, 2027	Last Day to Change Schedules or <u>drop</u> students (use course adjustment form)	High school
March 9, 2027	Deadline to Submit “Course Request for Dual Enrollment” Form for 2026-2027.	High school
March 23, 2027	Last Day to Withdraw a student	High school
April 23, 2027	TSC Last Day of Class	
May 3, 2027	Deadline to submit grades to TSC	High school
May 5, 2027	TSC transcripts will be delivered to high schools	TSC
June 11, 2027 (Noon)	Last Day for students to submit all paperwork <u>and</u> test scores (as necessary)	High school

	for enrollment in Summer 2027 June Express session	
July 16, 2027	Last Day to Withdraw a student from Summer 2027 June Express session (use withdrawal form)	High school

**Adding and Dropping Classes**  
 To add or drop from a course(s), during drop/add period, students must provide a written request from the high school counselor verifying that the student has permission to **add or drop before the Add/Drop deadline**. The request must be submitted to TSC’s Dual Enrollment Coordinator using the Course Adjustment Form.

**XI. Exceptions, if any, to professional rules and guidelines for instructors teaching dual enrollment courses**

There are no exceptions.

**XII. Exceptions, if any, to rules, guidelines, and expectations stated in the student handbook of the postsecondary institution which apply to faculty members**

Dual enrollment courses are college courses both in content and outcomes. Dual enrollment instructors must meet the teaching credentials established by the Southern Association of Colleges and Schools (SACS). Section 1007.271(5)(a), F.S., governs dual enrollment faculty. These provisions were taken from the *Dual Enrollment Statement of Standards*, which was codified in State Board of Education Rule 6A 14.064, FAC.

Faculty who plan to teach college credit courses that are offered on the high school campuses must complete a TSC Adjunct Faculty Application and all other procedures required by TSC’s Human Resources and Academic Divisions. Applicants must be recommended for hire by the appropriate Academic Dean. Faculty must also adhere to the following guidelines (Florida Statutes, 1007.271 (5a):

Meet the qualifications required by TSC as identified in the TSC Faculty Credentials Manual. The qualifications apply to all faculty members regardless of the location of instruction. TSC requires compliance with these qualifications.

1. Provide TSC with an official copy of the postsecondary transcript.
2. Provide a copy of the current syllabus for each course taught to the division dean or associate dean of the postsecondary institution before the start of each term. The content of each syllabus must meet the same standards required for all college-level courses offered at TSC and must be approved by the appropriate TSC academic division.

3. Adhere to the professional rules, guidelines, and expectations stated in TSC's adjunct faculty handbook.
4. Adhere to the rules, guidelines, and expectations (which apply to faculty members) stated in TSC's student handbook.

Dual enrollment courses taught on the high school campus must meet the same competencies required for courses taught on the TSC campus. To ensure equivalent rigor with courses taught at TSC, the high school instructor will provide a comprehensive, cumulative end-of-course assessment and a series of assessments of all expected learning outcomes to the appropriate Academic Dean or designee. The completed and scored assessments must be returned to TSC and held for one year (Florida Statutes, 1007.271 (6a)).

It is the responsibility of the high school to notify TSC's Academic Affairs designee of all courses that the high school is requesting to offer. Each high school must complete the appropriate form for each course that the high school plans to offer. Based on need and faculty availability, TSC will decide what courses can be offered on the high school campus.

Each instructor is responsible for checking their online class rosters every day to ensure the appropriate students are sitting in the class. If a student is not on the roster, the instructor should immediately notify their Academic Dean. The Academic Dean should notify TSC's dual enrollment coordinator or Academic Affairs designee.

Advanced Placement (AP) students who do not take or pass the AP examination are not permitted to earn postsecondary credit for the AP course via dual enrollment. Per Section 1007.272, Florida Statutes, no student will be allowed duplicate credit based on enrollment in a joint AP/dual enrollment course. Dual enrollment courses taught on a high school campus may not be combined with any non-college credit high school course, per Section 1007.271 (6d), Florida Statutes.

Dual enrolled students taking courses on the high school campus must submit the same documentation as the student's taking courses on TSC's main campus.

### **XIII. Responsibilities of the School Board regarding determination of student eligibility before participating in the dual enrollment program and the monitoring of student performance while participating in the dual enrollment program**

The School Board is responsible for determining if the student is eligible to be tested for the dual enrollment program. Students with a 3.0 unweighted high school grade point average and interested in participating in dual enrollment should be referred to their high school counselors to discuss the program's eligibility requirements.

The high school must inform all students who plan to participate in dual enrollment of their obligation to complete an online TSC application.

The high school is responsible for advising students relative to ensuring that they meet the requirements for high school graduation. The high school is also responsible for advising students about Bright Futures.

It is TSC's responsibility to monitor student performance in TSC's dual enrollment courses. At the fifth and ninth week of each fall and spring term, TSC will provide early alert reports to a designee of the School Board. The report will include students earning below a 75% average in dual enrollment courses. Additionally, attendance records will be included in the reporting.

The School Board and TSC should exchange student transcripts in order to ensure that students are eligible to continue in the dual enrollment program.

TSC is responsible for assigning grades for dual enrollment courses. The School Board is prohibited from changing any grade (once assigned by TSC) when posting it to the high school transcript.

#### **XIV. Responsibilities of the Florida College System institution regarding transmission of student grades in dual enrollment courses to the school district**

TSC will transmit student transcripts to the School Board at the end of each semester.

#### **XV. Responsibilities for funding that delineates costs incurred by the school district and TSC**

Dual enrollment students shall be exempt from paying registration, matriculation, and laboratory fees.

##### Textbook Costs & ADA Accommodation Costs

Textbooks will be provided to students by the School Board during both the fall and spring semesters. Textbooks will be provided by TSC during the Summer terms. Textbooks purchased by the School Board shall remain the property of the School Board as specified in Section 1007.271 (17), F.S. TSC will continue its efforts to reduce the cost of textbooks and materials to the School Board. The costs of ADA accommodations for dual enrollment students with disabilities taking courses on TSC's campus will be covered by TSC. The costs of ADA accommodations for dual enrollment students with disabilities taking courses on the high school campus will be covered by the School Board.

### Standard Tuition Rate

Per the 1007.271, F.S., the School Board is required to pay the standard tuition rate per credit hour to TSC for instruction taking place on the college campus for dual enrolled students. The approved standard tuition for FY 2026-2027 is \$71.98. The rate will be charged for courses taking place on TSC's main campus and distance learning courses.

TSC will not charge tuition to the School Board for Summer 2027 dual enrollment students. TSC also will not limit dual enrollment participation based upon capacity, F.S. 1007.271(4) in any term.

TSC will use the fees collected to enhance the dual enrollment program. TSC will promote dual enrollment participation, increase capacity, and enrich the quality of services associated with the dual enrollment program. The School Board's payment of tuition to TSC will maintain counselors available to the dual enrollment program in order to recruit more dual enrollment students and to help prepare students for transition to college, to counsel students in meta-majors and programs of study, and to track and provide feedback to students on their progress. TSC will also provide high school faculty and counselor training for dual enrollment.

### Instructional Costs

It is the responsibility of the School Board to provide full instructional costs for dual enrollment occurring on the high school site. For instruction occurring on the high school sites by college faculty, the School Board must reimburse TSC for the costs associated with the proportion of salary and benefits.

TSC cannot guarantee the availability of instructors for dual enrollment classes offered at the high school. Schools can assist TSC by recommending qualified School Board instructors for consideration for teaching dual enrollment courses offered at the high school.

TSC regularly uses high school faculty to teach both dual enrollment and regular TSC courses and incorporates training, mentoring, and assessment of these faculty into its regular adjunct program. Therefore, TSC's costs associated with instruction occurring on the high school site by TSC approved high school faculty who are paid by the School Board will be considered a normal part of TSC's obligation to its faculty for training and mentoring; no costs will be assessed.

### Invoicing for Financial Obligations

TSC will invoice the School Board for financial obligations within 21 business days of TSC's Census date which is normally after the 5<sup>th</sup> day of class each semester. A second invoice may be generated for all students who enroll in an express session if that student is not included in the main session invoice. The school district is responsible for any student who fails to withdraw after the add/drop period.

Before invoicing, each district will need to verify enrollment. Once verification has occurred, there will be no changes to the invoices.

## **XVI. Responsibilities for Student Transportation**

### **Transportation Notification for Career Dual Enrollment Students**

In accordance with Florida Statute 1007.271(7)(f), the College and the School agree to ensure that students and parents/guardians are informed of available transportation options. The School shall provide clear information regarding transportation arrangements, including eligibility, schedules, and access points, through multiple communication methods such as school websites, informational sessions, printed materials, and direct outreach during the student advising and enrollment process. This information will be made available prior to the start of each academic term in which the student is enrolled in career dual enrollment courses held at the college campus or other off-site instructional locations.

## **XVII. Responsibilities for services and resources that are available to students with disabilities who register for enrollment**

By this agreement, Section 1007.271(25), F.S., requires that the dual enrollment articulation agreement include services and resources that are available to students with disabilities who register for dual enrollment.

Tallahassee State College provides services and facilities accessible to, and usable by, all qualified students with disabilities. The college will ensure educational access by providing reasonable and appropriate accommodation for those students who provide the proper documentation. An Individual Education Program (I.E.P) filed with the student's home school will suffice as appropriate documentation to receive necessary accommodations.

TSC provides physical, academic, and program access including extended time testing, note-taking services, reader services, recorders, audio books via LearningAlly.org, e-texts, adaptive technology, math accommodations, sign language interpreters, and spelling accommodations.

**IN WITNESS WHEREOF**, the School Board of Gadsden County, Florida and The District Board of Trustees, Tallahassee State College, Florida have adopted this agreement and caused it to be executed by their respective chairs and chief executive officers, in accordance with Section 1007.271, F.S., Dual Enrollment Articulation Agreements.

# Memorandum of Understanding Tallahassee State College & Gadsden County School Board Career Dual Enrollment – Correctional Officer (5005A)

**Program start date:** August 11, 2026

**Program end date:** May 26, 2027

**Class time:** Lunch – Release (3 Hours)

**Class days:** Daily, Monday - Friday

**Class location:** Florida Public Safety Institute

**High School Credit to be Earned by the Student:** High school credit equivalency information is contained within the Dual Enrollment Courses – High School Subject Equivalency List

Student eligibility requirements:

- 2.0 high school unweighted grade point average.
- Must be at least 17 years old to start, must be at least 18 years old to complete firearms training.
- Must complete fingerprinting and background check.
- Must pass the Criminal Justice Basic Abilities Test (CJBAT).

Documents due to TSC’s Dual Enrollment Coordinator by **August 11**

- Completed TSC online application (submit online)
- High School Transcript
- Permission to register form

Documents due to TSC’s Florida Public Safety Institute by **August 11**

- Completed Fingerprint and Background Check
- Successful Completion of CJBAT

<b>Program Costs</b>	<b>Responsible for Payment</b>	<b>Due Date of Payment</b>
Tuition: \$2.67 per registered clock hour/student – total course hours 445	School District	Fall semester after the enrollment verification process.
Criminal Justice Basic Abilities Test (CJBAT) - \$35	School District	Paid when test is administered.
Fingerprinting and Background Check	Gadsden County Sherriff’s Office	The Gadsden County Sheriff’s Office has agreed to do this free of charge.
Uniform Cost \$423.08	Tallahassee State College	Upon receipt of student roster and sizes
Activity Fee \$498.00 (First Aid, Firearms, Physical Fitness, and Defensive Tactics)	School District	Fall semester after the enrollment verification process.
Transportation to and from FPSI	School District	

# 2026 – 2027 Dual Enrollment Articulation Agreement

## Leon County Schools and Tallahassee State College

### Introduction

The Dual Enrollment Articulation Agreement, as required by Section 1007.271(21), Florida Statutes, is made by and between the District Board of Trustees of Tallahassee State College, hereinafter referred to as TSC, and the District School Board of Leon County, hereinafter referred to as the School Board. The term of this agreement shall commence upon signing and shall end July 31, 2027.

The local Articulation Committee shall consist of the following: Committee members from the School Board will be appointed by the Superintendent of the School Board or designee. Committee members from TSC will be appointed by the President of TSC or designee.

Either party may cancel this Agreement upon thirty (30) days written notice should the other party fail substantially to perform in accord with its terms through no fault of the party initiating the termination. This Agreement may be amended only by written communication signed by the Superintendent of the District School Board of Leon County and the President of Tallahassee State College.

### I. A ratification or modification of all existing articulation agreements

This agreement replaces any existing agreement with TSC and the School Board regarding the Dual Enrollment Articulation Agreement existing as of the start of the term set forth above.

### II. A description of the process by which students and their parents are informed about opportunities for student participation in the dual enrollment program

It is the responsibility of the high schools in the district to inform students of the availability of the dual enrollment program requirements and currently offered courses through educational planning and guidance process. Each high school will advertise dual enrollment through a variety of methods. High school personnel will direct students to meet with their high school counselors if they are interested in learning more about participation in dual enrollment. High school counselors will review, with the student, criteria for participation in the dual enrollment program and transportation. Parents and students are required to review and sign the district Counselor Verification and Intent to Enroll form. Information will also be available to students and parents on TSC's Dual Enrollment website.

It is the responsibility of the high schools to notify parents about the option for their child to participate in dual enrollment courses through a variety of means.

### **III. A delineation of courses and programs available to students eligible to participate in dual enrollment**

Section 1007.271(1), Florida Statutes, establishes that “the dual enrollment program is the enrollment of an eligible secondary student in a postsecondary course creditable toward high school completion and a career certificate or an associate or baccalaureate degree”. A student who is enrolled in postsecondary instruction that is not creditable toward a high school diploma may not be classified as a dual enrollment student. Physical education skills courses and college preparatory instruction are not eligible for dual enrollment.

Students enrolled as dual enrollment, early admission, or career dual enrollment shall be exempt from the payment of registration, tuition, and laboratory fees. Students enrolled as dual enrollment, early admission, and career dual enrollment, will be eligible to participate in both high school and college activities as appropriate including graduation and other extracurricular activities. Participation in all college activities must be approved by the Vice President for Student Affairs.

College courses as specified in the Florida Department of Education Articulation Coordinating Committee Statewide Agreement for Dual Enrollment Courses – High School Subject Area Equivalency List are eligible for dual enrollment. This list is available upon request. Eligible courses may be taken in any format that TSC offers them unless otherwise specified in the agreement.

College courses are offered on the main campus, high school campuses, and through distance learning.

#### **Early Admission Dual Enrollment**

Early admission shall be a form of dual enrollment through which eligible secondary students enroll in a postsecondary institution on a full-time basis (minimum of 12 credit hours and maximum of 15 credit hours per semester) in courses that are creditable toward the high school diploma and the associate or baccalaureate degree. Both the high school and TSC must approve early admission for a high school student each semester.

#### **Career Dual Enrollment**

Career dual enrollment is a curricular option of elective credits toward earning the high school diploma and completing a career-preparatory certificate program (PSAV). Career dual enrollment is not intended to enable students to take isolated courses unrelated to a program. Both clock hour and college credit courses and programs must lead toward an approved industry certification from an Industry Certification Funding List in s. 1008.44, F.S.

Additionally, TSC and School Board will collaborate on the offering of Career and Technical Education (CTE) dual enrollment AS degree pathways and ensure seamless credit transfer and course articulation for students enrolled in CTE AS degree programs.

Both parties agree to jointly review and update the list of approved CTE programs for dual enrollment. Priority will be given to including programs that lead to industry-recognized credentials and culminate in an AS degree.

The School Board and College will develop strategies to promote awareness of CTE dual enrollment opportunities, particularly those leading to AS degrees. Strategies may include joint presentations at high schools, career fairs, and workshops for students, parents, and counselors.

Online resources and informational campaigns will be established to showcase the benefits of CTE dual enrollment AS Programs.

Both parties agree to establish a process for monitoring and evaluating the effectiveness of this effort in expanding access to CTE dual enrollment AS degree programs.

Data will be collected on student participation, credit transfer rates, and program completion rates. Regular meetings will be conducted to assess progress and discuss areas for improvement.

#### **IV. A description of the process by which students and their parents exercise options to participate in the dual enrollment program**

##### **Application Process for New Dual Enrollment Students**

Students planning to participate in dual enrollment must do the following:

- Confirm they have a minimum 3.0 unweighted cumulative high school grade point average (GPA) and meets the testing requirements.
- Meet with high school counselor to discuss eligibility (see Section V) and testing options. If eligible, complete the district Counselor Verification and Intent to Enroll form.
- Complete TSC Online Application
- Complete the Permission to Register Form with your counselor. Counselors will help students choose courses that will count towards high school graduation requirements. Counselors will list the courses on the permission to register form and sign the form.
- Schedule a meeting with the TSC Dual Enrollment Advisor.
- Submit the documents below prior to or during meeting with the TSC Dual Enrollment Advisor. Documents can be emailed to the TSC Dual Enrollment Advisor or brought to the meeting.
  - Copy of test scores
  - Permission to register form
  - High school transcript (please use the FASTER system)
- During the meeting with the TSC Dual Enrollment Advisor, students will be registered for TSC courses that are listed on their Permission to Register Form.

### **Application Process for Continuing Dual Enrollment Students**

- Meet with high school counselor to discuss continued eligibility (see Section V) and testing options.
- Complete the Permission to Register Form with your counselor. Counselors will help students choose courses that will count towards high school graduation requirements. Counselors will list the courses on the permission to register form and sign the form.
- Schedule a meeting with the TSC Dual Enrollment Advisor.
- Submit the documents below prior to or during meeting with the TSC Dual Enrollment Advisor. Documents can be emailed to the TSC Dual Enrollment Advisor or brought to the meeting.
  - Permission to register form
- During the meeting with the TSC Dual Enrollment Advisor, students will be registered for TSC courses that are listed on their Permission to Register Form.

### **Eligibility Requirements for Early Admission Dual Enrollment**

Students must be a high school senior, have a minimum 3.5 unweighted cumulative high school GPA and meet the testing requirements outlined on page 7-9.

### **TSC Application process for Early Admission Dual Enrollment Students**

Students planning to apply for early admission must do the following:

- Meet with high school counselor to discuss eligibility and testing options. If eligible. Complete the district Counselor Verification and Intent to Enroll form.
- Complete TSC Online Application.
- Complete the Permission to Register Form with counselor. Counselors will help students choose courses that will count towards high school graduation requirements. Counselors will list the courses on the permission to register form and sign the form.
- Complete the Permission for Early Admission Form with counselor.
- Schedule a meeting with the TSC Dual Enrollment Coordinator.
- Submit the documents below prior to or during the meeting with the TSC Dual Enrollment Coordinator. Documents can be emailed to the Dual Enrollment Coordinator or brought to the meeting.
  - Copy of test scores
  - Permission to register form
  - Permission for early admission form
  - High school transcript (please use the FASTER system)

During the meeting with the TSC Dual Enrollment Advisor, students will be registered for the TSC courses that are listed on the Permission to Register Form. The TSC Dual Enrollment Coordinator is the only person allowed to register students for courses

### **Maximum Course Loads**

Traditional dual enrolled students are allowed a maximum of 11 credit hours each semester. All college courses taken must count towards high school credit.

Early admission students are allowed a minimum of 12 credit hours and maximum of 15 credit hours each semester. All college courses taken must count towards high school credit

### **Eligibility Requirements for Career Dual Enrollment**

Students must have a minimum 2.0 unweighted cumulative high school grade point average (GPA) and meet testing requirements if required for specific programs.

### **Eligibility Requirements to Continue Career Dual Enrollment**

Students must maintain a minimum 2.0 unweighted cumulative high school GPA, a minimum 2.0 TSC GPA as well as a successful dual enrollment course completion rate of 75% (C or better).

### **Schedule Changes**

Dual enrollment students must comply with the drop/add and withdrawal policies and deadlines published by TSC.

### **Adding and Dropping Classes**

To add or drop from a course(s), during drop/add period, students must provide a written request from the high school counselor verifying that the student has permission to add or drop before the Add/Drop deadline. The request must be submitted to TSC's Dual Enrollment Coordinator using the Course Adjustment Form.

### **Withdrawing from Classes**

After the drop/add period, Requests are considered by the district in extenuating circumstances. Students provide request and documentation to school counselor for district review. School Counselor and TSC Dual Enrollment Coordinator will be notified of the decision. The course withdrawal form will then be initiated by the school designee.

### **Summer Enrollment**

Students are eligible to enroll in summer courses during June Express.

Graduating high school seniors are not eligible to participate in dual enrollment during the summer. Graduating seniors who enroll in summer classes will be categorized as degree seeking college students and responsible for all instructional materials, tuition and fees assessed.

### **Weighting of Dual Enrollment Course Grades**

For districts that use a weighted grading system, s. 1007.271(8), F.S., states that "school districts and Florida College System institutions must weigh dual enrollment courses the same as advanced placement, International Baccalaureate, and Advance International Certificate of Education courses when grade point averages are calculated. Alternative grade calculation or weighting systems that discriminate against dual enrollment courses are prohibited."

### **Grade Distribution**

All grades will be reported at the conclusion of each term and accessible by the student through logging into their TSC Workday account, no more than two days after the grade submission deadline passes. Final grades will not be reported in the Canvas Learning Management System.

### Dual Enrollment Eligibility Through Testing

Students may demonstrate college readiness and qualify for dual enrollment by using a combination of the following, Reading, Writing, and Mathematics qualifying measures.

High schools must provide P.E.R.T. official score reports and P.E.R.T. test history if students plan to use high school P.E.R.T. scores.

It is the high schools' responsibility to provide P.E.R.T. for dual enrollment eligibility. TSC will work with the high schools and assist with P.E.R.T. testing for special circumstances.

Tests and Assessments		
(A score that meets or exceeds the standard score on any one of the assessments shall be accepted as demonstration of readiness for college-level work. TSC shall accept scores on a Florida public high school transcript in addition to official score reports from the issuing entity listed as an official record.) All scores must be less than 2 years old.

**V. A list of any additional initial student eligibility requirements for participation in the dual enrollment program**

The statutory eligibility requirements for academic college credit dual enrollment include: 3.0 unweighted high school GPA and demonstrated readiness for college coursework through scores on a common placement test (as established in State Board of Education Rule 6A-10.0315). The statutory eligibility requirements for **career dual enrollment** Career Certificate: 2.0 unweighted GPA.

TSC defines readiness for college-level coursework as placement into college-level Mathematics and/or English and Reading.

Students must place into ENC 1101 with their test scores to be eligible to participate in the dual enrollment program. Students may enroll in up to 12 credit hours before demonstrating college-readiness for mathematics. To continue enrollment beyond 12 credit hours, students must meet one of the measures for mathematics as outlined in *Table 1* to demonstrate college-readiness.

Students who graduate from high school before completing the postsecondary course may not register for it through dual enrollment.

Students may lose the opportunity to participate in the dual enrollment program if they are disruptive to the learning process. Procedure is outlined in TSC's Student Handbook.

**Continued Enrollment for Academic Dual Enrollment**

For continued dual enrollment eligibility, students must maintain a minimum 3.0 unweighted cumulative high school grade point average.

Additionally, the TSC GPA is reviewed each semester, and students must maintain a 2.25 TSC GPA at the time of review. They must also successfully complete at least 75% (C or better). Students may be given a one semester grace period if the TSC GPA is between a 2.00 and 2.24 GPA or completion rate is between 51 – 74%. High school students are permitted one grace period only.

Furthermore, Students, who withdraw from a course after the drop/add period, or who have been afforded a grace period, are required to meet with the counselor and parent/guardian before enrollment paperwork will be provided for the subsequent semester. Additionally, students utilizing a grace period may be subject to a reduced dual enrollment course load by one course in an effort to ensure successful matriculation at the post-secondary level.

**Early Admission Eligibility**

Students who wish to participate in early admission must be a high school senior or junior and have an unweighted high school GPA of 3.5 or higher. Additionally, students must have a TSC GPA of 3.0 or higher.

### **Continued Enrollment for Early Admission**

Students must maintain a minimum 3.5 unweighted cumulative high school GPA and a TSC GPA of 3.0.

## **VI. A delineation of the high school credit earned for the passage of dual enrollment courses**

College courses as specified in the Florida Department of Education Articulation Coordinating Committee Statewide Agreement for Dual Enrollment Courses – High School Subject Area Equivalency List are eligible for dual enrollment. This list is available at <https://www.fldoe.org/core/fileparse.php/20872/urlt/9-2.pdf> . Eligible courses may be taken in any format that TSC offers them unless otherwise specified in the Agreement.

Other courses in the Statewide Course Numbering System, apart from remedial courses and physical education skills courses, can be used for dual enrollment credit and count toward high school graduation, including electives provided these courses are specified in this agreement.

For college credit programs, postsecondary courses taken through dual enrollment for three credits or more that are part of a postsecondary career/technical program of study (College Credit Certificate, Applied Technology Diploma, Associate in Applied Science, Associate of Science) shall be awarded at least 0.5 elective credits toward high school graduation.

Section 1003.437, F.S., specifies that “For the purposes of class ranking, district school boards may exercise a weighted grading system pursuant to s. 1007.271.”

## **VII. A description of the process for informing students and their parents of college-level course expectations**

Dual enrollment courses meet the curricular expectations and are at the same depth and rigor of non-dual enrollment postsecondary instruction, including dual enrollment courses offered on the high school campus. Students should understand that dual enrollment courses are college courses and the amount of work necessary to succeed may be much greater than in high school courses. In addition, **dual enrollment courses become a part of a student’s permanent college transcript and are calculated into the student’s permanent postsecondary GPA.**

It is the responsibility of the high schools in the district to inform the students and parents about the college-level expectations. TSC will inform students and parents of college-level course expectations through a dual enrollment orientation. TSC will also inform students and parents of college-level course expectations using the course syllabus provided to each student in each college-level course at the beginning of each semester.

**VIII. The policies and procedures, if any, for determining exceptions to the required grade point averages on an individual student basis.**

- N/A

**IX. Scheduling Modifications to Increase Access and Participation for Credit and Career Dual Enrollment Students**

In alignment with Florida Statute 1007.271(7)(g), the College and School District agree to collaborate in identifying and implementing scheduling changes that support increased access to and participation in credit and career dual enrollment opportunities. The parties will annually review scheduling practices and barriers and will jointly develop strategies to improve participation among eligible students.

**X. Registration policies and procedures for dual enrollment courses as determined by the postsecondary institution**

Students must complete their registration form with their high school counselor. The form must be completed with all the required information about course reference numbers as well as alternate options. The completed registration form will be given to TSC's Dual Enrollment Coordinator who will register the student for courses that are available at the time the form is received. The following deadlines are established for TSC and may differ from internal deadlines of the Board.

<b><u>2026-2027 Deadlines for High Schools:</u></b>		
<b>Due Date</b>	<b>Activity</b>	<b>Responsible Party</b>
August 11, 2026	Deadline for district to submit all paperwork <u>and</u> test scores (as necessary) for enrollment in fall 2026 semester. This includes registration for courses on the high school campus.	High school
August 17, 2026	TSC First Day of Class	
August 21, 2026	Last Day to Change Schedules or <u>drop</u> students (use course adjustment form)	High school
October 27, 2026	Last Day to Withdraw a student (use withdrawal form)	High school
November 10, 2026	Deadline to make changes to course offerings at the high school for Spring 2027. Deadline to identify instructors.	High school
November 27, 2026	TSC Last Day of Class	
December 1, 2026	Deadline for district to submit paperwork for Spring 2027 (applications, test scores, permission to register forms)	High school
December 7, 2026	Deadline to submit grades to TSC	High school
December 11, 2026	TSC Transcripts will be delivered to high schools	TSC
January 6, 2027	TSC First Day of Class	
January 11, 2027	Last Day to Change Schedules or <u>drop</u> students (use course adjustment form)	High school
March 9, 2027	Deadline to Submit “Course Request for Dual Enrollment” Form for 2026-2027.	High school
March 23, 2027	Last Day to Withdraw a student	High school
April 23, 2027	TSC Last Day of Class	
May 3, 2027	Deadline to submit grades to TSC	High school
May 5, 2027	TSC transcripts will be delivered to high schools	TSC
June 11, 2027 (Noon)	Last Day for students to submit all paperwork <u>and</u> test scores (as necessary)	High school

	for enrollment in Summer 2027 June Express session	
July 16, 2027	Last Day to Withdraw a student from Summer 2027 June Express session (use withdrawal form)	High school

**Adding and Dropping Classes**  
 To add or drop from a course(s), during drop/add period, students must provide a written request from the high school counselor verifying that the student has permission to **add or drop before the Add/Drop deadline**. The request must be submitted to TSC’s Dual Enrollment Coordinator using the Course Adjustment Form.

**XI. Exceptions, if any, to professional rules and guidelines for instructors teaching dual enrollment courses**

There are no exceptions.

**XII. Exceptions, if any, to rules, guidelines, and expectations stated in the student handbook of the postsecondary institution which apply to faculty members**

Dual enrollment courses are college courses both in content and outcomes. Dual enrollment instructors must meet the teaching credentials established by the Southern Association of Colleges and Schools (SACS). Section 1007.271(5)(a), F.S., governs dual enrollment faculty. These provisions were taken from the *Dual Enrollment Statement of Standards*, which was codified in State Board of Education Rule 6A 14.064, FAC.

Faculty who plan to teach college credit courses that are offered on the high school campuses must complete a TSC Adjunct Faculty Application and all other procedures required by TSC’s Human Resources and Academic Divisions. Applicants must be recommended for hire by the appropriate Academic Dean. Faculty must also adhere to the following guidelines (Florida Statutes, 1007.271 (5a):

Meet the qualifications required by TSC as identified in the TSC Faculty Credentials Manual. The qualifications apply to all faculty members regardless of the location of instruction. TSC requires compliance with these qualifications.

1. Provide TSC with an official copy of the postsecondary transcript.
2. Provide a copy of the current syllabus for each course taught to the division dean or associate dean of the postsecondary institution before the start of each term. The content of each syllabus must meet the same standards required for all college-level courses offered at TSC and must be approved by the appropriate TSC academic division.

3. Adhere to the professional rules, guidelines, and expectations stated in TSC's adjunct faculty handbook.
4. Adhere to the rules, guidelines, and expectations (which apply to faculty members) stated in TSC's student handbook.

Dual enrollment courses taught on the high school campus must meet the same competencies required for courses taught on the TSC campus. To ensure equivalent rigor with courses taught at TSC, the high school instructor will provide a comprehensive, cumulative end-of-course assessment and a series of assessments of all expected learning outcomes to the appropriate Academic Dean or designee. The completed and scored assessments must be returned to TSC and held for one year (Florida Statutes, 1007.271 (6a)).

It is the responsibility of the high school to notify TSC's Academic Affairs designee of all courses that the high school is requesting to offer. Each high school must complete the appropriate form for each course that the high school plans to offer. Based on need and faculty availability, TSC will decide what courses can be offered on the high school campus.

Each instructor is responsible for checking their online class rosters every day to ensure the appropriate students are sitting in the class. If a student is not on the roster, the instructor should immediately notify their Academic Dean. The Academic Dean should notify TSC's dual enrollment coordinator or Academic Affairs designee.

Advanced Placement (AP) students who do not take or pass the AP examination are not permitted to earn postsecondary credit for the AP course via dual enrollment. Per Section 1007.272, Florida Statutes, no student will be allowed duplicate credit based on enrollment in a joint AP/dual enrollment course. Dual enrollment courses taught on a high school campus may not be combined with any non-college credit high school course, per Section 1007.271 (6d), Florida Statutes.

Dual enrolled students taking courses on the high school campus must submit the same documentation as the student's taking courses on TSC's main campus.

### **XIII. Responsibilities of the School Board regarding determination of student eligibility before participating in the dual enrollment program and the monitoring of student performance while participating in the dual enrollment program**

The School Board is responsible for determining if the student is eligible to be tested for the dual enrollment program. Students with a 3.0 unweighted high school grade point average and interested in participating in dual enrollment should be referred to their high school counselors to discuss the program's eligibility requirements.

The high school must inform all students who plan to participate in dual enrollment of their obligation to complete an online TSC application.

The high school is responsible for advising students relative to ensuring that they meet the requirements for high school graduation. The high school is also responsible for advising students about Bright Futures.

It is TSC's responsibility to monitor student performance in TSC's dual enrollment courses. At the fifth and ninth week of each fall and spring term, TSC will provide early alert reports to a designee of the School Board. The report will include students earning below a 75% average in dual enrollment courses. Additionally, attendance records will be included in the reporting.

The School Board and TSC should exchange student transcripts in order to ensure that students are eligible to continue in the dual enrollment program.

TSC is responsible for assigning grades for dual enrollment courses. The School Board is prohibited from changing any grade (once assigned by TSC) when posting it to the high school transcript.

#### **XIV. Responsibilities of the Florida College System institution regarding transmission of student grades in dual enrollment courses to the school district**

TSC will transmit student transcripts to the School Board at the end of each semester.

#### **XV. Responsibilities for funding that delineates costs incurred by the school district and TSC**

Dual enrollment students shall be exempt from paying registration, matriculation, and laboratory fees.

##### Textbook Costs & ADA Accommodation Costs

Textbooks will be provided to students by the School Board during both the fall and spring semesters. Textbooks will be provided by TSC during the Summer terms. Textbooks purchased by the School Board shall remain the property of the School Board as specified in Section 1007.271 (17), F.S. TSC will continue its efforts to reduce the cost of textbooks and materials to the School Board. The costs of ADA accommodations for dual enrollment students with disabilities taking courses on TSC's campus will be covered by TSC. The costs of ADA accommodations for dual enrollment students with disabilities taking courses on the high school campus will be covered by the School Board.

### Standard Tuition Rate

Per the 1007.271, F.S., the School Board is required to pay the standard tuition rate per credit hour to TSC for instruction taking place on the college campus for dual enrolled students. The approved standard tuition for FY 2026-2027 is \$71.98. The rate will be charged for courses taking place on TSC's main campus and distance learning courses.

TSC will not charge tuition to the School Board for Summer 2027 dual enrollment students. TSC also will not limit dual enrollment participation based upon capacity, F.S. 1007.271(4) in any term.

TSC will use the fees collected to enhance the dual enrollment program. TSC will promote dual enrollment participation, increase capacity, and enrich the quality of services associated with the dual enrollment program. The School Board's payment of tuition to TSC will maintain counselors available to the dual enrollment program in order to recruit more dual enrollment students and to help prepare students for transition to college, to counsel students in meta-majors and programs of study, and to track and provide feedback to students on their progress. TSC will also provide high school faculty and counselor training for dual enrollment.

### Instructional Costs

It is the responsibility of the School Board to provide full instructional costs for dual enrollment occurring on the high school site. For instruction occurring on the high school sites by college faculty, the School Board must reimburse TSC for the costs associated with the proportion of salary and benefits.

TSC cannot guarantee the availability of instructors for dual enrollment classes offered at the high school. Schools can assist TSC by recommending qualified School Board instructors for consideration for teaching dual enrollment courses offered at the high school.

TSC regularly uses high school faculty to teach both dual enrollment and regular TSC courses and incorporates training, mentoring, and assessment of these faculty into its regular adjunct program. Therefore, TSC's costs associated with instruction occurring on the high school site by TSC approved high school faculty who are paid by the School Board will be considered a normal part of TSC's obligation to its faculty for training and mentoring; no costs will be assessed.

### Invoicing for Financial Obligations

TSC will invoice the School Board for financial obligations within 21 business days of TSC's Census date which is normally after the 5<sup>th</sup> day of class each semester. A second invoice may be generated for all students who enroll in an express session if that student is not included in the main session invoice. The school district is responsible for any student who fails to withdraw after the add/drop period.

Before invoicing, each district will need to verify enrollment. Once verification has occurred, there will be no changes to the invoices.

## **XVI. Responsibilities for Student Transportation**

It is the student's responsibility to provide his or her own transportation. Public transportation is available free of charge to all LCS students through a partnership with Tallahassee *STAR Metro*.

### **Transportation Notification for Career Dual Enrollment Students**

In accordance with Florida Statute 1007.271(7)(f), the College and the School agree to ensure that students and parents/guardians are informed of available transportation options. The School shall provide clear information regarding transportation arrangements, including eligibility, schedules, and access points, through multiple communication methods such as school websites, informational sessions, printed materials, and direct outreach during the student advising and enrollment process. This information will be made available prior to the start of each academic term in which the student is enrolled in career dual enrollment courses held at the college campus or other off-site instructional locations.

## **XVII. Responsibilities for services and resources that are available to students with disabilities who register for enrollment**

By this agreement, Section 1007.271(25), F.S., requires that the dual enrollment articulation agreement include services and resources that are available to students with disabilities who register for dual enrollment.

Tallahassee State College provides services and facilities accessible to, and usable by, all qualified students with disabilities. The college will ensure educational access by providing reasonable and appropriate accommodation for those students who provide the proper documentation. An Individual Education Program (I.E.P) filed with the student's home school will suffice as appropriate documentation to receive necessary accommodations.

TSC provides physical, academic, and program access including extended time testing, note-taking services, reader services, recorders, audio books via LearningAlly.org, e-texts, adaptive technology, math accommodations, sign language interpreters, and spelling accommodations.

**IN WITNESS WHEREOF**, the School Board of Leon County, Florida and The District Board of Trustees, Tallahassee State College, Florida have adopted this agreement and caused it to be executed by their respective chairs and chief executive officers, in accordance with Section 1007.271, F.S., Dual Enrollment Articulation Agreements.

## APPENDICES

**Memorandum of Understanding**  
**Tallahassee State College & Leon County School Board**  
**Career Dual Enrollment – Emergency Medical Technician Applied**  
**Technology Diploma Program (B312)**

**Program start date:** August 17, 2026

**Program end date:** May 7, 2027

**Class time:** 100 minutes (2 class periods)

**Class days:** Monday, Tuesday, Wednesday, Thursday, and Friday (clinical days may include Saturday during the Spring semester)

**Class location:** Godby High School

**Courses:** EMS1119 – Emergency Medical Technician Lecture; EMS1119L Emergency Medical Technician Lab; EMS 1431L Emergency Medical Technician Clinical

**Course Descriptions:**

**EMS1119 (7 credits)** – This course introduces the role of the emergency medical technician. It is designed to teach students to employ critical thinking skills to assess a patient scenario, create a plan of care and implement the plan. Topics include public health, anatomy and physiology, medical terminology, patient assessment, airway management, trauma, toxicological and environmental emergencies, submersion incidents, and infection control.

**EMS1119L (2 credits)** – This course involves the laboratory application of concepts and procedures studied in EMS1119.

**EMS1431L (3 credits)** – This course provides clinical application of concepts and procedures studied in EMS1119 and EMS1119L. Clinical: At least 124 clock hours per semester.

**High School Credit to be Earned by the Student:** 12 elective credits

Upon successful program completion and turning 18, students can sit for the EMT certification exam through the National Registry of Emergency Medical Technicians Certification.

Student eligibility requirements:

- Godby High School Senior
- 2.0 high school unweighted grade point average
- Attend Interest Meetings and Interviews (End of April)
- Pass a Level 2 background check.
- Pass a Drug-Screening

Documents due to TSC’s dual enrollment coordinator by **August 3, 2026**

- Completed TSC online application (submit online)
- High School Transcript
- Permission to register form
- **TSC** Career Assessment/Advising Certificate of Completion

Documents are due to the Academic Affairs Office by August 14, 2026

- Immunization Records
- TB skin test
- Flu Shot
- Background check
- Drug Screening
- Signed permission form (due in April of the student's junior year)

<b>Program Costs</b>	<b>Responsible for Payment</b>	<b>Due Date of Payment</b>
Tuition: \$863.76 per student (based on \$71.98 per credit hour)	No cost: courses are occurring on the high school campus	N/A
Instructor: \$12,000.00	TSC	N/A
Level 2 Background Check and Drug Screening: \$150 per student	School District	N/A
Student Uniforms: \$343 per student (Polo shirt, pants, belt, boots, penlight, stethoscope, safety vest, scrubs top and bottom)	School District	August 28, 2026
National Registry of Emergency Medical Technicians Certification Examination: \$104 per student	TSC	N/A

Tallahassee State College's  
Florida Public Safety Institute & Leon County School Board  
Career Dual Enrollment – Firefighter I Course (FFP 0030)**

**Program start date:** August 17, 2026

**Program end date:** May 7, 2027

**Class time:** (2) 50-minute class periods (191 Clock Hours)

**Class days:** Monday, Tuesday, Wednesday, Thursday, and Friday (two Saturday meetings are required)

**Class location:** Leon High School

**Course:** FFP 0030 – Firefighter I

**Course Description:** This course covers science of fire, breathing apparatus, ladders, hose, nozzles and fire streams. The program also includes first responder medical and awareness-level hazardous material training. Upon successful completion of the course, and a written examination, the student will receive a certificate of competency from the Bureau of Fire Standards and training as a volunteer firefighter.

**High School Credit to be Earned by the Student:**

No high school credits are earned by the student

Student eligibility requirements:

- 2.0 high school unweighted grade point average
- Pass a Level 2 background check.
- Leon High School Senior
- Attend Interest Meetings and Interviews (beginning April 13 and culminating by May 15)

Documents due to TSC's dual enrollment coordinator by **August 3, 2026**

- Completed TSC online application (submit online)
- High School Transcript
- Permission to register form
- TSC Career Assessment/Advising Certificate of Completion

Documents due to FPSI by **August 3, 2026**

- Completed FPSI application
- Copy of Birth Certificate
- Copy of Social Security Card
- Signed permission form

<b>Program Costs</b>	<b>Responsible for Payment</b>	<b>Due Date of Payment</b>
Tuition: \$509.97 per student (based on \$2.67 per clock hour)	No cost; courses are occurring on the high school campus	Fall semester after Enrollment Verification District will be invoiced
Instructor: \$6,000.00	TSC is covering the cost	
Student Uniforms: T-shirt, BDU pants, boots, gloves, protective gear	TSC is covering the cost with grant allocation	

# 2026 – 2027 Dual Enrollment Articulation Agreement

## Wakulla County School District and Tallahassee State College

### Introduction

The Dual Enrollment Articulation Agreement, as required by Section 1007.271(21), Florida Statutes, is made by and between the District Board of Trustees of Tallahassee State College, hereinafter referred to as TSC, and the District School Board of Wakulla County Schools, hereinafter referred to as the School Board. The term of this agreement shall commence upon signing and shall end July 31, 2027.

The local Articulation Committee shall consist of the following: Committee members from the School Board will be appointed by the Superintendent of the School Board or designee. Committee members from TSC will be appointed by the President of TSC or designee.

Either party may cancel this Agreement upon thirty (30) days written notice should the other party fail substantially to perform in accord with its terms through no fault of the party initiating the termination. This Agreement may be amended only by written communication signed by the Superintendent of the District School Board of Wakulla County Schools and the President of Tallahassee State College.

### I. A ratification or modification of all existing articulation agreements

This agreement replaces any existing agreement with TSC and the School Board regarding the Dual Enrollment Articulation Agreement existing as of the start of the term set forth above.

### II. A description of the process by which students and their parents are informed about opportunities for student participation in the dual enrollment program

It is the responsibility of the high schools in the district to inform students of the availability of the dual enrollment program requirements and currently offered courses through educational planning and guidance process. Each high school will advertise dual enrollment through a variety of methods. High school personnel will direct students to meet with their high school counselors if they are interested in learning more about participation in dual enrollment. High school counselors will review, with the student, criteria for participation in the dual enrollment program and transportation. Parents and students are required to review and sign the district Counselor Verification and Intent to Enroll form. Information will also be available to students and parents on TSC's Dual Enrollment website.

It is the responsibility of the high schools to notify parents about the option for their child to participate in dual enrollment courses through a variety of means.

### **III. A delineation of courses and programs available to students eligible to participate in dual enrollment**

Section 1007.271(1), Florida Statutes, establishes that “the dual enrollment program is the enrollment of an eligible secondary student in a postsecondary course creditable toward high school completion and a career certificate or an associate or baccalaureate degree”. A student who is enrolled in postsecondary instruction that is not creditable toward a high school diploma may not be classified as a dual enrollment student. Physical education skills courses and college preparatory instruction are not eligible for dual enrollment.

Students enrolled as dual enrollment, early admission, or career dual enrollment shall be exempt from the payment of registration, tuition, and laboratory fees. Students enrolled as dual enrollment, early admission, and career dual enrollment, will be eligible to participate in both high school and college activities as appropriate including graduation and other extracurricular activities. Participation in all college activities must be approved by the Vice President for Student Affairs.

College courses as specified in the Florida Department of Education Articulation Coordinating Committee Statewide Agreement for Dual Enrollment Courses – High School Subject Area Equivalency List are eligible for dual enrollment. This list is available upon request. Eligible courses may be taken in any format that TSC offers them unless otherwise specified in the agreement.

College courses are offered on the main campus, high school campuses, and through distance learning.

#### **Early Admission Dual Enrollment**

Early admission shall be a form of dual enrollment through which eligible secondary students enroll in a postsecondary institution on a full-time basis (minimum of 12 credit hours and maximum of 15 credit hours per semester) in courses that are creditable toward the high school diploma and the associate or baccalaureate degree. Both the high school and TSC must approve early admission for a high school student each semester.

#### **Career Dual Enrollment**

Career dual enrollment is a curricular option of elective credits toward earning the high school diploma and completing a career-preparatory certificate program. Career dual enrollment is not intended to enable students to take isolated courses unrelated to a program. Both clock hour and college credit courses and programs must lead toward an approved industry certification from an Industry Certification Funding List in s. 1008.44, F.S.

Additionally, TSC and School Board will collaborate on the offering of Career and Technical Education (CTE) dual enrollment AS degree pathways and ensure seamless credit transfer and course articulation for students enrolled in CTE AS degree programs.

Both parties agree to jointly review and update the list of approved CTE programs for dual enrollment. Priority will be given to including programs that lead to industry-recognized credentials and culminate in an AS degree.

The School Board and College will develop strategies to promote awareness of CTE dual enrollment opportunities, particularly those leading to AS degrees. Strategies may include joint presentations at high schools, career fairs, and workshops for students, parents, and counselors.

Online resources and informational campaigns will be established to showcase the benefits of CTE dual enrollment AS Programs.

Both parties agree to establish a process for monitoring and evaluating the effectiveness of this effort in expanding access to CTE dual enrollment AS degree programs.

Data will be collected on student participation, credit transfer rates, and program completion rates. Regular meetings will be conducted to assess progress and discuss areas for improvement.

#### **IV. A description of the process by which students and their parents exercise options to participate in the dual enrollment program**

##### **Application Process for New Dual Enrollment Students**

Students planning to participate in dual enrollment must do the following:

- Confirm they have a minimum 3.0 unweighted cumulative high school grade point average (GPA) and meets the testing requirements.
- Meet with high school counselor to discuss eligibility (see Section V) and testing options. If eligible, complete the district Counselor Verification and Intent to Enroll form.
- Complete TSC Online Application
- Complete the Permission to Register Form with your counselor. Counselors will help students choose courses that will count towards high school graduation requirements. Counselors will list the courses on the permission to register form and sign the form.
- Schedule a meeting with the TSC Dual Enrollment Advisor.
- Submit the documents below prior to or during meeting with the TSC Dual Enrollment Advisor. Documents can be emailed to the TSC Dual Enrollment Advisor or brought to the meeting.
  - Copy of test scores
  - Permission to register form
  - High school transcript (please use the FASTER system)
- During the meeting with the TSC Dual Enrollment Advisor, students will be registered for TSC courses that are listed on their Permission to Register Form.

### **Application Process for Continuing Dual Enrollment Students**

- Meet with high school counselor to discuss continued eligibility (see Section V) and testing options.
- Complete the Permission to Register Form with your counselor. Counselors will help students choose courses that will count towards high school graduation requirements. Counselors will list the courses on the permission to register form and sign the form.
- Schedule a meeting with the TSC Dual Enrollment Advisor.
- Submit the documents below prior to or during meeting with the TSC Dual Enrollment Advisor. Documents can be emailed to the TSC Dual Enrollment Advisor or brought to the meeting.
  - Permission to register form
- During the meeting with the TSC Dual Enrollment Advisor, students will be registered for TSC courses that are listed on their Permission to Register Form.

### **Eligibility Requirements for Early Admission Dual Enrollment**

Students must be a high school senior, have a minimum 3.5 unweighted cumulative high school GPA and meet the testing requirements outlined on page 7-9.

### **TSC Application process for Early Admission Dual Enrollment Students**

Students planning to apply for early admission must do the following:

- Meet with high school counselor to discuss eligibility and testing options. If eligible. Complete the district Counselor Verification and Intent to Enroll form.
- Complete TSC Online Application.
- Complete the Permission to Register Form with counselor. Counselors will help students choose courses that will count towards high school graduation requirements. Counselors will list the courses on the permission to register form and sign the form.
- Complete the Permission for Early Admission Form with counselor.
- Schedule a meeting with the TSC Dual Enrollment Coordinator.
- Submit the documents below prior to or during the meeting with the TSC Dual Enrollment Coordinator. Documents can be emailed to the Dual Enrollment Coordinator or brought to the meeting.
  - Copy of test scores
  - Permission to register form
  - Permission for early admission form
  - High school transcript (please use the FASTER system)

During the meeting with the TSC Dual Enrollment Advisor, students will be registered for the TSC courses that are listed on the Permission to Register Form. The TSC Dual Enrollment Coordinator is the only person allowed to register students for courses

### **Maximum Course Loads**

Traditional dual enrolled students are allowed a maximum of 11 credit hours each semester. All college courses taken must count towards high school credit.

Early admission students are allowed a minimum of 12 credit hours and maximum of 15 credit hours each semester. All college courses taken must count towards high school credit

### **Eligibility Requirements for Career Dual Enrollment**

Students must have a minimum 2.0 unweighted cumulative high school grade point average (GPA) and meet testing requirements if required for specific programs.

### **Eligibility Requirements to Continue Career Dual Enrollment**

Students must maintain a minimum 2.0 unweighted cumulative high school GPA, a minimum 2.0 TSC GPA as well as a successful dual enrollment course completion rate of 75% (C or better).

### **Schedule Changes**

Dual enrollment students must comply with the drop/add and withdrawal policies and deadlines published by TSC.

### **Adding and Dropping Classes**

To add or drop from a course(s), during drop/add period, students must provide a written request from the high school counselor verifying that the student has permission to add or drop before the Add/Drop deadline. The request must be submitted to TSC's Dual Enrollment Coordinator using the Course Adjustment Form.

### **Withdrawing from Classes**

After the drop/add period, Requests are considered by the district in extenuating circumstances. Students provide request and documentation to school counselor for district review. School Counselor and TSC Dual Enrollment Coordinator will be notified of the decision. The course withdrawal form will then be initiated by the school designee.

### **Summer Enrollment**

Students are eligible to enroll in summer courses during June Express.

Graduating high school seniors are not eligible to participate in dual enrollment during the summer. Graduating seniors who enroll in summer classes will be categorized as degree seeking college students and responsible for all instructional materials, tuition and fees assessed.

### **Weighting of Dual Enrollment Course Grades**

For districts that use a weighted grading system, s. 1007.271(8), F.S., states that "school districts and Florida College System institutions must weigh dual enrollment courses the same as advanced placement, International Baccalaureate, and Advance International Certificate of Education courses when grade point averages are calculated. Alternative grade calculation or weighting systems that discriminate against dual enrollment courses are prohibited."

### **Grade Distribution**

All grades will be reported at the conclusion of each term and accessible by the student through logging into their TSC Workday account, no more than two days after the grade submission deadline passes. Final grades will not be reported in the Canvas Learning Management System.

### Dual Enrollment Eligibility Through Testing

Students may demonstrate college readiness and qualify for dual enrollment by using a combination of the following, Reading, Writing, and Mathematics qualifying measures.

High schools must provide P.E.R.T. official score reports and P.E.R.T. test history if students plan to use high school P.E.R.T. scores.

It is the high schools' responsibility to provide P.E.R.T. for dual enrollment eligibility. TSC will work with the high schools and assist with P.E.R.T. testing for special circumstances.

#### Tests and Assessments

(A score that meets or exceeds the standard score on any one of the assessments shall be accepted as demonstration of readiness for college-level work. TSC shall accept scores on a Florida public high school transcript in addition to official score reports from the issuing entity listed as an official record.) All scores must be less than 2 years old.

**V. A list of any additional initial student eligibility requirements for participation in the dual enrollment program**

The statutory eligibility requirements for academic college credit dual enrollment include: 3.0 unweighted high school GPA and demonstrated readiness for college coursework through scores on a common placement test (as established in State Board of Education Rule 6A-10.0315). The statutory eligibility requirements for **career dual enrollment** Career Certificate: 2.0 unweighted GPA.

TSC defines readiness for college-level coursework as placement into college-level Mathematics and/or English and Reading.

Students must place into ENC 1101 with their test scores to be eligible to participate in the dual enrollment program. Students may enroll in up to 12 credit hours before demonstrating college-readiness for mathematics. To continue enrollment beyond 12 credit hours, students must meet one of the measures for mathematics as outlined in *Table 1* to demonstrate college-readiness.

Students who graduate from high school before completing the postsecondary course may not register for it through dual enrollment.

Students may lose the opportunity to participate in the dual enrollment program if they are disruptive to the learning process. Procedure is outlined in TSC's Student Handbook.

**Continued Enrollment for Academic Dual Enrollment**

For continued dual enrollment eligibility, students must maintain a minimum 3.0 unweighted cumulative high school grade point average.

Additionally, the TSC GPA is reviewed each semester, and students must maintain a 2.25 TSC GPA at the time of review. They must also successfully complete at least 75% (C or better). Students may be given a one semester grace period if the TSC GPA is between a 2.00 and 2.24 GPA or completion rate is between 51 – 74%. High school students are permitted one grace period only.

Furthermore, Students, who withdraw from a course after the drop/add period, or who have been afforded a grace period, are required to meet with the counselor and parent/guardian before enrollment paperwork will be provided for the subsequent semester. Additionally, students utilizing a grace period may be subject to a reduced dual enrollment course load by one course in an effort to ensure successful matriculation at the post-secondary level.

**Early Admission Eligibility**

Students who wish to participate in early admission must be a high school senior or junior and have an unweighted high school GPA of 3.5 or higher. Additionally, students must have a TSC GPA of 3.0 or higher.

### **Continued Enrollment for Early Admission**

Students must maintain a minimum 3.5 unweighted cumulative high school GPA and a TSC GPA of 3.0.

## **VI. A delineation of the high school credit earned for the passage of dual enrollment courses**

College courses as specified in the Florida Department of Education Articulation Coordinating Committee Statewide Agreement for Dual Enrollment Courses – High School Subject Area Equivalency List are eligible for dual enrollment. This list is available at <https://www.fldoe.org/core/fileparse.php/20872/urlt/9-2.pdf> . Eligible courses may be taken in any format that TSC offers them unless otherwise specified in the Agreement.

Other courses in the Statewide Course Numbering System, apart from remedial courses and physical education skills courses, can be used for dual enrollment credit and count toward high school graduation, including electives provided these courses are specified in this agreement.

For college credit programs, postsecondary courses taken through dual enrollment for three credits or more that are part of a postsecondary career/technical program of study (College Credit Certificate, Applied Technology Diploma, Associate in Applied Science, Associate of Science) shall be awarded at least 0.5 elective credits toward high school graduation.

Section 1003.437, F.S., specifies that “For the purposes of class ranking, district school boards may exercise a weighted grading system pursuant to s. 1007.271.”

## **VII. A description of the process for informing students and their parents of college-level course expectations**

Dual enrollment courses meet the curricular expectations and are at the same depth and rigor of non-dual enrollment postsecondary instruction, including dual enrollment courses offered on the high school campus. Students should understand that dual enrollment courses are college courses and the amount of work necessary to succeed may be much greater than in high school courses. In addition, **dual enrollment courses become a part of a student’s permanent college transcript and are calculated into the student’s permanent postsecondary GPA.**

It is the responsibility of the high schools in the district to inform the students and parents about the college-level expectations. TSC will inform students and parents of college-level course expectations through a dual enrollment orientation. TSC will also inform students and parents of college-level course expectations using the course syllabus provided to each student in each college-level course at the beginning of each semester.

**VIII. The policies and procedures, if any, for determining exceptions to the required grade point averages on an individual student basis.**

Section 1007.27(3), F.S., allows exceptions to the required GPA on an individual student basis if both parties agree.

**Exceptions to High School Grade Point Average Terms:**

Upon recommendation and the submission of the Exceptions to High School GPA form, by the principal or designee, a student with an unweighted GPA of 2.75-2.99 may be allowed to enroll for a maximum of 6 hours of dual enrollment courses provided that the student has shown evidenced of ability to do advanced level work through successful completion of Advanced Placement, Honors, or other advanced courses. Continuation of dual enrollment will require satisfactory progress in all college dual enrollment courses as defined in Section V of this agreement and successful completion of all high school courses with grades no lower than “B”. Documentation must be provided to TSC’s Academic Affairs designee.

Exceptions related to serious illness or other extenuating circumstances will be reviewed on a case-by-case basis and must be approved by both the principal and TSC’s Academic Affairs designee.

TSC will provide a form to the high school that must be completed, signed, and returned to TSC before the student will be allowed to continue in the program. A rationale for the exception must be stated on the form.

Students will be given a one-semester grace period during which a review will determine continued eligibility. The grace period can only be used once during the student’s high school matriculation. Students granted eligibility under the GPA exception must meet all progression criteria moving forward to continue enrollment; the allowable grace period was used for initial eligibility.

**IX. Scheduling Modifications to Increase Access and Participation for Credit and Career Dual Enrollment Students**

In alignment with Florida Statute 1007.271(7)(g), the College and School District agree to collaborate in identifying and implementing scheduling changes that support increased access to and participation in credit and career dual enrollment opportunities. This may include, but is not limited to, flexible course scheduling, alignment of bell schedules, block scheduling, evening or weekend offerings, or hybrid/online course formats. The parties will annually review scheduling practices and barriers and will jointly develop strategies to improve participation among eligible students.

**X. Registration policies and procedures for dual enrollment courses as determined by the postsecondary institution**

Students must complete their registration form with their high school counselor. The form must be completed with all the required information about course reference numbers as well as alternate options. The completed registration form will be given to TSC's Dual Enrollment Coordinator who will register the student for courses that are available at the time the form is received. The following deadlines are established for TSC and may differ from internal deadlines of the Board.

**2026-2027 Deadlines for High Schools:**

<b>Due Date</b>	<b>Activity</b>	<b>Responsible Party</b>
August 11, 2026	Deadline for district to submit all paperwork <u>and</u> test scores (as necessary) for enrollment in fall 2026 semester. This includes registration for courses on the high school campus.	High school
August 17, 2026	TSC First Day of Class	
August 21, 2026	Last Day to Change Schedules or <u>drop</u> students (use course adjustment form)	High school
October 27, 2026	Last Day to Withdraw a student (use withdrawal form)	High school
November 10, 2026	Deadline to make changes to course offerings at the high school for Spring 2027. Deadline to identify instructors.	High school
November 27, 2026	TSC Last Day of Class	
December 1, 2026	Deadline for district to submit paperwork for Spring 2027 (applications, test scores, permission to register forms)	High school
December 7, 2026	Deadline to submit grades to TSC	High school
December 11, 2026	TSC Transcripts will be delivered to high schools	TSC
January 6, 2027	TSC First Day of Class	
January 11, 2027	Last Day to Change Schedules or <u>drop</u> students (use course adjustment form)	High school
March 9, 2027	Deadline to Submit “Course Request for Dual Enrollment” Form for 2026-2027.	High school
March 23, 2027	Last Day to Withdraw a student	High school
April 23, 2027	TSC Last Day of Class	
May 3, 2027	Deadline to submit grades to TSC	High school
May 5, 2027	TSC transcripts will be delivered to high schools	TSC
June 11, 2027 (Noon)	Last Day for students to submit all paperwork <u>and</u> test scores (as necessary)	High school

	for enrollment in Summer 2027 June Express session	
July 16, 2027	Last Day to Withdraw a student from Summer 2027 June Express session (use withdrawal form)	High school

**Adding and Dropping Classes**  
 To add or drop from a course(s), during drop/add period, students must provide a written request from the high school counselor verifying that the student has permission to **add or drop before the Add/Drop deadline**. The request must be submitted to TSC’s Dual Enrollment Coordinator using the Course Adjustment Form.

**XI. Exceptions, if any, to professional rules and guidelines for instructors teaching dual enrollment courses**

There are no exceptions.

**XII. Exceptions, if any, to rules, guidelines, and expectations stated in the student handbook of the postsecondary institution which apply to faculty members**

Dual enrollment courses are college courses both in content and outcomes. Dual enrollment instructors must meet the teaching credentials established by the Southern Association of Colleges and Schools (SACS). Section 1007.271(5)(a), F.S., governs dual enrollment faculty. These provisions were taken from the *Dual Enrollment Statement of Standards*, which was codified in State Board of Education Rule 6A 14.064, FAC.

Faculty who plan to teach college credit courses that are offered on the high school campuses must complete a TSC Adjunct Faculty Application and all other procedures required by TSC’s Human Resources and Academic Divisions. Applicants must be recommended for hire by the appropriate Academic Dean. Faculty must also adhere to the following guidelines (Florida Statutes, 1007.271 (5a):

Meet the qualifications required by TSC as identified in the TSC Faculty Credentials Manual. The qualifications apply to all faculty members regardless of the location of instruction. TSC requires compliance with these qualifications.

1. Provide TSC with an official copy of the postsecondary transcript.
2. Provide a copy of the current syllabus for each course taught to the division dean or associate dean of the postsecondary institution before the start of each term. The content of each syllabus must meet the same standards required for all college-level courses offered at TSC and must be approved by the appropriate TSC academic division.

3. Adhere to the professional rules, guidelines, and expectations stated in TSC's adjunct faculty handbook.
4. Adhere to the rules, guidelines, and expectations (which apply to faculty members) stated in TSC's student handbook.

Dual enrollment courses taught on the high school campus must meet the same competencies required for courses taught on the TSC campus. To ensure equivalent rigor with courses taught at TSC, the high school instructor will provide a comprehensive, cumulative end-of-course assessment and a series of assessments of all expected learning outcomes to the appropriate Academic Dean or designee. The completed and scored assessments must be returned to TSC and held for one year (Florida Statutes, 1007.271 (6a)).

It is the responsibility of the high school to notify TSC's Academic Affairs designee of all courses that the high school is requesting to offer. Each high school must complete the appropriate form for each course that the high school plans to offer. Based on need and faculty availability, TSC will decide what courses can be offered on the high school campus.

Each instructor is responsible for checking their online class rosters every day to ensure the appropriate students are sitting in the class. If a student is not on the roster, the instructor should immediately notify their Academic Dean. The Academic Dean should notify TSC's dual enrollment coordinator or Academic Affairs designee.

Advanced Placement (AP) students who do not take or pass the AP examination are not permitted to earn postsecondary credit for the AP course via dual enrollment. Per Section 1007.272, Florida Statutes, no student will be allowed duplicate credit based on enrollment in a joint AP/dual enrollment course. Dual enrollment courses taught on a high school campus may not be combined with any non-college credit high school course, per Section 1007.271 (6d), Florida Statutes.

Dual enrolled students taking courses on the high school campus must submit the same documentation as the student's taking courses on TSC's main campus.

### **XIII. Responsibilities of the School Board regarding determination of student eligibility before participating in the dual enrollment program and the monitoring of student performance while participating in the dual enrollment program**

The School Board is responsible for determining if the student is eligible to be tested for the dual enrollment program. Students with a 3.0 unweighted high school grade point average and interested in participating in dual enrollment should be referred to their high school counselors to discuss the program's eligibility requirements.

The high school must inform all students who plan to participate in dual enrollment of their obligation to complete an online TSC application.

The high school is responsible for advising students relative to ensuring that they meet the requirements for high school graduation. The high school is also responsible for advising students about Bright Futures.

It is TSC's responsibility to monitor student performance in TSC's dual enrollment courses. At the fifth and ninth week of each fall and spring term, TSC will provide early alert reports to a designee of the School Board. The report will include students earning below a 75% average in dual enrollment courses. Additionally, attendance records will be included in the reporting.

The School Board and TSC should exchange student transcripts in order to ensure that students are eligible to continue in the dual enrollment program.

TSC is responsible for assigning grades for dual enrollment courses. The School Board is prohibited from changing any grade (once assigned by TSC) when posting it to the high school transcript.

#### **XIV. Responsibilities of the Florida College System institution regarding transmission of student grades in dual enrollment courses to the school district**

TSC will transmit student transcripts to the School Board at the end of each semester.

#### **XV. Responsibilities for funding that delineates costs incurred by the school district and TSC**

Dual enrollment students shall be exempt from paying registration, matriculation, and laboratory fees.

##### Textbook Costs & ADA Accommodation Costs

Textbooks will be provided to students by the School Board during both the fall and spring semesters. Textbooks will be provided by TSC during the Summer terms. Textbooks purchased by the School Board shall remain the property of the School Board as specified in Section 1007.271 (17), F.S. TSC will continue its efforts to reduce the cost of textbooks and materials to the School Board. The costs of ADA accommodations for dual enrollment students with disabilities taking courses on TSC's campus will be covered by TSC. The costs of ADA accommodations for dual enrollment students with disabilities taking courses on the high school campus will be covered by the School Board.

### Standard Tuition Rate

Per the 1007.271, F.S., the School Board is required to pay the standard tuition rate per credit hour to TSC for instruction taking place on the college campus for dual enrolled students. The approved standard tuition for FY 2026-2027 is \$71.98. The rate will be charged for courses taking place on TSC's main campus and distance learning courses.

TSC will not charge tuition to the School Board for Summer 2027 dual enrollment students. TSC also will not limit dual enrollment participation based upon capacity, F.S. 1007.271(4) in any term.

TSC will use the fees collected to enhance the dual enrollment program. TSC will promote dual enrollment participation, increase capacity, and enrich the quality of services associated with the dual enrollment program. The School Board's payment of tuition to TSC will maintain counselors available to the dual enrollment program in order to recruit more dual enrollment students and to help prepare students for transition to college, to counsel students in meta-majors and programs of study, and to track and provide feedback to students on their progress. TSC will also provide high school faculty and counselor training for dual enrollment.

### Instructional Costs

It is the responsibility of the School Board to provide full instructional costs for dual enrollment occurring on the high school site. For instruction occurring on the high school sites by college faculty, the School Board must reimburse TSC for the costs associated with the proportion of salary and benefits.

TSC cannot guarantee the availability of instructors for dual enrollment classes offered at the high school. Schools can assist TSC by recommending qualified School Board instructors for consideration for teaching dual enrollment courses offered at the high school.

TSC regularly uses high school faculty to teach both dual enrollment and regular TSC courses and incorporates training, mentoring, and assessment of these faculty into its regular adjunct program. Therefore, TSC's costs associated with instruction occurring on the high school site by TSC approved high school faculty who are paid by the School Board will be considered a normal part of TSC's obligation to its faculty for training and mentoring; no costs will be assessed.

### Invoicing for Financial Obligations

TSC will invoice the School Board for financial obligations within 21 business days of TSC's Census date which is normally after the 5<sup>th</sup> day of class each semester. A second invoice may be generated for all students who enroll in an express session if that student is not included in the main session invoice. The school district is responsible for any student who fails to withdraw after the add/drop period.

Before invoicing, each district will need to verify enrollment. Once verification has occurred, there will be no changes to the invoices.

## **XVI. Responsibilities for Student Transportation**

### **Transportation Notification for Career Dual Enrollment Students**

In accordance with Florida Statute 1007.271(7)(f), the College and the School agree to ensure that students and parents/guardians are informed of available transportation options. The School shall provide clear information regarding transportation arrangements, including eligibility, schedules, and access points, through multiple communication methods such as school websites, informational sessions, printed materials, and direct outreach during the student advising and enrollment process. This information will be made available prior to the start of each academic term in which the student is enrolled in career dual enrollment courses held at the college campus or other off-site instructional locations.

## **XVII. Responsibilities for services and resources that are available to students with disabilities who register for enrollment**

By this agreement, Section 1007.271(25), F.S., requires that the dual enrollment articulation agreement include services and resources that are available to students with disabilities who register for dual enrollment.

Tallahassee State College provides services and facilities accessible to, and usable by, all qualified students with disabilities. The college will ensure educational access by providing reasonable and appropriate accommodation for those students who provide the proper documentation. An Individual Education Program (I.E.P) filed with the student's home school will suffice as appropriate documentation to receive necessary accommodations.

TSC provides physical, academic, and program access including extended time testing, note-taking services, reader services, recorders, audio books via LearningAlly.org, e-texts, adaptive technology, math accommodations, sign language interpreters, and spelling accommodations.

**IN WITNESS WHEREOF**, the School Board of Wakulla County, Florida and The District Board of Trustees, Tallahassee State College, Florida have adopted this agreement and caused it to be executed by their respective chairs and chief executive officers, in accordance with Section 1007.271, F.S., Dual Enrollment Articulation Agreements.

## APPENDICES

**Memorandum of Understanding  
Tallahassee State College  
& Wakulla County School Board  
Career Dual Enrollment – Commercial Vehicle Driving Career  
Certificate Program (5029A)**

**Program start date:** January 2027

**Program end date:** May 2027

**Class time:** 8:00am – 12:00pm

**Class days:** Mondays – Fridays

**Class location:** Tallahassee State College – Transportation and Logistics Center, student responsible for own transportation

**High School Credit to be Earned by the Student:** High school credit equivalency information is contained within the Dual Enrollment Courses – High School Subject Equivalency List

Student eligibility requirements:

- 2.0 high school unweighted grade point average
- Must be at least 18 years of age at the start of the program
- Have a Department of Transportation (DOT) Medical Card (Physical Exam)
- Have a clean driving record
- Pass drug screening

Documents due to TSC’s Dual Enrollment Coordinator by **December 2026**

- Completed TSC online application (submit online)
- High School Transcript
- Permission to register form

Documents due to TSC’s Director of Continuing Workforce Education by **December 2026**

- Completed Workforce application
- Department of Transportation (DOT) Medical Card (Physical Exam)
- Driving record
- Drug screening results

<b>Program Costs</b>	<b>Responsible for Payment</b>	<b>Due Date of Payment</b>
Tuition: \$2.67 per registered clock hour/student	School District	Fall and spring semesters: After the enrollment verification period, the district will be invoiced.
Instructional Materials Fee \$550.00	Student fees for the Firefighter career dual enrollment programs are covered by the CAP (Career and Professional Education) Grant for the 26-27 academic year. This grant provides coverage for student fees related to eligible programs reducing the financial impact on local school districts making it easier for students to participate in career dual enrollment opportunities and gain valuable career skills while still in high school.

		District will be invoiced
Student Uniforms (\$80)	School District	Fall semester after Enrollment Verification District will be invoiced

# 2026 – 2027 Dual Enrollment Articulation Agreement

## Crossroad Academy and Tallahassee State College

### Introduction

The Dual Enrollment Articulation Agreement, as required by Section 1007.271(21), Florida Statutes, is made by and between the District Board of Trustees of Tallahassee State College, hereinafter referred to as TSC, and the District School Board of Crossroad Academy, hereinafter referred to as the School Board. The term of this agreement shall commence upon signing and shall end July 31, 2027.

The local Articulation Committee shall consist of the following: Committee members from the School Board will be appointed by the Superintendent of the School Board or designee. Committee members from TSC will be appointed by the President of TSC or designee.

Either party may cancel this Agreement upon thirty (30) days written notice should the other party fail substantially to perform in accord with its terms through no fault of the party initiating the termination. This Agreement may be amended only by written communication signed by the Superintendent of the District School Board of Crossroad Academy and the President of Tallahassee State College.

### I. A ratification or modification of all existing articulation agreements

This agreement replaces any existing agreement with TSC and the School Board regarding the Dual Enrollment Articulation Agreement existing as of the start of the term set forth above.

### II. A description of the process by which students and their parents are informed about opportunities for student participation in the dual enrollment program

It is the responsibility of the high schools in the district to inform students of the availability of the dual enrollment program requirements and currently offered courses through educational planning and guidance process. Each high school will advertise dual enrollment through a variety of methods. High school personnel will direct students to meet with their high school counselors if they are interested in learning more about participation in dual enrollment. High school counselors will review, with the student, criteria for participation in the dual enrollment program and transportation. Parents and students are required to review and sign the district Counselor Verification and Intent to Enroll form. Information will also be available to students and parents on TSC's Dual Enrollment website.

It is the responsibility of the high schools to notify parents about the option for their child to participate in dual enrollment courses through a variety of means.

### **III. A delineation of courses and programs available to students eligible to participate in dual enrollment**

Section 1007.271(1), Florida Statutes, establishes that “the dual enrollment program is the enrollment of an eligible secondary student in a postsecondary course creditable toward high school completion and a career certificate or an associate or baccalaureate degree”. A student who is enrolled in postsecondary instruction that is not creditable toward a high school diploma may not be classified as a dual enrollment student. Physical education skills courses and college preparatory instruction are not eligible for dual enrollment.

Students enrolled as dual enrollment, early admission, or career dual enrollment shall be exempt from the payment of registration, tuition, and laboratory fees. Students enrolled as dual enrollment, early admission, and career dual enrollment, will be eligible to participate in both high school and college activities as appropriate including graduation and other extracurricular activities. Participation in all college activities must be approved by the Vice President for Student Affairs.

College courses as specified in the Florida Department of Education Articulation Coordinating Committee Statewide Agreement for Dual Enrollment Courses – High School Subject Area Equivalency List are eligible for dual enrollment. This list is available upon request. Eligible courses may be taken in any format that TSC offers them unless otherwise specified in the agreement.

College courses are offered on the main campus, high school campuses, and through distance learning.

#### **Early Admission Dual Enrollment**

Early admission shall be a form of dual enrollment through which eligible secondary students enroll in a postsecondary institution on a full-time basis (minimum of 12 credit hours and maximum of 15 credit hours per semester) in courses that are creditable toward the high school diploma and the associate or baccalaureate degree. Both the high school and TSC must approve early admission for a high school student each semester.

#### **Career Dual Enrollment**

Career dual enrollment is a curricular option of elective credits toward earning the high school diploma and completing a career-preparatory certificate program. Career dual enrollment is not intended to enable students to take isolated courses unrelated to a program. Both clock hour and college credit courses and programs must lead toward an approved industry certification from an Industry Certification Funding List in s. 1008.44, F.S.

Additionally, TSC and School Board will collaborate on the offering of Career and Technical Education (CTE) dual enrollment AS degree pathways and ensure seamless credit transfer and course articulation for students enrolled in CTE AS degree programs.

Both parties agree to jointly review and update the list of approved CTE programs for dual enrollment. Priority will be given to including programs that lead to industry-recognized credentials and culminate in an AS degree.

The School Board and College will develop strategies to promote awareness of CTE dual enrollment opportunities, particularly those leading to AS degrees. Strategies may include joint presentations at high schools, career fairs, and workshops for students, parents, and counselors.

Online resources and informational campaigns will be established to showcase the benefits of CTE dual enrollment AS Programs.

Both parties agree to establish a process for monitoring and evaluating the effectiveness of this effort in expanding access to CTE dual enrollment AS degree programs.

Data will be collected on student participation, credit transfer rates, and program completion rates. Regular meetings will be conducted to assess progress and discuss areas for improvement.

#### **IV. A description of the process by which students and their parents exercise options to participate in the dual enrollment program**

##### **Application Process for New Dual Enrollment Students**

Students planning to participate in dual enrollment must do the following:

- Confirm they have a minimum 3.0 unweighted cumulative high school grade point average (GPA) and meets the testing requirements.
- Meet with high school counselor to discuss eligibility (see Section V) and testing options. If eligible, complete the district Counselor Verification and Intent to Enroll form.
- Complete TSC Online Application
- Complete the Permission to Register Form with your counselor. Counselors will help students choose courses that will count towards high school graduation requirements. Counselors will list the courses on the permission to register form and sign the form.
- Schedule a meeting with the TSC Dual Enrollment Advisor.
- Submit the documents below prior to or during meeting with the TSC Dual Enrollment Advisor. Documents can be emailed to the TSC Dual Enrollment Advisor or brought to the meeting.
  - Copy of test scores
  - Permission to register form
  - High school transcript (please use the FASTER system)
- During the meeting with the TSC Dual Enrollment Advisor, students will be registered for TSC courses that are listed on their Permission to Register Form.

### **Application Process for Continuing Dual Enrollment Students**

- Meet with high school counselor to discuss continued eligibility (see Section V) and testing options.
- Complete the Permission to Register Form with your counselor. Counselors will help students choose courses that will count towards high school graduation requirements. Counselors will list the courses on the permission to register form and sign the form.
- Schedule a meeting with the TSC Dual Enrollment Advisor.
- Submit the documents below prior to or during meeting with the TSC Dual Enrollment Advisor. Documents can be emailed to the TSC Dual Enrollment Advisor or brought to the meeting.
  - Permission to register form
- During the meeting with the TSC Dual Enrollment Advisor, students will be registered for TSC courses that are listed on their Permission to Register Form.

### **Eligibility Requirements for Early Admission Dual Enrollment**

Students must be a high school senior, have a minimum 3.5 unweighted cumulative high school GPA and meet the testing requirements outlined on page 7-9.

### **TSC Application process for Early Admission Dual Enrollment Students**

Students planning to apply for early admission must do the following:

- Meet with high school counselor to discuss eligibility and testing options. If eligible. Complete the district Counselor Verification and Intent to Enroll form.
- Complete TSC Online Application.
- Complete the Permission to Register Form with counselor. Counselors will help students choose courses that will count towards high school graduation requirements. Counselors will list the courses on the permission to register form and sign the form.
- Complete the Permission for Early Admission Form with counselor.
- Schedule a meeting with the TSC Dual Enrollment Coordinator.
- Submit the documents below prior to or during the meeting with the TSC Dual Enrollment Coordinator. Documents can be emailed to the Dual Enrollment Coordinator or brought to the meeting.
  - Copy of test scores
  - Permission to register form
  - Permission for early admission form
  - High school transcript (please use the FASTER system)

During the meeting with the TSC Dual Enrollment Advisor, students will be registered for the TSC courses that are listed on the Permission to Register Form. The TSC Dual Enrollment Coordinator is the only person allowed to register students for courses

### **Maximum Course Loads**

Traditional dual enrolled students are allowed a maximum of 11 credit hours each semester. All college courses taken must count towards high school credit.

Early admission students are allowed a minimum of 12 credit hours and maximum of 15 credit hours each semester. All college courses taken must count towards high school credit

### **Eligibility Requirements for Career Dual Enrollment**

Students must have a minimum 2.0 unweighted cumulative high school grade point average (GPA) and meet testing requirements if required for specific programs.

### **Eligibility Requirements to Continue Career Dual Enrollment**

Students must maintain a minimum 2.0 unweighted cumulative high school GPA, a minimum 2.0 TSC GPA as well as a successful dual enrollment course completion rate of 75% (C or better).

### **Schedule Changes**

Dual enrollment students must comply with the drop/add and withdrawal policies and deadlines published by TSC.

### **Adding and Dropping Classes**

To add or drop from a course(s), during drop/add period, students must provide a written request from the high school counselor verifying that the student has permission to add or drop before the Add/Drop deadline. The request must be submitted to TSC's Dual Enrollment Coordinator using the Course Adjustment Form.

### **Withdrawing from Classes**

After the drop/add period, Requests are considered by the district in extenuating circumstances. Students provide request and documentation to school counselor for district review. School Counselor and TSC Dual Enrollment Coordinator will be notified of the decision. The course withdrawal form will then be initiated by the school designee.

### **Summer Enrollment**

Students are eligible to enroll in summer courses during June Express.

Graduating high school seniors are not eligible to participate in dual enrollment during the summer. Graduating seniors who enroll in summer classes will be categorized as degree seeking college students and responsible for all instructional materials, tuition and fees assessed.

### **Weighting of Dual Enrollment Course Grades**

For districts that use a weighted grading system, s. 1007.271(8), F.S., states that "school districts and Florida College System institutions must weigh dual enrollment courses the same as advanced placement, International Baccalaureate, and Advance International Certificate of Education courses when grade point averages are calculated. Alternative grade calculation or weighting systems that discriminate against dual enrollment courses are prohibited."

### **Grade Distribution**

All grades will be reported at the conclusion of each term and accessible by the student through logging into their TSC Workday account, no more than two days after the grade submission deadline passes. Final grades will not be reported in the Canvas Learning Management System.

### Dual Enrollment Eligibility Through Testing

Students may demonstrate college readiness and qualify for dual enrollment by using a combination of the following, Reading, Writing, and Mathematics qualifying measures.

High schools must provide P.E.R.T. official score reports and P.E.R.T. test history if students plan to use high school P.E.R.T. scores.

It is the high schools' responsibility to provide P.E.R.T. for dual enrollment eligibility. TSC will work with the high schools and assist with P.E.R.T. testing for special circumstances.

Tests and Assessments		
(A score that meets or exceeds the standard score on any one of the assessments shall be accepted as demonstration of readiness for college-level work. TSC shall accept scores on a Florida public high school transcript in addition to official score reports from the issuing entity listed as an official record.) All scores must be less than 2 years old.

**V. A list of any additional initial student eligibility requirements for participation in the dual enrollment program**

The statutory eligibility requirements for academic college credit dual enrollment include: 3.0 unweighted high school GPA and demonstrated readiness for college coursework through scores on a common placement test (as established in State Board of Education Rule 6A-10.0315). The statutory eligibility requirements for **career dual enrollment** Career Certificate: 2.0 unweighted GPA.

TSC defines readiness for college-level coursework as placement into college-level Mathematics and/or English and Reading.

Students must place into ENC 1101 with their test scores to be eligible to participate in the dual enrollment program. Students may enroll in up to 12 credit hours before demonstrating college-readiness for mathematics. To continue enrollment beyond 12 credit hours, students must meet one of the measures for mathematics as outlined in *Table 1* to demonstrate college-readiness.

Students who graduate from high school before completing the postsecondary course may not register for it through dual enrollment.

Students may lose the opportunity to participate in the dual enrollment program if they are disruptive to the learning process. Procedure is outlined in TSC's Student Handbook.

**Continued Enrollment for Academic Dual Enrollment**

For continued dual enrollment eligibility, students must maintain a minimum 3.0 unweighted cumulative high school grade point average.

Additionally, the TSC GPA is reviewed each semester, and students must maintain a 2.25 TSC GPA at the time of review. They must also successfully complete at least 75% (C or better). Students may be given a one semester grace period if the TSC GPA is between a 2.00 and 2.24 GPA or completion rate is between 51 – 74%. High school students are permitted one grace period only.

Furthermore, Students, who withdraw from a course after the drop/add period, or who have been afforded a grace period, are required to meet with the counselor and parent/guardian before enrollment paperwork will be provided for the subsequent semester. Additionally, students utilizing a grace period may be subject to a reduced dual enrollment course load by one course in an effort to ensure successful matriculation at the post-secondary level.

**Early Admission Eligibility**

Students who wish to participate in early admission must be a high school senior or junior and have an unweighted high school GPA of 3.5 or higher. Additionally, students must have a TSC GPA of 3.0 or higher.

**Continued Enrollment for Early Admission**

Students must maintain a minimum 3.5 unweighted cumulative high school GPA and a TSC GPA of 3.0.

**VI. A delineation of the high school credit earned for the passage of dual enrollment courses**

College courses as specified in the Florida Department of Education Articulation Coordinating Committee Statewide Agreement for Dual Enrollment Courses – High School Subject Area Equivalency List are eligible for dual enrollment. This list is available at <https://www.fldoe.org/core/fileparse.php/20872/urlt/9-2.pdf> . Eligible courses may be taken in any format that TSC offers them unless otherwise specified in the Agreement.

Other courses in the Statewide Course Numbering System, apart from remedial courses and physical education skills courses, can be used for dual enrollment credit and count toward high school graduation, including electives provided these courses are specified in this agreement.

For college credit programs, postsecondary courses taken through dual enrollment for three credits or more that are part of a postsecondary career/technical program of study (College Credit Certificate, Applied Technology Diploma, Associate in Applied Science, Associate of Science) shall be awarded at least 0.5 elective credits toward high school graduation.

Section 1003.437, F.S., specifies that “For the purposes of class ranking, district school boards may exercise a weighted grading system pursuant to s. 1007.271.”

**VII. A description of the process for informing students and their parents of college-level course expectations**

Dual enrollment courses meet the curricular expectations and are at the same depth and rigor of non-dual enrollment postsecondary instruction, including dual enrollment courses offered on the high school campus. Students should understand that dual enrollment courses are college courses and the amount of work necessary to succeed may be much greater than in high school courses. In addition, **dual enrollment courses become a part of a student’s permanent college transcript and are calculated into the student’s permanent postsecondary GPA.**

It is the responsibility of the high schools in the district to inform the students and parents about the college-level expectations. TSC will inform students and parents of college-level course expectations through a dual enrollment orientation. TSC will also inform students and parents of college-level course expectations using the course syllabus provided to each student in each college-level course at the beginning of each semester.

**VIII. The policies and procedures, if any, for determining exceptions to the required grade point averages on an individual student basis.**

Section 1007.27(3), F.S., allows exceptions to the required GPA on an individual student basis if both parties agree.

**Exceptions to High School Grade Point Average Terms:**

Upon recommendation and the submission of the Exceptions to High School GPA form, by the principal or designee, a student with an unweighted GPA of 2.75-2.99 may be allowed to enroll for a maximum of 6 hours of dual enrollment courses provided that the student has shown evidenced of ability to do advanced level work through successful completion of Advanced Placement, Honors, or other advanced courses. Continuation of dual enrollment will require satisfactory progress in all college dual enrollment courses as defined in Section V of this agreement and successful completion of all high school courses with grades no lower than “B”. Documentation must be provided to TSC’s Academic Affairs designee.

Exceptions related to serious illness or other extenuating circumstances will be reviewed on a case-by-case basis and must be approved by both the principal and TSC’s Academic Affairs designee.

TSC will provide a form to the high school that must be completed, signed, and returned to TSC before the student will be allowed to continue in the program. A rationale for the exception must be stated on the form.

Students will be given a one-semester grace period during which a review will determine continued eligibility. The grace period can only be used once during the student’s high school matriculation. Students granted eligibility under the GPA exception must meet all progression criteria moving forward to continue enrollment; the allowable grace period was used for initial eligibility.

**IX. Scheduling Modifications to Increase Access and Participation for Credit and Career Dual Enrollment Students**

In alignment with Florida Statute 1007.271(7)(g), the College and School District agree to collaborate in identifying and implementing scheduling changes that support increased access to and participation in credit and career dual enrollment opportunities. This may include, but is not limited to, flexible course scheduling, alignment of bell schedules, block scheduling, evening or weekend offerings, or hybrid/online course formats. The parties will annually review scheduling practices and barriers and will jointly develop strategies to improve participation among eligible students.

**X. Registration policies and procedures for dual enrollment courses as determined by the postsecondary institution**

Students must complete their registration form with their high school counselor. The form must be completed with all the required information about course reference numbers as well as alternate options. The completed registration form will be given to TSC's Dual Enrollment Coordinator who will register the student for courses that are available at the time the form is received. The following deadlines are established for TSC and may differ from internal deadlines of the Board.

<b><u>2026-2027 Deadlines for High Schools:</u></b>		
<b>Due Date</b>	<b>Activity</b>	<b>Responsible Party</b>
August 11, 2026	Deadline for district to submit all paperwork <u>and</u> test scores (as necessary) for enrollment in fall 2026 semester. This includes registration for courses on the high school campus.	High school
August 17, 2026	TSC First Day of Class	
August 21, 2026	Last Day to Change Schedules or <u>drop</u> students (use course adjustment form)	High school
October 27, 2026	Last Day to Withdraw a student (use withdrawal form)	High school
November 10, 2026	Deadline to make changes to course offerings at the high school for Spring 2027. Deadline to identify instructors.	High school
November 27, 2026	TSC Last Day of Class	
December 1, 2026	Deadline for district to submit paperwork for Spring 2027 (applications, test scores, permission to register forms)	High school
December 7, 2026	Deadline to submit grades to TSC	High school
December 11, 2026	TSC Transcripts will be delivered to high schools	TSC
January 6, 2027	TSC First Day of Class	
January 11, 2027	Last Day to Change Schedules or <u>drop</u> students (use course adjustment form)	High school
March 9, 2027	Deadline to Submit “Course Request for Dual Enrollment” Form for 2026-2027.	High school
March 23, 2027	Last Day to Withdraw a student	High school
April 23, 2027	TSC Last Day of Class	
May 3, 2027	Deadline to submit grades to TSC	High school
May 5, 2027	TSC transcripts will be delivered to high schools	TSC
June 11, 2027 (Noon)	Last Day for students to submit all paperwork <u>and</u> test scores (as necessary)	High school

	for enrollment in Summer 2027 June Express session	
July 16, 2027	Last Day to Withdraw a student from Summer 2027 June Express session (use withdrawal form)	High school

**Adding and Dropping Classes**  
 To add or drop from a course(s), during drop/add period, students must provide a written request from the high school counselor verifying that the student has permission to **add or drop before the Add/Drop deadline**. The request must be submitted to TSC’s Dual Enrollment Coordinator using the Course Adjustment Form.

**XI. Exceptions, if any, to professional rules and guidelines for instructors teaching dual enrollment courses**

There are no exceptions.

**XII. Exceptions, if any, to rules, guidelines, and expectations stated in the student handbook of the postsecondary institution which apply to faculty members**

Dual enrollment courses are college courses both in content and outcomes. Dual enrollment instructors must meet the teaching credentials established by the Southern Association of Colleges and Schools (SACS). Section 1007.271(5)(a), F.S., governs dual enrollment faculty. These provisions were taken from the *Dual Enrollment Statement of Standards*, which was codified in State Board of Education Rule 6A 14.064, FAC.

Faculty who plan to teach college credit courses that are offered on the high school campuses must complete a TSC Adjunct Faculty Application and all other procedures required by TSC’s Human Resources and Academic Divisions. Applicants must be recommended for hire by the appropriate Academic Dean. Faculty must also adhere to the following guidelines (Florida Statutes, 1007.271 (5a):

Meet the qualifications required by TSC as identified in the TSC Faculty Credentials Manual. The qualifications apply to all faculty members regardless of the location of instruction. TSC requires compliance with these qualifications.

1. Provide TSC with an official copy of the postsecondary transcript.
2. Provide a copy of the current syllabus for each course taught to the division dean or associate dean of the postsecondary institution before the start of each term. The content of each syllabus must meet the same standards required for all college-level courses offered at TSC and must be approved by the appropriate TSC academic division.

3. Adhere to the professional rules, guidelines, and expectations stated in TSC's adjunct faculty handbook.
4. Adhere to the rules, guidelines, and expectations (which apply to faculty members) stated in TSC's student handbook.

Dual enrollment courses taught on the high school campus must meet the same competencies required for courses taught on the TSC campus. To ensure equivalent rigor with courses taught at TSC, the high school instructor will provide a comprehensive, cumulative end-of-course assessment and a series of assessments of all expected learning outcomes to the appropriate Academic Dean or designee. The completed and scored assessments must be returned to TSC and held for one year (Florida Statutes, 1007.271 (6a)).

It is the responsibility of the high school to notify TSC's Academic Affairs designee of all courses that the high school is requesting to offer. Each high school must complete the appropriate form for each course that the high school plans to offer. Based on need and faculty availability, TSC will decide what courses can be offered on the high school campus.

Each instructor is responsible for checking their online class rosters every day to ensure the appropriate students are sitting in the class. If a student is not on the roster, the instructor should immediately notify their Academic Dean. The Academic Dean should notify TSC's dual enrollment coordinator or Academic Affairs designee.

Advanced Placement (AP) students who do not take or pass the AP examination are not permitted to earn postsecondary credit for the AP course via dual enrollment. Per Section 1007.272, Florida Statutes, no student will be allowed duplicate credit based on enrollment in a joint AP/dual enrollment course. Dual enrollment courses taught on a high school campus may not be combined with any non-college credit high school course, per Section 1007.271 (6d), Florida Statutes.

Dual enrolled students taking courses on the high school campus must submit the same documentation as the student's taking courses on TSC's main campus.

### **XIII. Responsibilities of the School Board regarding determination of student eligibility before participating in the dual enrollment program and the monitoring of student performance while participating in the dual enrollment program**

The School Board is responsible for determining if the student is eligible to be tested for the dual enrollment program. Students with a 3.0 unweighted high school grade point average and interested in participating in dual enrollment should be referred to their high school counselors to discuss the program's eligibility requirements.

The high school must inform all students who plan to participate in dual enrollment of their obligation to complete an online TSC application.

The high school is responsible for advising students relative to ensuring that they meet the requirements for high school graduation. The high school is also responsible for advising students about Bright Futures.

It is TSC's responsibility to monitor student performance in TSC's dual enrollment courses. At the fifth and ninth week of each fall and spring term, TSC will provide early alert reports to a designee of the School Board. The report will include students earning below a 75% average in dual enrollment courses. Additionally, attendance records will be included in the reporting.

The School Board and TSC should exchange student transcripts in order to ensure that students are eligible to continue in the dual enrollment program.

TSC is responsible for assigning grades for dual enrollment courses. The School Board is prohibited from changing any grade (once assigned by TSC) when posting it to the high school transcript.

#### **XIV. Responsibilities of the Florida College System institution regarding transmission of student grades in dual enrollment courses to the school district**

TSC will transmit student transcripts to the School Board at the end of each semester.

#### **XV. Responsibilities for funding that delineates costs incurred by the school district and TSC**

Dual enrollment students shall be exempt from paying registration, matriculation, and laboratory fees.

##### Textbook Costs & ADA Accommodation Costs

Textbooks will be provided to students by the School Board during both the fall and spring semesters. Textbooks will be provided by TSC during the Summer terms. Textbooks purchased by the School Board shall remain the property of the School Board as specified in Section 1007.271 (17), F.S. TSC will continue its efforts to reduce the cost of textbooks and materials to the School Board. The costs of ADA accommodations for dual enrollment students with disabilities taking courses on TSC's campus will be covered by TSC. The costs of ADA accommodations for dual enrollment students with disabilities taking courses on the high school campus will be covered by the School Board.

### Standard Tuition Rate

Per the 1007.271, F.S., the School Board is required to pay the standard tuition rate per credit hour to TSC for instruction taking place on the college campus for dual enrolled students. The approved standard tuition for FY 2026-2027 is \$71.98. The rate will be charged for courses taking place on TSC's main campus and distance learning courses.

TSC will not charge tuition to the School Board for Summer 2027 dual enrollment students. TSC also will not limit dual enrollment participation based upon capacity, F.S. 1007.271(4) in any term.

TSC will use the fees collected to enhance the dual enrollment program. TSC will promote dual enrollment participation, increase capacity, and enrich the quality of services associated with the dual enrollment program. The School Board's payment of tuition to TSC will maintain counselors available to the dual enrollment program in order to recruit more dual enrollment students and to help prepare students for transition to college, to counsel students in meta-majors and programs of study, and to track and provide feedback to students on their progress. TSC will also provide high school faculty and counselor training for dual enrollment.

### Instructional Costs

It is the responsibility of the School Board to provide full instructional costs for dual enrollment occurring on the high school site. For instruction occurring on the high school sites by college faculty, the School Board must reimburse TSC for the costs associated with the proportion of salary and benefits.

TSC cannot guarantee the availability of instructors for dual enrollment classes offered at the high school. Schools can assist TSC by recommending qualified School Board instructors for consideration for teaching dual enrollment courses offered at the high school.

TSC regularly uses high school faculty to teach both dual enrollment and regular TSC courses and incorporates training, mentoring, and assessment of these faculty into its regular adjunct program. Therefore, TSC's costs associated with instruction occurring on the high school site by TSC approved high school faculty who are paid by the School Board will be considered a normal part of TSC's obligation to its faculty for training and mentoring; no costs will be assessed.

### Invoicing for Financial Obligations

TSC will invoice the School Board for financial obligations within 21 business days of TSC's Census date which is normally after the 5<sup>th</sup> day of class each semester. A second invoice may be generated for all students who enroll in an express session if that student is not included in the main session invoice. The school district is responsible for any student who fails to withdraw after the add/drop period.

Before invoicing, each district will need to verify enrollment. Once verification has occurred, there will be no changes to the invoices.

## **XVI. Responsibilities for Student Transportation**

### **Transportation Notification for Career Dual Enrollment Students**

In accordance with Florida Statute 1007.271(7)(f), the College and the School agree to ensure that students and parents/guardians are informed of available transportation options. The School shall provide clear information regarding transportation arrangements, including eligibility, schedules, and access points, through multiple communication methods such as school websites, informational sessions, printed materials, and direct outreach during the student advising and enrollment process. This information will be made available prior to the start of each academic term in which the student is enrolled in career dual enrollment courses held at the college campus or other off-site instructional locations.

## **XVII. Responsibilities for services and resources that are available to students with disabilities who register for enrollment**

By this agreement, Section 1007.271(25), F.S., requires that the dual enrollment articulation agreement include services and resources that are available to students with disabilities who register for dual enrollment.

Tallahassee State College provides services and facilities accessible to, and usable by, all qualified students with disabilities. The college will ensure educational access by providing reasonable and appropriate accommodation for those students who provide the proper documentation. An Individual Education Program (I.E.P) filed with the student's home school will suffice as appropriate documentation to receive necessary accommodations.

TSC provides physical, academic, and program access including extended time testing, note-taking services, reader services, recorders, audio books via LearningAlly.org, e-texts, adaptive technology, math accommodations, sign language interpreters, and spelling accommodations.

**IN WITNESS WHEREOF**, the School Board of Crossroad Academy, Florida and The District Board of Trustees, Tallahassee State College, Florida have adopted this agreement and caused it to be executed by their respective chairs and chief executive officers, in accordance with Section 1007.271, F.S., Dual Enrollment Articulation Agreements.

# 2026 – 2027 Dual Enrollment Articulation Agreement

## Florida A&M University Developmental Research School and Tallahassee State College

### Introduction

The Dual Enrollment Articulation Agreement, as required by Section 1007.271(21), Florida Statutes, is made by and between the District Board of Trustees of Tallahassee State College, hereinafter referred to as TSC, and the District School Board of Florida A&M University Developmental Research School, hereinafter referred to as the School Board. The term of this agreement shall commence upon signing and shall end July 31, 2027.

The local Articulation Committee shall consist of the following: Committee members from the School Board will be appointed by the Superintendent of the School Board or designee. Committee members from TSC will be appointed by the President of TSC or designee.

Either party may cancel this Agreement upon thirty (30) days written notice should the other party fail substantially to perform in accord with its terms through no fault of the party initiating the termination. This Agreement may be amended only by written communication signed by the Superintendent of the District School Board of Florida A&M University Development Research School and the President of Tallahassee State College.

### I. A ratification or modification of all existing articulation agreements

This agreement replaces any existing agreement with TSC and the School Board regarding the Dual Enrollment Articulation Agreement existing as of the start of the term set forth above.

### II. A description of the process by which students and their parents are informed about opportunities for student participation in the dual enrollment program

It is the responsibility of the high schools in the district to inform students of the availability of the dual enrollment program requirements and currently offered courses through educational planning and guidance process. Each high school will advertise dual enrollment through a variety of methods. High school personnel will direct students to meet with their high school counselors if they are interested in learning more about participation in dual enrollment. High school counselors will review, with the student, criteria for participation in the dual enrollment program and transportation. Parents and students are required to review and sign the district Counselor Verification and Intent to Enroll form. Information will also be available to students and parents on TSC's Dual Enrollment website.

It is the responsibility of the high schools to notify parents about the option for their child to participate in dual enrollment courses through a variety of means.

### **III. A delineation of courses and programs available to students eligible to participate in dual enrollment**

Section 1007.271(1), Florida Statutes, establishes that “the dual enrollment program is the enrollment of an eligible secondary student in a postsecondary course creditable toward high school completion and a career certificate or an associate or baccalaureate degree”. A student who is enrolled in postsecondary instruction that is not creditable toward a high school diploma may not be classified as a dual enrollment student. Physical education skills courses and college preparatory instruction are not eligible for dual enrollment.

Students enrolled as dual enrollment, early admission, or career dual enrollment shall be exempt from the payment of registration, tuition, and laboratory fees. Students enrolled as dual enrollment, early admission, and career dual enrollment, will be eligible to participate in both high school and college activities as appropriate including graduation and other extracurricular activities. Participation in all college activities must be approved by the Vice President for Student Affairs.

College courses as specified in the Florida Department of Education Articulation Coordinating Committee Statewide Agreement for Dual Enrollment Courses – High School Subject Area Equivalency List are eligible for dual enrollment. This list is available upon request. Eligible courses may be taken in any format that TSC offers them unless otherwise specified in the agreement.

College courses are offered on the main campus, high school campuses, and through distance learning.

#### **Early Admission Dual Enrollment**

Early admission shall be a form of dual enrollment through which eligible secondary students enroll in a postsecondary institution on a full-time basis (minimum of 12 credit hours and maximum of 15 credit hours per semester) in courses that are creditable toward the high school diploma and the associate or baccalaureate degree. Both the high school and TSC must approve early admission for a high school student each semester.

#### **Career Dual Enrollment**

Career dual enrollment is a curricular option of elective credits toward earning the high school diploma and completing a career-preparatory certificate program. Career dual enrollment is not intended to enable students to take isolated courses unrelated to a program. Both clock hour and college credit courses and programs must lead toward an approved industry certification from an Industry Certification Funding List in s. 1008.44, F.S.

Additionally, TSC and School Board will collaborate on the offering of Career and Technical Education (CTE) dual enrollment AS degree pathways and ensure seamless credit transfer and course articulation for students enrolled in CTE AS degree programs.

Both parties agree to jointly review and update the list of approved CTE programs for dual enrollment. Priority will be given to including programs that lead to industry-recognized credentials and culminate in an AS degree.

The School Board and College will develop strategies to promote awareness of CTE dual enrollment opportunities, particularly those leading to AS degrees. Strategies may include joint presentations at high schools, career fairs, and workshops for students, parents, and counselors.

Online resources and informational campaigns will be established to showcase the benefits of CTE dual enrollment AS Programs.

Both parties agree to establish a process for monitoring and evaluating the effectiveness of this effort in expanding access to CTE dual enrollment AS degree programs.

Data will be collected on student participation, credit transfer rates, and program completion rates. Regular meetings will be conducted to assess progress and discuss areas for improvement.

#### **IV. A description of the process by which students and their parents exercise options to participate in the dual enrollment program**

##### **Application Process for New Dual Enrollment Students**

Students planning to participate in dual enrollment must do the following:

- Confirm they have a minimum 3.0 unweighted cumulative high school grade point average (GPA) and meets the testing requirements.
- Meet with high school counselor to discuss eligibility (see Section V) and testing options. If eligible, complete the district Counselor Verification and Intent to Enroll form.
- Complete TSC Online Application
- Complete the Permission to Register Form with your counselor. Counselors will help students choose courses that will count towards high school graduation requirements. Counselors will list the courses on the permission to register form and sign the form.
- Schedule a meeting with the TSC Dual Enrollment Advisor.
- Submit the documents below prior to or during meeting with the TSC Dual Enrollment Advisor. Documents can be emailed to the TSC Dual Enrollment Advisor or brought to the meeting.
  - Copy of test scores
  - Permission to register form
  - High school transcript (please use the FASTER system)
- During the meeting with the TSC Dual Enrollment Advisor, students will be registered for TSC courses that are listed on their Permission to Register Form.

### **Application Process for Continuing Dual Enrollment Students**

- Meet with high school counselor to discuss continued eligibility (see Section V) and testing options.
- Complete the Permission to Register Form with your counselor. Counselors will help students choose courses that will count towards high school graduation requirements. Counselors will list the courses on the permission to register form and sign the form.
- Schedule a meeting with the TSC Dual Enrollment Advisor.
- Submit the documents below prior to or during meeting with the TSC Dual Enrollment Advisor. Documents can be emailed to the TSC Dual Enrollment Advisor or brought to the meeting.
  - Permission to register form
- During the meeting with the TSC Dual Enrollment Advisor, students will be registered for TSC courses that are listed on their Permission to Register Form.

### **Eligibility Requirements for Early Admission Dual Enrollment**

Students must be a high school senior, have a minimum 3.5 unweighted cumulative high school GPA and meet the testing requirements outlined on page 7-9.

### **TSC Application process for Early Admission Dual Enrollment Students**

Students planning to apply for early admission must do the following:

- Meet with high school counselor to discuss eligibility and testing options. If eligible. Complete the district Counselor Verification and Intent to Enroll form.
- Complete TSC Online Application.
- Complete the Permission to Register Form with counselor. Counselors will help students choose courses that will count towards high school graduation requirements. Counselors will list the courses on the permission to register form and sign the form.
- Complete the Permission for Early Admission Form with counselor.
- Schedule a meeting with the TSC Dual Enrollment Coordinator.
- Submit the documents below prior to or during the meeting with the TSC Dual Enrollment Coordinator. Documents can be emailed to the Dual Enrollment Coordinator or brought to the meeting.
  - Copy of test scores
  - Permission to register form
  - Permission for early admission form
  - High school transcript (please use the FASTER system)

During the meeting with the TSC Dual Enrollment Advisor, students will be registered for the TSC courses that are listed on the Permission to Register Form. The TSC Dual Enrollment Coordinator is the only person allowed to register students for courses

### **Maximum Course Loads**

Traditional dual enrolled students are allowed a maximum of 11 credit hours each semester. All college courses taken must count towards high school credit.

Early admission students are allowed a minimum of 12 credit hours and maximum of 15 credit hours each semester. All college courses taken must count towards high school credit

### **Eligibility Requirements for Career Dual Enrollment**

Students must have a minimum 2.0 unweighted cumulative high school grade point average (GPA) and meet testing requirements if required for specific programs.

### **Eligibility Requirements to Continue Career Dual Enrollment**

Students must maintain a minimum 2.0 unweighted cumulative high school GPA, a minimum 2.0 TSC GPA as well as a successful dual enrollment course completion rate of 75% (C or better).

### **Schedule Changes**

Dual enrollment students must comply with the drop/add and withdrawal policies and deadlines published by TSC.

### **Adding and Dropping Classes**

To add or drop from a course(s), during drop/add period, students must provide a written request from the high school counselor verifying that the student has permission to add or drop before the Add/Drop deadline. The request must be submitted to TSC's Dual Enrollment Coordinator using the Course Adjustment Form.

### **Withdrawing from Classes**

After the drop/add period, Requests are considered by the district in extenuating circumstances. Students provide request and documentation to school counselor for district review. School Counselor and TSC Dual Enrollment Coordinator will be notified of the decision. The course withdrawal form will then be initiated by the school designee.

### **Summer Enrollment**

Students are eligible to enroll in summer courses during June Express.

Graduating high school seniors are not eligible to participate in dual enrollment during the summer. Graduating seniors who enroll in summer classes will be categorized as degree seeking college students and responsible for all instructional materials, tuition and fees assessed.

### **Weighting of Dual Enrollment Course Grades**

For districts that use a weighted grading system, s. 1007.271(8), F.S., states that "school districts and Florida College System institutions must weigh dual enrollment courses the same as advanced placement, International Baccalaureate, and Advance International Certificate of Education courses when grade point averages are calculated. Alternative grade calculation or weighting systems that discriminate against dual enrollment courses are prohibited."

### **Grade Distribution**

All grades will be reported at the conclusion of each term and accessible by the student through logging into their TSC Workday account, no more than two days after the grade submission deadline passes. Final grades will not be reported in the Canvas Learning Management System.

### Dual Enrollment Eligibility Through Testing

Students may demonstrate college readiness and qualify for dual enrollment by using a combination of the following, Reading, Writing, and Mathematics qualifying measures.

High schools must provide P.E.R.T. official score reports and P.E.R.T. test history if students plan to use high school P.E.R.T. scores.

It is the high schools' responsibility to provide P.E.R.T. for dual enrollment eligibility. TSC will work with the high schools and assist with P.E.R.T. testing for special circumstances.

Tests and Assessments		
(A score that meets or exceeds the standard score on any one of the assessments shall be accepted as demonstration of readiness for college-level work. TSC shall accept scores on a Florida public high school transcript in addition to official score reports from the issuing entity listed as an official record.) All scores must be less than 2 years old.

**V. A list of any additional initial student eligibility requirements for participation in the dual enrollment program**

The statutory eligibility requirements for academic college credit dual enrollment include: 3.0 unweighted high school GPA and demonstrated readiness for college coursework through scores on a common placement test (as established in State Board of Education Rule 6A-10.0315). The statutory eligibility requirements for **career dual enrollment** Career Certificate: 2.0 unweighted GPA.

TSC defines readiness for college-level coursework as placement into college-level Mathematics and/or English and Reading.

Students must place into ENC 1101 with their test scores to be eligible to participate in the dual enrollment program. Students may enroll in up to 12 credit hours before demonstrating college-readiness for mathematics. To continue enrollment beyond 12 credit hours, students must meet one of the measures for mathematics as outlined in *Table 1* to demonstrate college-readiness.

Students who graduate from high school before completing the postsecondary course may not register for it through dual enrollment.

Students may lose the opportunity to participate in the dual enrollment program if they are disruptive to the learning process. Procedure is outlined in TSC's Student Handbook.

**Continued Enrollment for Academic Dual Enrollment**

For continued dual enrollment eligibility, students must maintain a minimum 3.0 unweighted cumulative high school grade point average.

Additionally, the TSC GPA is reviewed each semester, and students must maintain a 2.25 TSC GPA at the time of review. They must also successfully complete at least 75% (C or better). Students may be given a one semester grace period if the TSC GPA is between a 2.00 and 2.24 GPA or completion rate is between 51 – 74%. High school students are permitted one grace period only.

Furthermore, Students, who withdraw from a course after the drop/add period, or who have been afforded a grace period, are required to meet with the counselor and parent/guardian before enrollment paperwork will be provided for the subsequent semester. Additionally, students utilizing a grace period may be subject to a reduced dual enrollment course load by one course in an effort to ensure successful matriculation at the post-secondary level.

**Early Admission Eligibility**

Students who wish to participate in early admission must be a high school senior or junior and have an unweighted high school GPA of 3.5 or higher. Additionally, students must have a TSC GPA of 3.0 or higher.

### **Continued Enrollment for Early Admission**

Students must maintain a minimum 3.5 unweighted cumulative high school GPA and a TSC GPA of 3.0.

## **VI. A delineation of the high school credit earned for the passage of dual enrollment courses**

College courses as specified in the Florida Department of Education Articulation Coordinating Committee Statewide Agreement for Dual Enrollment Courses – High School Subject Area Equivalency List are eligible for dual enrollment. This list is available at <https://www.fldoe.org/core/fileparse.php/20872/urlt/9-2.pdf> . Eligible courses may be taken in any format that TSC offers them unless otherwise specified in the Agreement.

Other courses in the Statewide Course Numbering System, apart from remedial courses and physical education skills courses, can be used for dual enrollment credit and count toward high school graduation, including electives provided these courses are specified in this agreement.

For college credit programs, postsecondary courses taken through dual enrollment for three credits or more that are part of a postsecondary career/technical program of study (College Credit Certificate, Applied Technology Diploma, Associate in Applied Science, Associate of Science) shall be awarded at least 0.5 elective credits toward high school graduation.

Section 1003.437, F.S., specifies that “For the purposes of class ranking, district school boards may exercise a weighted grading system pursuant to s. 1007.271.”

## **VII. A description of the process for informing students and their parents of college-level course expectations**

Dual enrollment courses meet the curricular expectations and are at the same depth and rigor of non-dual enrollment postsecondary instruction, including dual enrollment courses offered on the high school campus. Students should understand that dual enrollment courses are college courses and the amount of work necessary to succeed may be much greater than in high school courses. In addition, **dual enrollment courses become a part of a student’s permanent college transcript and are calculated into the student’s permanent postsecondary GPA.**

It is the responsibility of the high schools in the district to inform the students and parents about the college-level expectations. TSC will inform students and parents of college-level course expectations through a dual enrollment orientation. TSC will also inform students and parents of college-level course expectations using the course syllabus provided to each student in each college-level course at the beginning of each semester.

**VIII. The policies and procedures, if any, for determining exceptions to the required grade point averages on an individual student basis.**

Section 1007.27(3), F.S., allows exceptions to the required GPA on an individual student basis if both parties agree.

**Exceptions to High School Grade Point Average Terms:**

Upon recommendation and the submission of the Exceptions to High School GPA form, by the principal or designee, a student with an unweighted GPA of 2.75-2.99 may be allowed to enroll for a maximum of 6 hours of dual enrollment courses provided that the student has shown evidenced of ability to do advanced level work through successful completion of Advanced Placement, Honors, or other advanced courses. Continuation of dual enrollment will require satisfactory progress in all college dual enrollment courses as defined in Section V of this agreement and successful completion of all high school courses with grades no lower than “B”. Documentation must be provided to TSC’s Academic Affairs designee.

Exceptions related to serious illness or other extenuating circumstances will be reviewed on a case-by-case basis and must be approved by both the principal and TSC’s Academic Affairs designee.

TSC will provide a form to the high school that must be completed, signed, and returned to TSC before the student will be allowed to continue in the program. A rationale for the exception must be stated on the form.

Students will be given a one-semester grace period during which a review will determine continued eligibility. The grace period can only be used once during the student’s high school matriculation. Students granted eligibility under the GPA exception must meet all progression criteria moving forward to continue enrollment; the allowable grace period was used for initial eligibility.

**IX. Scheduling Modifications to Increase Access and Participation for Credit and Career Dual Enrollment Students**

In alignment with Florida Statute 1007.271(7)(g), the College and School District agree to collaborate in identifying and implementing scheduling changes that support increased access to and participation in credit and career dual enrollment opportunities. This may include, but is not limited to, flexible course scheduling, alignment of bell schedules, block scheduling, evening or weekend offerings, or hybrid/online course formats. The parties will annually review scheduling practices and barriers and will jointly develop strategies to improve participation among eligible students.

**X. Registration policies and procedures for dual enrollment courses as determined by the postsecondary institution**

Students must complete their registration form with their high school counselor. The form must be completed with all the required information about course reference numbers as well as alternate options. The completed registration form will be given to TSC's Dual Enrollment Coordinator who will register the student for courses that are available at the time the form is received. The following deadlines are established for TSC and may differ from internal deadlines of the Board.

<b><u>2026-2027 Deadlines for High Schools:</u></b>		
<b>Due Date</b>	<b>Activity</b>	<b>Responsible Party</b>
August 11, 2026	Deadline for district to submit all paperwork <u>and</u> test scores (as necessary) for enrollment in fall 2026 semester. This includes registration for courses on the high school campus.	High school
August 17, 2026	TSC First Day of Class	
August 21, 2026	Last Day to Change Schedules or <u>drop</u> students (use course adjustment form)	High school
October 27, 2026	Last Day to Withdraw a student (use withdrawal form)	High school
November 10, 2026	Deadline to make changes to course offerings at the high school for Spring 2027. Deadline to identify instructors.	High school
November 27, 2026	TSC Last Day of Class	
December 1, 2026	Deadline for district to submit paperwork for Spring 2027 (applications, test scores, permission to register forms)	High school
December 7, 2026	Deadline to submit grades to TSC	High school
December 11, 2026	TSC Transcripts will be delivered to high schools	TSC
January 6, 2027	TSC First Day of Class	
January 11, 2027	Last Day to Change Schedules or <u>drop</u> students (use course adjustment form)	High school
March 9, 2027	Deadline to Submit “Course Request for Dual Enrollment” Form for 2026-2027.	High school
March 23, 2027	Last Day to Withdraw a student	High school
April 23, 2027	TSC Last Day of Class	
May 3, 2027	Deadline to submit grades to TSC	High school
May 5, 2027	TSC transcripts will be delivered to high schools	TSC
June 11, 2027 (Noon)	Last Day for students to submit all paperwork <u>and</u> test scores (as necessary)	High school

	for enrollment in Summer 2027 June Express session	
July 16, 2027	Last Day to Withdraw a student from Summer 2027 June Express session (use withdrawal form)	High school

**Adding and Dropping Classes**  
 To add or drop from a course(s), during drop/add period, students must provide a written request from the high school counselor verifying that the student has permission to **add or drop before the Add/Drop deadline**. The request must be submitted to TSC’s Dual Enrollment Coordinator using the Course Adjustment Form.

**XI. Exceptions, if any, to professional rules and guidelines for instructors teaching dual enrollment courses**

There are no exceptions.

**XII. Exceptions, if any, to rules, guidelines, and expectations stated in the student handbook of the postsecondary institution which apply to faculty members**

Dual enrollment courses are college courses both in content and outcomes. Dual enrollment instructors must meet the teaching credentials established by the Southern Association of Colleges and Schools (SACS). Section 1007.271(5)(a), F.S., governs dual enrollment faculty. These provisions were taken from the *Dual Enrollment Statement of Standards*, which was codified in State Board of Education Rule 6A 14.064, FAC.

Faculty who plan to teach college credit courses that are offered on the high school campuses must complete a TSC Adjunct Faculty Application and all other procedures required by TSC’s Human Resources and Academic Divisions. Applicants must be recommended for hire by the appropriate Academic Dean. Faculty must also adhere to the following guidelines (Florida Statutes, 1007.271 (5a):

Meet the qualifications required by TSC as identified in the TSC Faculty Credentials Manual. The qualifications apply to all faculty members regardless of the location of instruction. TSC requires compliance with these qualifications.

1. Provide TSC with an official copy of the postsecondary transcript.
2. Provide a copy of the current syllabus for each course taught to the division dean or associate dean of the postsecondary institution before the start of each term. The content of each syllabus must meet the same standards required for all college-level courses offered at TSC and must be approved by the appropriate TSC academic division.

3. Adhere to the professional rules, guidelines, and expectations stated in TSC's adjunct faculty handbook.
4. Adhere to the rules, guidelines, and expectations (which apply to faculty members) stated in TSC's student handbook.

Dual enrollment courses taught on the high school campus must meet the same competencies required for courses taught on the TSC campus. To ensure equivalent rigor with courses taught at TSC, the high school instructor will provide a comprehensive, cumulative end-of-course assessment and a series of assessments of all expected learning outcomes to the appropriate Academic Dean or designee. The completed and scored assessments must be returned to TSC and held for one year (Florida Statutes, 1007.271 (6a)).

It is the responsibility of the high school to notify TSC's Academic Affairs designee of all courses that the high school is requesting to offer. Each high school must complete the appropriate form for each course that the high school plans to offer. Based on need and faculty availability, TSC will decide what courses can be offered on the high school campus.

Each instructor is responsible for checking their online class rosters every day to ensure the appropriate students are sitting in the class. If a student is not on the roster, the instructor should immediately notify their Academic Dean. The Academic Dean should notify TSC's dual enrollment coordinator or Academic Affairs designee.

Advanced Placement (AP) students who do not take or pass the AP examination are not permitted to earn postsecondary credit for the AP course via dual enrollment. Per Section 1007.272, Florida Statutes, no student will be allowed duplicate credit based on enrollment in a joint AP/dual enrollment course. Dual enrollment courses taught on a high school campus may not be combined with any non-college credit high school course, per Section 1007.271 (6d), Florida Statutes.

Dual enrolled students taking courses on the high school campus must submit the same documentation as the student's taking courses on TSC's main campus.

### **XIII. Responsibilities of the School Board regarding determination of student eligibility before participating in the dual enrollment program and the monitoring of student performance while participating in the dual enrollment program**

The School Board is responsible for determining if the student is eligible to be tested for the dual enrollment program. Students with a 3.0 unweighted high school grade point average and interested in participating in dual enrollment should be referred to their high school counselors to discuss the program's eligibility requirements.

The high school must inform all students who plan to participate in dual enrollment of their obligation to complete an online TSC application.

The high school is responsible for advising students relative to ensuring that they meet the requirements for high school graduation. The high school is also responsible for advising students about Bright Futures.

It is TSC's responsibility to monitor student performance in TSC's dual enrollment courses. At the fifth and ninth week of each fall and spring term, TSC will provide early alert reports to a designee of the School Board. The report will include students earning below a 75% average in dual enrollment courses. Additionally, attendance records will be included in the reporting.

The School Board and TSC should exchange student transcripts in order to ensure that students are eligible to continue in the dual enrollment program.

TSC is responsible for assigning grades for dual enrollment courses. The School Board is prohibited from changing any grade (once assigned by TSC) when posting it to the high school transcript.

#### **XIV. Responsibilities of the Florida College System institution regarding transmission of student grades in dual enrollment courses to the school district**

TSC will transmit student transcripts to the School Board at the end of each semester.

#### **XV. Responsibilities for funding that delineates costs incurred by the school district and TSC**

Dual enrollment students shall be exempt from paying registration, matriculation, and laboratory fees.

##### Textbook Costs & ADA Accommodation Costs

Textbooks will be provided to students by the School Board during both the fall and spring semesters. Textbooks will be provided by TSC during the Summer terms. Textbooks purchased by the School Board shall remain the property of the School Board as specified in Section 1007.271 (17), F.S. TSC will continue its efforts to reduce the cost of textbooks and materials to the School Board. The costs of ADA accommodations for dual enrollment students with disabilities taking courses on TSC's campus will be covered by TSC. The costs of ADA accommodations for dual enrollment students with disabilities taking courses on the high school campus will be covered by the School Board.

### Standard Tuition Rate

Per the 1007.271, F.S., the School Board is required to pay the standard tuition rate per credit hour to TSC for instruction taking place on the college campus for dual enrolled students. The approved standard tuition for FY 2026-2027 is \$71.98. The rate will be charged for courses taking place on TSC's main campus and distance learning courses.

TSC will not charge tuition to the School Board for Summer 2027 dual enrollment students. TSC also will not limit dual enrollment participation based upon capacity, F.S. 1007.271(4) in any term.

TSC will use the fees collected to enhance the dual enrollment program. TSC will promote dual enrollment participation, increase capacity, and enrich the quality of services associated with the dual enrollment program. The School Board's payment of tuition to TSC will maintain counselors available to the dual enrollment program in order to recruit more dual enrollment students and to help prepare students for transition to college, to counsel students in meta-majors and programs of study, and to track and provide feedback to students on their progress. TSC will also provide high school faculty and counselor training for dual enrollment.

### Instructional Costs

It is the responsibility of the School Board to provide full instructional costs for dual enrollment occurring on the high school site. For instruction occurring on the high school sites by college faculty, the School Board must reimburse TSC for the costs associated with the proportion of salary and benefits.

TSC cannot guarantee the availability of instructors for dual enrollment classes offered at the high school. Schools can assist TSC by recommending qualified School Board instructors for consideration for teaching dual enrollment courses offered at the high school.

TSC regularly uses high school faculty to teach both dual enrollment and regular TSC courses and incorporates training, mentoring, and assessment of these faculty into its regular adjunct program. Therefore, TSC's costs associated with instruction occurring on the high school site by TSC approved high school faculty who are paid by the School Board will be considered a normal part of TSC's obligation to its faculty for training and mentoring; no costs will be assessed.

### Invoicing for Financial Obligations

TSC will invoice the School Board for financial obligations within 21 business days of TSC's Census date which is normally after the 5<sup>th</sup> day of class each semester. A second invoice may be generated for all students who enroll in an express session if that student is not included in the main session invoice. The school district is responsible for any student who fails to withdraw after the add/drop period.

Before invoicing, each district will need to verify enrollment. Once verification has occurred, there will be no changes to the invoices.

## **XVI. Responsibilities for Student Transportation**

### **Transportation Notification for Career Dual Enrollment Students**

In accordance with Florida Statute 1007.271(7)(f), the College and the School agree to ensure that students and parents/guardians are informed of available transportation options. The School shall provide clear information regarding transportation arrangements, including eligibility, schedules, and access points, through multiple communication methods such as school websites, informational sessions, printed materials, and direct outreach during the student advising and enrollment process. This information will be made available prior to the start of each academic term in which the student is enrolled in career dual enrollment courses held at the college campus or other off-site instructional locations.

## **XVII. Responsibilities for services and resources that are available to students with disabilities who register for enrollment**

By this agreement, Section 1007.271(25), F.S., requires that the dual enrollment articulation agreement include services and resources that are available to students with disabilities who register for dual enrollment.

Tallahassee State College provides services and facilities accessible to, and usable by, all qualified students with disabilities. The college will ensure educational access by providing reasonable and appropriate accommodation for those students who provide the proper documentation. An Individual Education Program (I.E.P) filed with the student's home school will suffice as appropriate documentation to receive necessary accommodations.

TSC provides physical, academic, and program access including extended time testing, note-taking services, reader services, recorders, audio books via LearningAlly.org, e-texts, adaptive technology, math accommodations, sign language interpreters, and spelling accommodations.

**IN WITNESS WHEREOF**, the School Board of Florida A&M University DRS School, Florida and The District Board of Trustees, Tallahassee State College, Florida have adopted this agreement and caused it to be executed by their respective chairs and chief executive officers, in accordance with Section 1007.271, F.S., Dual Enrollment Articulation Agreements.

# 2026 – 2027 Dual Enrollment Articulation Agreement

## Florida State University School and Tallahassee State College

### Introduction

The Dual Enrollment Articulation Agreement, as required by Section 1007.271(21), Florida Statutes, is made by and between the District Board of Trustees of Tallahassee State College, hereinafter referred to as TSC, and the District School Board of Florida State University School, hereinafter referred to as the School Board. The term of this agreement shall commence upon signing and shall end July 31, 2027.

The local Articulation Committee shall consist of the following: Committee members from the School Board will be appointed by the Superintendent of the School Board or designee. Committee members from TSC will be appointed by the President of TSC or designee.

Either party may cancel this Agreement upon thirty (30) days written notice should the other party fail substantially to perform in accord with its terms through no fault of the party initiating the termination. This Agreement may be amended only by written communication signed by the Superintendent of the District School Board of Florida State University School and the President of Tallahassee State College.

### I. A ratification or modification of all existing articulation agreements

This agreement replaces any existing agreement with TSC and the School Board regarding the Dual Enrollment Articulation Agreement existing as of the start of the term set forth above.

### II. A description of the process by which students and their parents are informed about opportunities for student participation in the dual enrollment program

It is the responsibility of the high schools in the district to inform students of the availability of the dual enrollment program requirements and currently offered courses through educational planning and guidance process. Each high school will advertise dual enrollment through a variety of methods. High school personnel will direct students to meet with their high school counselors if they are interested in learning more about participation in dual enrollment. High school counselors will review, with the student, criteria for participation in the dual enrollment program and transportation. Parents and students are required to review and sign the district Counselor Verification and Intent to Enroll form. Information will also be available to students and parents on TSC's Dual Enrollment website.

It is the responsibility of the high schools to notify parents about the option for their child to participate in dual enrollment courses through a variety of means.

### **III. A delineation of courses and programs available to students eligible to participate in dual enrollment**

Section 1007.271(1), Florida Statutes, establishes that “the dual enrollment program is the enrollment of an eligible secondary student in a postsecondary course creditable toward high school completion and a career certificate or an associate or baccalaureate degree”. A student who is enrolled in postsecondary instruction that is not creditable toward a high school diploma may not be classified as a dual enrollment student. Physical education skills courses and college preparatory instruction are not eligible for dual enrollment.

Students enrolled as dual enrollment, early admission, or career dual enrollment shall be exempt from the payment of registration, tuition, and laboratory fees. Students enrolled as dual enrollment, early admission, and career dual enrollment, will be eligible to participate in both high school and college activities as appropriate including graduation and other extracurricular activities. Participation in all college activities must be approved by the Vice President for Student Affairs.

College courses as specified in the Florida Department of Education Articulation Coordinating Committee Statewide Agreement for Dual Enrollment Courses – High School Subject Area Equivalency List are eligible for dual enrollment. This list is available upon request. Eligible courses may be taken in any format that TSC offers them unless otherwise specified in the agreement.

College courses are offered on the main campus, high school campuses, and through distance learning.

#### **Early Admission Dual Enrollment**

Early admission shall be a form of dual enrollment through which eligible secondary students enroll in a postsecondary institution on a full-time basis (minimum of 12 credit hours and maximum of 15 credit hours per semester) in courses that are creditable toward the high school diploma and the associate or baccalaureate degree. Both the high school and TSC must approve early admission for a high school student each semester.

#### **Career Dual Enrollment**

Career dual enrollment is a curricular option of elective credits toward earning the high school diploma and completing a career-preparatory certificate program. Career dual enrollment is not intended to enable students to take isolated courses unrelated to a program. Both clock hour and college credit courses and programs must lead toward an approved industry certification from an Industry Certification Funding List in s. 1008.44, F.S.

Additionally, TSC and School Board will collaborate on the offering of Career and Technical Education (CTE) dual enrollment AS degree pathways and ensure seamless credit transfer and course articulation for students enrolled in CTE AS degree programs.

Both parties agree to jointly review and update the list of approved CTE programs for dual enrollment. Priority will be given to including programs that lead to industry-recognized credentials and culminate in an AS degree.

The School Board and College will develop strategies to promote awareness of CTE dual enrollment opportunities, particularly those leading to AS degrees. Strategies may include joint presentations at high schools, career fairs, and workshops for students, parents, and counselors.

Online resources and informational campaigns will be established to showcase the benefits of CTE dual enrollment AS Programs.

Both parties agree to establish a process for monitoring and evaluating the effectiveness of this effort in expanding access to CTE dual enrollment AS degree programs.

Data will be collected on student participation, credit transfer rates, and program completion rates. Regular meetings will be conducted to assess progress and discuss areas for improvement.

#### **IV. A description of the process by which students and their parents exercise options to participate in the dual enrollment program**

##### **Application Process for New Dual Enrollment Students**

Students planning to participate in dual enrollment must do the following:

- Confirm they have a minimum 3.0 unweighted cumulative high school grade point average (GPA) and meets the testing requirements.
- Meet with high school counselor to discuss eligibility (see Section V) and testing options. If eligible, complete the district Counselor Verification and Intent to Enroll form.
- Complete TSC Online Application
- Complete the Permission to Register Form with your counselor. Counselors will help students choose courses that will count towards high school graduation requirements. Counselors will list the courses on the permission to register form and sign the form.
- Schedule a meeting with the TSC Dual Enrollment Advisor.
- Submit the documents below prior to or during meeting with the TSC Dual Enrollment Advisor. Documents can be emailed to the TSC Dual Enrollment Advisor or brought to the meeting.
  - Copy of test scores
  - Permission to register form
  - High school transcript (please use the FASTER system)
- During the meeting with the TSC Dual Enrollment Advisor, students will be registered for TSC courses that are listed on their Permission to Register Form.

### **Application Process for Continuing Dual Enrollment Students**

- Meet with high school counselor to discuss continued eligibility (see Section V) and testing options.
- Complete the Permission to Register Form with your counselor. Counselors will help students choose courses that will count towards high school graduation requirements. Counselors will list the courses on the permission to register form and sign the form.
- Schedule a meeting with the TSC Dual Enrollment Advisor.
- Submit the documents below prior to or during meeting with the TSC Dual Enrollment Advisor. Documents can be emailed to the TSC Dual Enrollment Advisor or brought to the meeting.
  - Permission to register form
- During the meeting with the TSC Dual Enrollment Advisor, students will be registered for TSC courses that are listed on their Permission to Register Form.

### **Eligibility Requirements for Early Admission Dual Enrollment**

Students must be a high school senior, have a minimum 3.5 unweighted cumulative high school GPA and meet the testing requirements outlined on page 7-9.

### **TSC Application process for Early Admission Dual Enrollment Students**

Students planning to apply for early admission must do the following:

- Meet with high school counselor to discuss eligibility and testing options. If eligible. Complete the district Counselor Verification and Intent to Enroll form.
- Complete TSC Online Application.
- Complete the Permission to Register Form with counselor. Counselors will help students choose courses that will count towards high school graduation requirements. Counselors will list the courses on the permission to register form and sign the form.
- Complete the Permission for Early Admission Form with counselor.
- Schedule a meeting with the TSC Dual Enrollment Coordinator.
- Submit the documents below prior to or during the meeting with the TSC Dual Enrollment Coordinator. Documents can be emailed to the Dual Enrollment Coordinator or brought to the meeting.
  - Copy of test scores
  - Permission to register form
  - Permission for early admission form
  - High school transcript (please use the FASTER system)

During the meeting with the TSC Dual Enrollment Advisor, students will be registered for the TSC courses that are listed on the Permission to Register Form. The TSC Dual Enrollment Coordinator is the only person allowed to register students for courses

### **Maximum Course Loads**

Traditional dual enrolled students are allowed a maximum of 11 credit hours each semester. All college courses taken must count towards high school credit.

Early admission students are allowed a minimum of 12 credit hours and maximum of 15 credit hours each semester. All college courses taken must count towards high school credit

### **Eligibility Requirements for Career Dual Enrollment**

Students must have a minimum 2.0 unweighted cumulative high school grade point average (GPA) and meet testing requirements if required for specific programs.

### **Eligibility Requirements to Continue Career Dual Enrollment**

Students must maintain a minimum 2.0 unweighted cumulative high school GPA, a minimum 2.0 TSC GPA as well as a successful dual enrollment course completion rate of 75% (C or better).

### **Schedule Changes**

Dual enrollment students must comply with the drop/add and withdrawal policies and deadlines published by TSC.

### **Adding and Dropping Classes**

To add or drop from a course(s), during drop/add period, students must provide a written request from the high school counselor verifying that the student has permission to add or drop before the Add/Drop deadline. The request must be submitted to TSC's Dual Enrollment Coordinator using the Course Adjustment Form.

### **Withdrawing from Classes**

After the drop/add period, Requests are considered by the district in extenuating circumstances. Students provide request and documentation to school counselor for district review. School Counselor and TSC Dual Enrollment Coordinator will be notified of the decision. The course withdrawal form will then be initiated by the school designee.

### **Summer Enrollment**

Students are eligible to enroll in summer courses during June Express.

Graduating high school seniors are not eligible to participate in dual enrollment during the summer. Graduating seniors who enroll in summer classes will be categorized as degree seeking college students and responsible for all instructional materials, tuition and fees assessed.

### **Weighting of Dual Enrollment Course Grades**

For districts that use a weighted grading system, s. 1007.271(8), F.S., states that "school districts and Florida College System institutions must weigh dual enrollment courses the same as advanced placement, International Baccalaureate, and Advance International Certificate of Education courses when grade point averages are calculated. Alternative grade calculation or weighting systems that discriminate against dual enrollment courses are prohibited."

### **Grade Distribution**

All grades will be reported at the conclusion of each term and accessible by the student through logging into their TSC Workday account, no more than two days after the grade submission deadline passes. Final grades will not be reported in the Canvas Learning Management System.

### Dual Enrollment Eligibility Through Testing

Students may demonstrate college readiness and qualify for dual enrollment by using a combination of the following, Reading, Writing, and Mathematics qualifying measures.

High schools must provide P.E.R.T. official score reports and P.E.R.T. test history if students plan to use high school P.E.R.T. scores.

It is the high schools' responsibility to provide P.E.R.T. for dual enrollment eligibility. TSC will work with the high schools and assist with P.E.R.T. testing for special circumstances.

#### Tests and Assessments

(A score that meets or exceeds the standard score on any one of the assessments shall be accepted as demonstration of readiness for college-level work. TSC shall accept scores on a Florida public high school transcript in addition to official score reports from the issuing entity listed as an official record.) All scores must be less than 2 years old.

**V. A list of any additional initial student eligibility requirements for participation in the dual enrollment program**

The statutory eligibility requirements for academic college credit dual enrollment include: 3.0 unweighted high school GPA and demonstrated readiness for college coursework through scores on a common placement test (as established in State Board of Education Rule 6A-10.0315). The statutory eligibility requirements for **career dual enrollment** Career Certificate: 2.0 unweighted GPA.

TSC defines readiness for college-level coursework as placement into college-level Mathematics and/or English and Reading.

Students must place into ENC 1101 with their test scores to be eligible to participate in the dual enrollment program. Students may enroll in up to 12 credit hours before demonstrating college-readiness for mathematics. To continue enrollment beyond 12 credit hours, students must meet one of the measures for mathematics as outlined in *Table 1* to demonstrate college-readiness.

Students who graduate from high school before completing the postsecondary course may not register for it through dual enrollment.

Students may lose the opportunity to participate in the dual enrollment program if they are disruptive to the learning process. Procedure is outlined in TSC's Student Handbook.

**Continued Enrollment for Academic Dual Enrollment**

For continued dual enrollment eligibility, students must maintain a minimum 3.0 unweighted cumulative high school grade point average.

Additionally, the TSC GPA is reviewed each semester, and students must maintain a 2.25 TSC GPA at the time of review. They must also successfully complete at least 75% (C or better). Students may be given a one semester grace period if the TSC GPA is between a 2.00 and 2.24 GPA or completion rate is between 51 – 74%. High school students are permitted one grace period only.

Furthermore, Students, who withdraw from a course after the drop/add period, or who have been afforded a grace period, are required to meet with the counselor and parent/guardian before enrollment paperwork will be provided for the subsequent semester. Additionally, students utilizing a grace period may be subject to a reduced dual enrollment course load by one course in an effort to ensure successful matriculation at the post-secondary level.

**Early Admission Eligibility**

Students who wish to participate in early admission must be a high school senior or junior and have an unweighted high school GPA of 3.5 or higher. Additionally, students must have a TSC GPA of 3.0 or higher.

### **Continued Enrollment for Early Admission**

Students must maintain a minimum 3.5 unweighted cumulative high school GPA and a TSC GPA of 3.0.

## **VI. A delineation of the high school credit earned for the passage of dual enrollment courses**

College courses as specified in the Florida Department of Education Articulation Coordinating Committee Statewide Agreement for Dual Enrollment Courses – High School Subject Area Equivalency List are eligible for dual enrollment. This list is available at <https://www.fldoe.org/core/fileparse.php/20872/urlt/9-2.pdf> . Eligible courses may be taken in any format that TSC offers them unless otherwise specified in the Agreement.

Other courses in the Statewide Course Numbering System, apart from remedial courses and physical education skills courses, can be used for dual enrollment credit and count toward high school graduation, including electives provided these courses are specified in this agreement.

For college credit programs, postsecondary courses taken through dual enrollment for three credits or more that are part of a postsecondary career/technical program of study (College Credit Certificate, Applied Technology Diploma, Associate in Applied Science, Associate of Science) shall be awarded at least 0.5 elective credits toward high school graduation.

Section 1003.437, F.S., specifies that “For the purposes of class ranking, district school boards may exercise a weighted grading system pursuant to s. 1007.271.”

## **VII. A description of the process for informing students and their parents of college-level course expectations**

Dual enrollment courses meet the curricular expectations and are at the same depth and rigor of non-dual enrollment postsecondary instruction, including dual enrollment courses offered on the high school campus. Students should understand that dual enrollment courses are college courses and the amount of work necessary to succeed may be much greater than in high school courses. In addition, **dual enrollment courses become a part of a student’s permanent college transcript and are calculated into the student’s permanent postsecondary GPA.**

It is the responsibility of the high schools in the district to inform the students and parents about the college-level expectations. TSC will inform students and parents of college-level course expectations through a dual enrollment orientation. TSC will also inform students and parents of college-level course expectations using the course syllabus provided to each student in each college-level course at the beginning of each semester.

**VIII. The policies and procedures, if any, for determining exceptions to the required grade point averages on an individual student basis.**

Section 1007.27(3), F.S., allows exceptions to the required GPA on an individual student basis if both parties agree.

**Exceptions to High School Grade Point Average Terms:**

Upon recommendation and the submission of the Exceptions to High School GPA form, by the principal or designee, a student with an unweighted GPA of 2.75-2.99 may be allowed to enroll for a maximum of 6 hours of dual enrollment courses provided that the student has shown evidenced of ability to do advanced level work through successful completion of Advanced Placement, Honors, or other advanced courses. Continuation of dual enrollment will require satisfactory progress in all college dual enrollment courses as defined in Section V of this agreement and successful completion of all high school courses with grades no lower than “B”. Documentation must be provided to TSC’s Academic Affairs designee.

Exceptions related to serious illness or other extenuating circumstances will be reviewed on a case-by-case basis and must be approved by both the principal and TSC’s Academic Affairs designee.

TSC will provide a form to the high school that must be completed, signed, and returned to TSC before the student will be allowed to continue in the program. A rationale for the exception must be stated on the form.

Students will be given a one-semester grace period during which a review will determine continued eligibility. The grace period can only be used once during the student’s high school matriculation. Students granted eligibility under the GPA exception must meet all progression criteria moving forward to continue enrollment; the allowable grace period was used for initial eligibility.

**IX. Scheduling Modifications to Increase Access and Participation for Credit and Career Dual Enrollment Students**

In alignment with Florida Statute 1007.271(7)(g), the College and School District agree to collaborate in identifying and implementing scheduling changes that support increased access to and participation in credit and career dual enrollment opportunities. This may include, but is not limited to, flexible course scheduling, alignment of bell schedules, block scheduling, evening or weekend offerings, or hybrid/online course formats. The parties will annually review scheduling practices and barriers and will jointly develop strategies to improve participation among eligible students.

**X. Registration policies and procedures for dual enrollment courses as determined by the postsecondary institution**

Students must complete their registration form with their high school counselor. The form must be completed with all the required information about course reference numbers as well as alternate options. The completed registration form will be given to TSC's Dual Enrollment Coordinator who will register the student for courses that are available at the time the form is received. The following deadlines are established for TSC and may differ from internal deadlines of the Board.

<b><u>2026-2027 Deadlines for High Schools:</u></b>		
<b>Due Date</b>	<b>Activity</b>	<b>Responsible Party</b>
August 11, 2026	Deadline for district to submit all paperwork <u>and</u> test scores (as necessary) for enrollment in fall 2026 semester. This includes registration for courses on the high school campus.	High school
August 17, 2026	TSC First Day of Class	
August 21, 2026	Last Day to Change Schedules or <u>drop</u> students (use course adjustment form)	High school
October 27, 2026	Last Day to Withdraw a student (use withdrawal form)	High school
November 10, 2026	Deadline to make changes to course offerings at the high school for Spring 2027. Deadline to identify instructors.	High school
November 27, 2026	TSC Last Day of Class	
December 1, 2026	Deadline for district to submit paperwork for Spring 2027 (applications, test scores, permission to register forms)	High school
December 7, 2026	Deadline to submit grades to TSC	High school
December 11, 2026	TSC Transcripts will be delivered to high schools	TSC
January 6, 2027	TSC First Day of Class	
January 11, 2027	Last Day to Change Schedules or <u>drop</u> students (use course adjustment form)	High school
March 9, 2027	Deadline to Submit “Course Request for Dual Enrollment” Form for 2026-2027.	High school
March 23, 2027	Last Day to Withdraw a student	High school
April 23, 2027	TSC Last Day of Class	
May 3, 2027	Deadline to submit grades to TSC	High school
May 5, 2027	TSC transcripts will be delivered to high schools	TSC
June 11, 2027 (Noon)	Last Day for students to submit all paperwork <u>and</u> test scores (as necessary)	High school

	for enrollment in Summer 2027 June Express session	
July 16, 2027	Last Day to Withdraw a student from Summer 2027 June Express session (use withdrawal form)	High school

**Adding and Dropping Classes**  
 To add or drop from a course(s), during drop/add period, students must provide a written request from the high school counselor verifying that the student has permission to **add or drop before the Add/Drop deadline**. The request must be submitted to TSC’s Dual Enrollment Coordinator using the Course Adjustment Form.

**XI. Exceptions, if any, to professional rules and guidelines for instructors teaching dual enrollment courses**

There are no exceptions.

**XII. Exceptions, if any, to rules, guidelines, and expectations stated in the student handbook of the postsecondary institution which apply to faculty members**

Dual enrollment courses are college courses both in content and outcomes. Dual enrollment instructors must meet the teaching credentials established by the Southern Association of Colleges and Schools (SACS). Section 1007.271(5)(a), F.S., governs dual enrollment faculty. These provisions were taken from the *Dual Enrollment Statement of Standards*, which was codified in State Board of Education Rule 6A 14.064, FAC.

Faculty who plan to teach college credit courses that are offered on the high school campuses must complete a TSC Adjunct Faculty Application and all other procedures required by TSC’s Human Resources and Academic Divisions. Applicants must be recommended for hire by the appropriate Academic Dean. Faculty must also adhere to the following guidelines (Florida Statutes, 1007.271 (5a):

Meet the qualifications required by TSC as identified in the TSC Faculty Credentials Manual. The qualifications apply to all faculty members regardless of the location of instruction. TSC requires compliance with these qualifications.

1. Provide TSC with an official copy of the postsecondary transcript.
2. Provide a copy of the current syllabus for each course taught to the division dean or associate dean of the postsecondary institution before the start of each term. The content of each syllabus must meet the same standards required for all college-level courses offered at TSC and must be approved by the appropriate TSC academic division.

3. Adhere to the professional rules, guidelines, and expectations stated in TSC's adjunct faculty handbook.
4. Adhere to the rules, guidelines, and expectations (which apply to faculty members) stated in TSC's student handbook.

Dual enrollment courses taught on the high school campus must meet the same competencies required for courses taught on the TSC campus. To ensure equivalent rigor with courses taught at TSC, the high school instructor will provide a comprehensive, cumulative end-of-course assessment and a series of assessments of all expected learning outcomes to the appropriate Academic Dean or designee. The completed and scored assessments must be returned to TSC and held for one year (Florida Statutes, 1007.271 (6a)).

It is the responsibility of the high school to notify TSC's Academic Affairs designee of all courses that the high school is requesting to offer. Each high school must complete the appropriate form for each course that the high school plans to offer. Based on need and faculty availability, TSC will decide what courses can be offered on the high school campus.

Each instructor is responsible for checking their online class rosters every day to ensure the appropriate students are sitting in the class. If a student is not on the roster, the instructor should immediately notify their Academic Dean. The Academic Dean should notify TSC's dual enrollment coordinator or Academic Affairs designee.

Advanced Placement (AP) students who do not take or pass the AP examination are not permitted to earn postsecondary credit for the AP course via dual enrollment. Per Section 1007.272, Florida Statutes, no student will be allowed duplicate credit based on enrollment in a joint AP/dual enrollment course. Dual enrollment courses taught on a high school campus may not be combined with any non-college credit high school course, per Section 1007.271 (6d), Florida Statutes.

Dual enrolled students taking courses on the high school campus must submit the same documentation as the student's taking courses on TSC's main campus.

### **XIII. Responsibilities of the School Board regarding determination of student eligibility before participating in the dual enrollment program and the monitoring of student performance while participating in the dual enrollment program**

The School Board is responsible for determining if the student is eligible to be tested for the dual enrollment program. Students with a 3.0 unweighted high school grade point average and interested in participating in dual enrollment should be referred to their high school counselors to discuss the program's eligibility requirements.

The high school must inform all students who plan to participate in dual enrollment of their obligation to complete an online TSC application.

The high school is responsible for advising students relative to ensuring that they meet the requirements for high school graduation. The high school is also responsible for advising students about Bright Futures.

It is TSC's responsibility to monitor student performance in TSC's dual enrollment courses. At the fifth and ninth week of each fall and spring term, TSC will provide early alert reports to a designee of the School Board. The report will include students earning below a 75% average in dual enrollment courses. Additionally, attendance records will be included in the reporting.

The School Board and TSC should exchange student transcripts in order to ensure that students are eligible to continue in the dual enrollment program.

TSC is responsible for assigning grades for dual enrollment courses. The School Board is prohibited from changing any grade (once assigned by TSC) when posting it to the high school transcript.

#### **XIV. Responsibilities of the Florida College System institution regarding transmission of student grades in dual enrollment courses to the school district**

TSC will transmit student transcripts to the School Board at the end of each semester.

#### **XV. Responsibilities for funding that delineates costs incurred by the school district and TSC**

Dual enrollment students shall be exempt from paying registration, matriculation, and laboratory fees.

##### Textbook Costs & ADA Accommodation Costs

Textbooks will be provided to students by the School Board during both the fall and spring semesters. Textbooks will be provided by TSC during the Summer terms. Textbooks purchased by the School Board shall remain the property of the School Board as specified in Section 1007.271 (17), F.S. TSC will continue its efforts to reduce the cost of textbooks and materials to the School Board. The costs of ADA accommodations for dual enrollment students with disabilities taking courses on TSC's campus will be covered by TSC. The costs of ADA accommodations for dual enrollment students with disabilities taking courses on the high school campus will be covered by the School Board.

### Standard Tuition Rate

Per the 1007.271, F.S., the School Board is required to pay the standard tuition rate per credit hour to TSC for instruction taking place on the college campus for dual enrolled students. The approved standard tuition for FY 2026-2027 is \$71.98. The rate will be charged for courses taking place on TSC's main campus and distance learning courses.

TSC will not charge tuition to the School Board for Summer 2027 dual enrollment students. TSC also will not limit dual enrollment participation based upon capacity, F.S. 1007.271(4) in any term.

TSC will use the fees collected to enhance the dual enrollment program. TSC will promote dual enrollment participation, increase capacity, and enrich the quality of services associated with the dual enrollment program. The School Board's payment of tuition to TSC will maintain counselors available to the dual enrollment program in order to recruit more dual enrollment students and to help prepare students for transition to college, to counsel students in meta-majors and programs of study, and to track and provide feedback to students on their progress. TSC will also provide high school faculty and counselor training for dual enrollment.

### Instructional Costs

It is the responsibility of the School Board to provide full instructional costs for dual enrollment occurring on the high school site. For instruction occurring on the high school sites by college faculty, the School Board must reimburse TSC for the costs associated with the proportion of salary and benefits.

TSC cannot guarantee the availability of instructors for dual enrollment classes offered at the high school. Schools can assist TSC by recommending qualified School Board instructors for consideration for teaching dual enrollment courses offered at the high school.

TSC regularly uses high school faculty to teach both dual enrollment and regular TSC courses and incorporates training, mentoring, and assessment of these faculty into its regular adjunct program. Therefore, TSC's costs associated with instruction occurring on the high school site by TSC approved high school faculty who are paid by the School Board will be considered a normal part of TSC's obligation to its faculty for training and mentoring; no costs will be assessed.

### Invoicing for Financial Obligations

TSC will invoice the School Board for financial obligations within 21 business days of TSC's Census date which is normally after the 5<sup>th</sup> day of class each semester. A second invoice may be generated for all students who enroll in an express session if that student is not included in the main session invoice. The school district is responsible for any student who fails to withdraw after the add/drop period.

Before invoicing, each district will need to verify enrollment. Once verification has occurred, there will be no changes to the invoices.

## **XVI. Responsibilities for Student Transportation**

### **Transportation Notification for Career Dual Enrollment Students**

In accordance with Florida Statute 1007.271(7)(f), the College and the School agree to ensure that students and parents/guardians are informed of available transportation options. The School shall provide clear information regarding transportation arrangements, including eligibility, schedules, and access points, through multiple communication methods such as school websites, informational sessions, printed materials, and direct outreach during the student advising and enrollment process. This information will be made available prior to the start of each academic term in which the student is enrolled in career dual enrollment courses held at the college campus or other off-site instructional locations.

## **XVII. Responsibilities for services and resources that are available to students with disabilities who register for enrollment**

By this agreement, Section 1007.271(25), F.S., requires that the dual enrollment articulation agreement include services and resources that are available to students with disabilities who register for dual enrollment.

Tallahassee State College provides services and facilities accessible to, and usable by, all qualified students with disabilities. The college will ensure educational access by providing reasonable and appropriate accommodation for those students who provide the proper documentation. An Individual Education Program (I.E.P) filed with the student's home school will suffice as appropriate documentation to receive necessary accommodations.

TSC provides physical, academic, and program access including extended time testing, note-taking services, reader services, recorders, audio books via LearningAlly.org, e-texts, adaptive technology, math accommodations, sign language interpreters, and spelling accommodations.

**IN WITNESS WHEREOF**, the School Board of Florida State University School, Florida and The District Board of Trustees, Tallahassee State College, Florida have adopted this agreement and caused it to be executed by their respective chairs and chief executive officers, in accordance with Section 1007.271, F.S., Dual Enrollment Articulation Agreements.

# 2026 – 2027 Dual Enrollment Articulation Agreement

## Tallahassee Collegiate Academy and Tallahassee State College

### Introduction

The Dual Enrollment Articulation Agreement, as required by Section 1007.271(21), Florida Statutes, is made by and between the District Board of Trustees of Tallahassee State College, hereinafter referred to as TSC, and the District School Board of Tallahassee Collegiate Academy, hereinafter referred to as the School Board. The term of this agreement shall commence upon signing and shall end July 31, 2027.

The local Articulation Committee shall consist of the following: Committee members from the School Board will be appointed by the Superintendent of the School Board or designee. Committee members from TSC will be appointed by the President of TSC or designee.

Either party may cancel this Agreement upon thirty (30) days written notice should the other party fail substantially to perform in accord with its terms through no fault of the party initiating the termination. This Agreement may be amended only by written communication signed by the Superintendent of the District School Board of Tallahassee Collegiate Academy and the President of Tallahassee State College.

### I. A ratification or modification of all existing articulation agreements

This agreement replaces any existing agreement with TSC and the School Board regarding the Dual Enrollment Articulation Agreement existing as of the start of the term set forth above.

### II. A description of the process by which students and their parents are informed about opportunities for student participation in the dual enrollment program

It is the responsibility of the high schools in the district to inform students of the availability of the dual enrollment program requirements and currently offered courses through educational planning and guidance process. Each high school will advertise dual enrollment through a variety of methods. High school personnel will direct students to meet with their high school counselors if they are interested in learning more about participation in dual enrollment. High school counselors will review, with the student, criteria for participation in the dual enrollment program and transportation. Parents and students are required to review and sign the district Counselor Verification and Intent to Enroll form. Information will also be available to students and parents on TSC's Dual Enrollment website.

It is the responsibility of the high schools to notify parents about the option for their child to participate in dual enrollment courses through a variety of means.

### **III. A delineation of courses and programs available to students eligible to participate in dual enrollment**

Section 1007.271(1), Florida Statutes, establishes that “the dual enrollment program is the enrollment of an eligible secondary student in a postsecondary course creditable toward high school completion and a career certificate or an associate or baccalaureate degree”. A student who is enrolled in postsecondary instruction that is not creditable toward a high school diploma may not be classified as a dual enrollment student. Physical education skills courses and college preparatory instruction are not eligible for dual enrollment.

Students enrolled as dual enrollment, early admission, or career dual enrollment shall be exempt from the payment of registration, tuition, and laboratory fees. Students enrolled as dual enrollment, early admission, and career dual enrollment, will be eligible to participate in both high school and college activities as appropriate including graduation and other extracurricular activities. Participation in all college activities must be approved by the Vice President for Student Affairs.

College courses as specified in the Florida Department of Education Articulation Coordinating Committee Statewide Agreement for Dual Enrollment Courses – High School Subject Area Equivalency List are eligible for dual enrollment. This list is available upon request. Eligible courses may be taken in any format that TSC offers them unless otherwise specified in the agreement.

College courses are offered on the main campus, high school campuses, and through distance learning.

#### **Early Admission Dual Enrollment**

Early admission shall be a form of dual enrollment through which eligible secondary students enroll in a postsecondary institution on a full-time basis (minimum of 12 credit hours and maximum of 15 credit hours per semester) in courses that are creditable toward the high school diploma and the associate or baccalaureate degree. Both the high school and TSC must approve early admission for a high school student each semester.

#### **Career Dual Enrollment**

Career dual enrollment is a curricular option of elective credits toward earning the high school diploma and completing a career-preparatory certificate program. Career dual enrollment is not intended to enable students to take isolated courses unrelated to a program. Both clock hour and college credit courses and programs must lead toward an approved industry certification from an Industry Certification Funding List in s. 1008.44, F.S.

Additionally, TSC and School Board will collaborate on the offering of Career and Technical Education (CTE) dual enrollment AS degree pathways and ensure seamless credit transfer and course articulation for students enrolled in CTE AS degree programs.

Both parties agree to jointly review and update the list of approved CTE programs for dual enrollment. Priority will be given to including programs that lead to industry-recognized credentials and culminate in an AS degree.

The School Board and College will develop strategies to promote awareness of CTE dual enrollment opportunities, particularly those leading to AS degrees. Strategies may include joint presentations at high schools, career fairs, and workshops for students, parents, and counselors.

Online resources and informational campaigns will be established to showcase the benefits of CTE dual enrollment AS Programs.

Both parties agree to establish a process for monitoring and evaluating the effectiveness of this effort in expanding access to CTE dual enrollment AS degree programs.

Data will be collected on student participation, credit transfer rates, and program completion rates. Regular meetings will be conducted to assess progress and discuss areas for improvement.

#### **IV. A description of the process by which students and their parents exercise options to participate in the dual enrollment program**

##### **Application Process for New Dual Enrollment Students**

Students planning to participate in dual enrollment must do the following:

- Confirm they have a minimum 3.0 unweighted cumulative high school grade point average (GPA) and meets the testing requirements.
- Meet with high school counselor to discuss eligibility (see Section V) and testing options. If eligible, complete the district Counselor Verification and Intent to Enroll form.
- Complete TSC Online Application
- Complete the Permission to Register Form with your counselor. Counselors will help students choose courses that will count towards high school graduation requirements. Counselors will list the courses on the permission to register form and sign the form.
- Schedule a meeting with the TSC Dual Enrollment Advisor.
- Submit the documents below prior to or during meeting with the TSC Dual Enrollment Advisor. Documents can be emailed to the TSC Dual Enrollment Advisor or brought to the meeting.
  - Copy of test scores
  - Permission to register form
  - High school transcript (please use the FASTER system)
- During the meeting with the TSC Dual Enrollment Advisor, students will be registered for TSC courses that are listed on their Permission to Register Form.

### **Application Process for Continuing Dual Enrollment Students**

- Meet with high school counselor to discuss continued eligibility (see Section V) and testing options.
- Complete the Permission to Register Form with your counselor. Counselors will help students choose courses that will count towards high school graduation requirements. Counselors will list the courses on the permission to register form and sign the form.
- Schedule a meeting with the TSC Dual Enrollment Advisor.
- Submit the documents below prior to or during meeting with the TSC Dual Enrollment Advisor. Documents can be emailed to the TSC Dual Enrollment Advisor or brought to the meeting.
  - Permission to register form
- During the meeting with the TSC Dual Enrollment Advisor, students will be registered for TSC courses that are listed on their Permission to Register Form.

### **Eligibility Requirements for Early Admission Dual Enrollment**

Students must be a high school senior, have a minimum 3.5 unweighted cumulative high school GPA and meet the testing requirements outlined on page 7-9.

### **TSC Application process for Early Admission Dual Enrollment Students**

Students planning to apply for early admission must do the following:

- Meet with high school counselor to discuss eligibility and testing options. If eligible. Complete the district Counselor Verification and Intent to Enroll form.
- Complete TSC Online Application.
- Complete the Permission to Register Form with counselor. Counselors will help students choose courses that will count towards high school graduation requirements. Counselors will list the courses on the permission to register form and sign the form.
- Complete the Permission for Early Admission Form with counselor.
- Schedule a meeting with the TSC Dual Enrollment Coordinator.
- Submit the documents below prior to or during the meeting with the TSC Dual Enrollment Coordinator. Documents can be emailed to the Dual Enrollment Coordinator or brought to the meeting.
  - Copy of test scores
  - Permission to register form
  - Permission for early admission form
  - High school transcript (please use the FASTER system)

During the meeting with the TSC Dual Enrollment Advisor, students will be registered for the TSC courses that are listed on the Permission to Register Form. The TSC Dual Enrollment Coordinator is the only person allowed to register students for courses

### **Maximum Course Loads**

Traditional dual enrolled students are allowed a maximum of 11 credit hours each semester. All college courses taken must count towards high school credit.

Early admission students are allowed a minimum of 12 credit hours and maximum of 15 credit hours each semester. All college courses taken must count towards high school credit

### **Eligibility Requirements for Career Dual Enrollment**

Students must have a minimum 2.0 unweighted cumulative high school grade point average (GPA) and meet testing requirements if required for specific programs.

### **Eligibility Requirements to Continue Career Dual Enrollment**

Students must maintain a minimum 2.0 unweighted cumulative high school GPA, a minimum 2.0 TSC GPA as well as a successful dual enrollment course completion rate of 75% (C or better).

### **Schedule Changes**

Dual enrollment students must comply with the drop/add and withdrawal policies and deadlines published by TSC.

### **Adding and Dropping Classes**

To add or drop from a course(s), during drop/add period, students must provide a written request from the high school counselor verifying that the student has permission to add or drop before the Add/Drop deadline. The request must be submitted to TSC's Dual Enrollment Coordinator using the Course Adjustment Form.

### **Withdrawing from Classes**

After the drop/add period, Requests are considered by the district in extenuating circumstances. Students provide request and documentation to school counselor for district review. School Counselor and TSC Dual Enrollment Coordinator will be notified of the decision. The course withdrawal form will then be initiated by the school designee.

### **Summer Enrollment**

Students are eligible to enroll in summer courses during June Express.

Graduating high school seniors are not eligible to participate in dual enrollment during the summer. Graduating seniors who enroll in summer classes will be categorized as degree seeking college students and responsible for all instructional materials, tuition and fees assessed.

### **Weighting of Dual Enrollment Course Grades**

For districts that use a weighted grading system, s. 1007.271(8), F.S., states that "school districts and Florida College System institutions must weigh dual enrollment courses the same as advanced placement, International Baccalaureate, and Advance International Certificate of Education courses when grade point averages are calculated. Alternative grade calculation or weighting systems that discriminate against dual enrollment courses are prohibited."

### **Grade Distribution**

All grades will be reported at the conclusion of each term and accessible by the student through logging into their TSC Workday account, no more than two days after the grade submission deadline passes. Final grades will not be reported in the Canvas Learning Management System.

### Dual Enrollment Eligibility Through Testing

Students may demonstrate college readiness and qualify for dual enrollment by using a combination of the following, Reading, Writing, and Mathematics qualifying measures.

High schools must provide P.E.R.T. official score reports and P.E.R.T. test history if students plan to use high school P.E.R.T. scores.

It is the high schools' responsibility to provide P.E.R.T. for dual enrollment eligibility. TSC will work with the high schools and assist with P.E.R.T. testing for special circumstances.

Tests and Assessments		
(A score that meets or exceeds the standard score on any one of the assessments shall be accepted as demonstration of readiness for college-level work. TSC shall accept scores on a Florida public high school transcript in addition to official score reports from the issuing entity listed as an official record.) All scores must be less than 2 years old.

**V. A list of any additional initial student eligibility requirements for participation in the dual enrollment program**

The statutory eligibility requirements for academic college credit dual enrollment include: 3.0 unweighted high school GPA and demonstrated readiness for college coursework through scores on a common placement test (as established in State Board of Education Rule 6A-10.0315). The statutory eligibility requirements for **career dual enrollment** Career Certificate: 2.0 unweighted GPA.

TSC defines readiness for college-level coursework as placement into college-level Mathematics and/or English and Reading.

Students must place into ENC 1101 with their test scores to be eligible to participate in the dual enrollment program. Students may enroll in up to 12 credit hours before demonstrating college-readiness for mathematics. To continue enrollment beyond 12 credit hours, students must meet one of the measures for mathematics as outlined in *Table 1* to demonstrate college-readiness.

Students who graduate from high school before completing the postsecondary course may not register for it through dual enrollment.

Students may lose the opportunity to participate in the dual enrollment program if they are disruptive to the learning process. Procedure is outlined in TSC's Student Handbook.

**Continued Enrollment for Academic Dual Enrollment**

For continued dual enrollment eligibility, students must maintain a minimum 3.0 unweighted cumulative high school grade point average.

Additionally, the TSC GPA is reviewed each semester, and students must maintain a 2.25 TSC GPA at the time of review. They must also successfully complete at least 75% (C or better). Students may be given a one semester grace period if the TSC GPA is between a 2.00 and 2.24 GPA or completion rate is between 51 – 74%. High school students are permitted one grace period only.

Furthermore, Students, who withdraw from a course after the drop/add period, or who have been afforded a grace period, are required to meet with the counselor and parent/guardian before enrollment paperwork will be provided for the subsequent semester. Additionally, students utilizing a grace period may be subject to a reduced dual enrollment course load by one course in an effort to ensure successful matriculation at the post-secondary level.

**Early Admission Eligibility**

Students who wish to participate in early admission must be a high school senior or junior and have an unweighted high school GPA of 3.5 or higher. Additionally, students must have a TSC GPA of 3.0 or higher.

### **Continued Enrollment for Early Admission**

Students must maintain a minimum 3.5 unweighted cumulative high school GPA and a TSC GPA of 3.0.

## **VI. A delineation of the high school credit earned for the passage of dual enrollment courses**

College courses as specified in the Florida Department of Education Articulation Coordinating Committee Statewide Agreement for Dual Enrollment Courses – High School Subject Area Equivalency List are eligible for dual enrollment. This list is available at <https://www.fldoe.org/core/fileparse.php/20872/urlt/9-2.pdf> . Eligible courses may be taken in any format that TSC offers them unless otherwise specified in the Agreement.

Other courses in the Statewide Course Numbering System, apart from remedial courses and physical education skills courses, can be used for dual enrollment credit and count toward high school graduation, including electives provided these courses are specified in this agreement.

For college credit programs, postsecondary courses taken through dual enrollment for three credits or more that are part of a postsecondary career/technical program of study (College Credit Certificate, Applied Technology Diploma, Associate in Applied Science, Associate of Science) shall be awarded at least 0.5 elective credits toward high school graduation.

Section 1003.437, F.S., specifies that “For the purposes of class ranking, district school boards may exercise a weighted grading system pursuant to s. 1007.271.”

## **VII. A description of the process for informing students and their parents of college-level course expectations**

Dual enrollment courses meet the curricular expectations and are at the same depth and rigor of non-dual enrollment postsecondary instruction, including dual enrollment courses offered on the high school campus. Students should understand that dual enrollment courses are college courses and the amount of work necessary to succeed may be much greater than in high school courses. In addition, **dual enrollment courses become a part of a student’s permanent college transcript and are calculated into the student’s permanent postsecondary GPA.**

It is the responsibility of the high schools in the district to inform the students and parents about the college-level expectations. TSC will inform students and parents of college-level course expectations through a dual enrollment orientation. TSC will also inform students and parents of college-level course expectations using the course syllabus provided to each student in each college-level course at the beginning of each semester.

**VIII. The policies and procedures, if any, for determining exceptions to the required grade point averages on an individual student basis.**

Section 1007.27(3), F.S., allows exceptions to the required GPA on an individual student basis if both parties agree.

**Exceptions to High School Grade Point Average Terms:**

Upon recommendation and the submission of the Exceptions to High School GPA form, by the principal or designee, a student with an unweighted GPA of 2.75-2.99 may be allowed to enroll for a maximum of 6 hours of dual enrollment courses provided that the student has shown evidenced of ability to do advanced level work through successful completion of Advanced Placement, Honors, or other advanced courses. Continuation of dual enrollment will require satisfactory progress in all college dual enrollment courses as defined in Section V of this agreement and successful completion of all high school courses with grades no lower than “B”. Documentation must be provided to TSC’s Academic Affairs designee.

Exceptions related to serious illness or other extenuating circumstances will be reviewed on a case-by-case basis and must be approved by both the principal and TSC’s Academic Affairs designee.

TSC will provide a form to the high school that must be completed, signed, and returned to TSC before the student will be allowed to continue in the program. A rationale for the exception must be stated on the form.

Students will be given a one-semester grace period during which a review will determine continued eligibility. The grace period can only be used once during the student’s high school matriculation. Students granted eligibility under the GPA exception must meet all progression criteria moving forward to continue enrollment; the allowable grace period was used for initial eligibility.

**IX. Scheduling Modifications to Increase Access and Participation for Credit and Career Dual Enrollment Students**

In alignment with Florida Statute 1007.271(7)(g), the College and School District agree to collaborate in identifying and implementing scheduling changes that support increased access to and participation in credit and career dual enrollment opportunities. This may include, but is not limited to, flexible course scheduling, alignment of bell schedules, block scheduling, evening or weekend offerings, or hybrid/online course formats. The parties will annually review scheduling practices and barriers and will jointly develop strategies to improve participation among eligible students.

**X. Registration policies and procedures for dual enrollment courses as determined by the postsecondary institution**

Students must complete their registration form with their high school counselor. The form must be completed with all the required information about course reference numbers as well as alternate options. The completed registration form will be given to TSC's Dual Enrollment Coordinator who will register the student for courses that are available at the time the form is received. The following deadlines are established for TSC and may differ from internal deadlines of the Board.

<b><u>2026-2027 Deadlines for High Schools:</u></b>		
<b>Due Date</b>	<b>Activity</b>	<b>Responsible Party</b>
August 11, 2026	Deadline for district to submit all paperwork <u>and</u> test scores (as necessary) for enrollment in fall 2026 semester. This includes registration for courses on the high school campus.	High school
August 17, 2026	TSC First Day of Class	
August 21, 2026	Last Day to Change Schedules or <u>drop</u> students (use course adjustment form)	High school
October 27, 2026	Last Day to Withdraw a student (use withdrawal form)	High school
November 10, 2026	Deadline to make changes to course offerings at the high school for Spring 2027. Deadline to identify instructors.	High school
November 27, 2026	TSC Last Day of Class	
December 1, 2026	Deadline for district to submit paperwork for Spring 2027 (applications, test scores, permission to register forms)	High school
December 7, 2026	Deadline to submit grades to TSC	High school
December 11, 2026	TSC Transcripts will be delivered to high schools	TSC
January 6, 2027	TSC First Day of Class	
January 11, 2027	Last Day to Change Schedules or <u>drop</u> students (use course adjustment form)	High school
March 9, 2027	Deadline to Submit “Course Request for Dual Enrollment” Form for 2026-2027.	High school
March 23, 2027	Last Day to Withdraw a student	High school
April 23, 2027	TSC Last Day of Class	
May 3, 2027	Deadline to submit grades to TSC	High school
May 5, 2027	TSC transcripts will be delivered to high schools	TSC
June 11, 2027 (Noon)	Last Day for students to submit all paperwork <u>and</u> test scores (as necessary)	High school

	for enrollment in Summer 2027 June Express session	
July 16, 2027	Last Day to Withdraw a student from Summer 2027 June Express session (use withdrawal form)	High school

**Adding and Dropping Classes**  
 To add or drop from a course(s), during drop/add period, students must provide a written request from the high school counselor verifying that the student has permission to **add or drop before the Add/Drop deadline**. The request must be submitted to TSC’s Dual Enrollment Coordinator using the Course Adjustment Form.

**XI. Exceptions, if any, to professional rules and guidelines for instructors teaching dual enrollment courses**

There are no exceptions.

**XII. Exceptions, if any, to rules, guidelines, and expectations stated in the student handbook of the postsecondary institution which apply to faculty members**

Dual enrollment courses are college courses both in content and outcomes. Dual enrollment instructors must meet the teaching credentials established by the Southern Association of Colleges and Schools (SACS). Section 1007.271(5)(a), F.S., governs dual enrollment faculty. These provisions were taken from the *Dual Enrollment Statement of Standards*, which was codified in State Board of Education Rule 6A 14.064, FAC.

Faculty who plan to teach college credit courses that are offered on the high school campuses must complete a TSC Adjunct Faculty Application and all other procedures required by TSC’s Human Resources and Academic Divisions. Applicants must be recommended for hire by the appropriate Academic Dean. Faculty must also adhere to the following guidelines (Florida Statutes, 1007.271 (5a):

Meet the qualifications required by TSC as identified in the TSC Faculty Credentials Manual. The qualifications apply to all faculty members regardless of the location of instruction. TSC requires compliance with these qualifications.

1. Provide TSC with an official copy of the postsecondary transcript.
2. Provide a copy of the current syllabus for each course taught to the division dean or associate dean of the postsecondary institution before the start of each term. The content of each syllabus must meet the same standards required for all college-level courses offered at TSC and must be approved by the appropriate TSC academic division.

3. Adhere to the professional rules, guidelines, and expectations stated in TSC's adjunct faculty handbook.
4. Adhere to the rules, guidelines, and expectations (which apply to faculty members) stated in TSC's student handbook.

Dual enrollment courses taught on the high school campus must meet the same competencies required for courses taught on the TSC campus. To ensure equivalent rigor with courses taught at TSC, the high school instructor will provide a comprehensive, cumulative end-of-course assessment and a series of assessments of all expected learning outcomes to the appropriate Academic Dean or designee. The completed and scored assessments must be returned to TSC and held for one year (Florida Statutes, 1007.271 (6a)).

It is the responsibility of the high school to notify TSC's Academic Affairs designee of all courses that the high school is requesting to offer. Each high school must complete the appropriate form for each course that the high school plans to offer. Based on need and faculty availability, TSC will decide what courses can be offered on the high school campus.

Each instructor is responsible for checking their online class rosters every day to ensure the appropriate students are sitting in the class. If a student is not on the roster, the instructor should immediately notify their Academic Dean. The Academic Dean should notify TSC's dual enrollment coordinator or Academic Affairs designee.

Advanced Placement (AP) students who do not take or pass the AP examination are not permitted to earn postsecondary credit for the AP course via dual enrollment. Per Section 1007.272, Florida Statutes, no student will be allowed duplicate credit based on enrollment in a joint AP/dual enrollment course. Dual enrollment courses taught on a high school campus may not be combined with any non-college credit high school course, per Section 1007.271 (6d), Florida Statutes.

Dual enrolled students taking courses on the high school campus must submit the same documentation as the student's taking courses on TSC's main campus.

### **XIII. Responsibilities of the School Board regarding determination of student eligibility before participating in the dual enrollment program and the monitoring of student performance while participating in the dual enrollment program**

The School Board is responsible for determining if the student is eligible to be tested for the dual enrollment program. Students with a 3.0 unweighted high school grade point average and interested in participating in dual enrollment should be referred to their high school counselors to discuss the program's eligibility requirements.

The high school must inform all students who plan to participate in dual enrollment of their obligation to complete an online TSC application.

The high school is responsible for advising students relative to ensuring that they meet the requirements for high school graduation. The high school is also responsible for advising students about Bright Futures.

It is TSC's responsibility to monitor student performance in TSC's dual enrollment courses. At the fifth and ninth week of each fall and spring term, TSC will provide early alert reports to a designee of the School Board. The report will include students earning below a 75% average in dual enrollment courses. Additionally, attendance records will be included in the reporting.

The School Board and TSC should exchange student transcripts in order to ensure that students are eligible to continue in the dual enrollment program.

TSC is responsible for assigning grades for dual enrollment courses. The School Board is prohibited from changing any grade (once assigned by TSC) when posting it to the high school transcript.

#### **XIV. Responsibilities of the Florida College System institution regarding transmission of student grades in dual enrollment courses to the school district**

TSC will transmit student transcripts to the School Board at the end of each semester.

#### **XV. Responsibilities for funding that delineates costs incurred by the school district and TSC**

Dual enrollment students shall be exempt from paying registration, matriculation, and laboratory fees.

##### Textbook Costs & ADA Accommodation Costs

Textbooks will be provided to students by the School Board during both the fall and spring semesters. Textbooks will be provided by TSC during the Summer terms. Textbooks purchased by the School Board shall remain the property of the School Board as specified in Section 1007.271 (17), F.S. TSC will continue its efforts to reduce the cost of textbooks and materials to the School Board. The costs of ADA accommodations for dual enrollment students with disabilities taking courses on TSC's campus will be covered by TSC. The costs of ADA accommodations for dual enrollment students with disabilities taking courses on the high school campus will be covered by the School Board.

### Standard Tuition Rate

Per the 1007.271, F.S., the School Board is required to pay the standard tuition rate per credit hour to TSC for instruction taking place on the college campus for dual enrolled students. The approved standard tuition for FY 2026-2027 is \$71.98. The rate will be charged for courses taking place on TSC's main campus and distance learning courses.

TSC will not charge tuition to the School Board for Summer 2027 dual enrollment students. TSC also will not limit dual enrollment participation based upon capacity, F.S. 1007.271(4) in any term.

TSC will use the fees collected to enhance the dual enrollment program. TSC will promote dual enrollment participation, increase capacity, and enrich the quality of services associated with the dual enrollment program. The School Board's payment of tuition to TSC will maintain counselors available to the dual enrollment program in order to recruit more dual enrollment students and to help prepare students for transition to college, to counsel students in meta-majors and programs of study, and to track and provide feedback to students on their progress. TSC will also provide high school faculty and counselor training for dual enrollment.

### Instructional Costs

It is the responsibility of the School Board to provide full instructional costs for dual enrollment occurring on the high school site. For instruction occurring on the high school sites by college faculty, the School Board must reimburse TSC for the costs associated with the proportion of salary and benefits.

TSC cannot guarantee the availability of instructors for dual enrollment classes offered at the high school. Schools can assist TSC by recommending qualified School Board instructors for consideration for teaching dual enrollment courses offered at the high school.

TSC regularly uses high school faculty to teach both dual enrollment and regular TSC courses and incorporates training, mentoring, and assessment of these faculty into its regular adjunct program. Therefore, TSC's costs associated with instruction occurring on the high school site by TSC approved high school faculty who are paid by the School Board will be considered a normal part of TSC's obligation to its faculty for training and mentoring; no costs will be assessed.

### Invoicing for Financial Obligations

TSC will invoice the School Board for financial obligations within 21 business days of TSC's Census date which is normally after the 5<sup>th</sup> day of class each semester. A second invoice may be generated for all students who enroll in an express session if that student is not included in the main session invoice. The school district is responsible for any student who fails to withdraw after the add/drop period.

Before invoicing, each district will need to verify enrollment. Once verification has occurred, there will be no changes to the invoices.

## **XVI. Responsibilities for Student Transportation**

### **Transportation Notification for Career Dual Enrollment Students**

In accordance with Florida Statute 1007.271(7)(f), the College and the School agree to ensure that students and parents/guardians are informed of available transportation options. The School shall provide clear information regarding transportation arrangements, including eligibility, schedules, and access points, through multiple communication methods such as school websites, informational sessions, printed materials, and direct outreach during the student advising and enrollment process. This information will be made available prior to the start of each academic term in which the student is enrolled in career dual enrollment courses held at the college campus or other off-site instructional locations.

## **XVII. Responsibilities for services and resources that are available to students with disabilities who register for enrollment**

By this agreement, Section 1007.271(25), F.S., requires that the dual enrollment articulation agreement include services and resources that are available to students with disabilities who register for dual enrollment.

Tallahassee State College provides services and facilities accessible to, and usable by, all qualified students with disabilities. The college will ensure educational access by providing reasonable and appropriate accommodation for those students who provide the proper documentation. An Individual Education Program (I.E.P) filed with the student's home school will suffice as appropriate documentation to receive necessary accommodations.

TSC provides physical, academic, and program access including extended time testing, note-taking services, reader services, recorders, audio books via LearningAlly.org, e-texts, adaptive technology, math accommodations, sign language interpreters, and spelling accommodations.

**IN WITNESS WHEREOF**, the School Board of Tallahassee Collegiate Academy, Florida and The District Board of Trustees, Tallahassee State College, Florida have adopted this agreement and caused it to be executed by their respective chairs and chief executive officers, in accordance with Section 1007.271, F.S., Dual Enrollment Articulation Agreements.

# 2026 – 2027 Dual Enrollment Articulation Agreement

## Tallahassee Classical School and Tallahassee State College

### Introduction

The Dual Enrollment Articulation Agreement, as required by Section 1007.271(21), Florida Statutes, is made by and between the District Board of Trustees of Tallahassee State College, hereinafter referred to as TSC, and the District School Board of Tallahassee Classical School, hereinafter referred to as the School Board. The term of this agreement shall commence upon signing and shall end July 31, 2027.

The local Articulation Committee shall consist of the following: Committee members from the School Board will be appointed by the Superintendent of the School Board or designee. Committee members from TSC will be appointed by the President of TSC or designee.

Either party may cancel this Agreement upon thirty (30) days written notice should the other party fail substantially to perform in accord with its terms through no fault of the party initiating the termination. This Agreement may be amended only by written communication signed by the Superintendent of the District School Board of Tallahassee Classical School and the President of Tallahassee State College.

### I. A ratification or modification of all existing articulation agreements

This agreement replaces any existing agreement with TSC and the School Board regarding the Dual Enrollment Articulation Agreement existing as of the start of the term set forth above.

### II. A description of the process by which students and their parents are informed about opportunities for student participation in the dual enrollment program

It is the responsibility of the high schools in the district to inform students of the availability of the dual enrollment program requirements and currently offered courses through educational planning and guidance process. Each high school will advertise dual enrollment through a variety of methods. High school personnel will direct students to meet with their high school counselors if they are interested in learning more about participation in dual enrollment. High school counselors will review, with the student, criteria for participation in the dual enrollment program and transportation. Parents and students are required to review and sign the district Counselor Verification and Intent to Enroll form. Information will also be available to students and parents on TSC's Dual Enrollment website.

It is the responsibility of the high schools to notify parents about the option for their child to participate in dual enrollment courses through a variety of means.

### **III. A delineation of courses and programs available to students eligible to participate in dual enrollment**

Section 1007.271(1), Florida Statutes, establishes that “the dual enrollment program is the enrollment of an eligible secondary student in a postsecondary course creditable toward high school completion and a career certificate or an associate or baccalaureate degree”. A student who is enrolled in postsecondary instruction that is not creditable toward a high school diploma may not be classified as a dual enrollment student. Physical education skills courses and college preparatory instruction are not eligible for dual enrollment.

Students enrolled as dual enrollment, early admission, or career dual enrollment shall be exempt from the payment of registration, tuition, and laboratory fees. Students enrolled as dual enrollment, early admission, and career dual enrollment, will be eligible to participate in both high school and college activities as appropriate including graduation and other extracurricular activities. Participation in all college activities must be approved by the Vice President for Student Affairs.

College courses as specified in the Florida Department of Education Articulation Coordinating Committee Statewide Agreement for Dual Enrollment Courses – High School Subject Area Equivalency List are eligible for dual enrollment. This list is available upon request. Eligible courses may be taken in any format that TSC offers them unless otherwise specified in the agreement.

College courses are offered on the main campus, high school campuses, and through distance learning.

#### **Early Admission Dual Enrollment**

Early admission shall be a form of dual enrollment through which eligible secondary students enroll in a postsecondary institution on a full-time basis (minimum of 12 credit hours and maximum of 15 credit hours per semester) in courses that are creditable toward the high school diploma and the associate or baccalaureate degree. Both the high school and TSC must approve early admission for a high school student each semester.

#### **Career Dual Enrollment**

Career dual enrollment is a curricular option of elective credits toward earning the high school diploma and completing a career-preparatory certificate program. Career dual enrollment is not intended to enable students to take isolated courses unrelated to a program. Both clock hour and college credit courses and programs must lead toward an approved industry certification from an Industry Certification Funding List in s. 1008.44, F.S.

Additionally, TSC and School Board will collaborate on the offering of Career and Technical Education (CTE) dual enrollment AS degree pathways and ensure seamless credit transfer and course articulation for students enrolled in CTE AS degree programs.

Both parties agree to jointly review and update the list of approved CTE programs for dual enrollment. Priority will be given to including programs that lead to industry-recognized credentials and culminate in an AS degree.

The School Board and College will develop strategies to promote awareness of CTE dual enrollment opportunities, particularly those leading to AS degrees. Strategies may include joint presentations at high schools, career fairs, and workshops for students, parents, and counselors.

Online resources and informational campaigns will be established to showcase the benefits of CTE dual enrollment AS Programs.

Both parties agree to establish a process for monitoring and evaluating the effectiveness of this effort in expanding access to CTE dual enrollment AS degree programs.

Data will be collected on student participation, credit transfer rates, and program completion rates. Regular meetings will be conducted to assess progress and discuss areas for improvement.

#### **IV. A description of the process by which students and their parents exercise options to participate in the dual enrollment program**

##### **Application Process for New Dual Enrollment Students**

Students planning to participate in dual enrollment must do the following:

- Confirm they have a minimum 3.0 unweighted cumulative high school grade point average (GPA) and meets the testing requirements.
- Meet with high school counselor to discuss eligibility (see Section V) and testing options. If eligible, complete the district Counselor Verification and Intent to Enroll form.
- Complete TSC Online Application
- Complete the Permission to Register Form with your counselor. Counselors will help students choose courses that will count towards high school graduation requirements. Counselors will list the courses on the permission to register form and sign the form.
- Schedule a meeting with the TSC Dual Enrollment Advisor.
- Submit the documents below prior to or during meeting with the TSC Dual Enrollment Advisor. Documents can be emailed to the TSC Dual Enrollment Advisor or brought to the meeting.
  - Copy of test scores
  - Permission to register form
  - High school transcript (please use the FASTER system)
- During the meeting with the TSC Dual Enrollment Advisor, students will be registered for TSC courses that are listed on their Permission to Register Form.

### **Application Process for Continuing Dual Enrollment Students**

- Meet with high school counselor to discuss continued eligibility (see Section V) and testing options.
- Complete the Permission to Register Form with your counselor. Counselors will help students choose courses that will count towards high school graduation requirements. Counselors will list the courses on the permission to register form and sign the form.
- Schedule a meeting with the TSC Dual Enrollment Advisor.
- Submit the documents below prior to or during meeting with the TSC Dual Enrollment Advisor. Documents can be emailed to the TSC Dual Enrollment Advisor or brought to the meeting.
  - Permission to register form
- During the meeting with the TSC Dual Enrollment Advisor, students will be registered for TSC courses that are listed on their Permission to Register Form.

### **Eligibility Requirements for Early Admission Dual Enrollment**

Students must be a high school senior, have a minimum 3.5 unweighted cumulative high school GPA and meet the testing requirements outlined on page 7-9.

### **TSC Application process for Early Admission Dual Enrollment Students**

Students planning to apply for early admission must do the following:

- Meet with high school counselor to discuss eligibility and testing options. If eligible. Complete the district Counselor Verification and Intent to Enroll form.
- Complete TSC Online Application.
- Complete the Permission to Register Form with counselor. Counselors will help students choose courses that will count towards high school graduation requirements. Counselors will list the courses on the permission to register form and sign the form.
- Complete the Permission for Early Admission Form with counselor.
- Schedule a meeting with the TSC Dual Enrollment Coordinator.
- Submit the documents below prior to or during the meeting with the TSC Dual Enrollment Coordinator. Documents can be emailed to the Dual Enrollment Coordinator or brought to the meeting.
  - Copy of test scores
  - Permission to register form
  - Permission for early admission form
  - High school transcript (please use the FASTER system)

During the meeting with the TSC Dual Enrollment Advisor, students will be registered for the TSC courses that are listed on the Permission to Register Form. The TSC Dual Enrollment Coordinator is the only person allowed to register students for courses

### **Maximum Course Loads**

Traditional dual enrolled students are allowed a maximum of 11 credit hours each semester. All college courses taken must count towards high school credit.

Early admission students are allowed a minimum of 12 credit hours and maximum of 15 credit hours each semester. All college courses taken must count towards high school credit

### **Eligibility Requirements for Career Dual Enrollment**

Students must have a minimum 2.0 unweighted cumulative high school grade point average (GPA) and meet testing requirements if required for specific programs.

### **Eligibility Requirements to Continue Career Dual Enrollment**

Students must maintain a minimum 2.0 unweighted cumulative high school GPA, a minimum 2.0 TSC GPA as well as a successful dual enrollment course completion rate of 75% (C or better).

### **Schedule Changes**

Dual enrollment students must comply with the drop/add and withdrawal policies and deadlines published by TSC.

### **Adding and Dropping Classes**

To add or drop from a course(s), during drop/add period, students must provide a written request from the high school counselor verifying that the student has permission to add or drop before the Add/Drop deadline. The request must be submitted to TSC's Dual Enrollment Coordinator using the Course Adjustment Form.

### **Withdrawing from Classes**

After the drop/add period, Requests are considered by the district in extenuating circumstances. Students provide request and documentation to school counselor for district review. School Counselor and TSC Dual Enrollment Coordinator will be notified of the decision. The course withdrawal form will then be initiated by the school designee.

### **Summer Enrollment**

Students are eligible to enroll in summer courses during June Express.

Graduating high school seniors are not eligible to participate in dual enrollment during the summer. Graduating seniors who enroll in summer classes will be categorized as degree seeking college students and responsible for all instructional materials, tuition and fees assessed.

### **Weighting of Dual Enrollment Course Grades**

For districts that use a weighted grading system, s. 1007.271(8), F.S., states that "school districts and Florida College System institutions must weigh dual enrollment courses the same as advanced placement, International Baccalaureate, and Advance International Certificate of Education courses when grade point averages are calculated. Alternative grade calculation or weighting systems that discriminate against dual enrollment courses are prohibited."

### **Grade Distribution**

All grades will be reported at the conclusion of each term and accessible by the student through logging into their TSC Workday account, no more than two days after the grade submission deadline passes. Final grades will not be reported in the Canvas Learning Management System.

### Dual Enrollment Eligibility Through Testing

Students may demonstrate college readiness and qualify for dual enrollment by using a combination of the following, Reading, Writing, and Mathematics qualifying measures.

High schools must provide P.E.R.T. official score reports and P.E.R.T. test history if students plan to use high school P.E.R.T. scores.

It is the high schools' responsibility to provide P.E.R.T. for dual enrollment eligibility. TSC will work with the high schools and assist with P.E.R.T. testing for special circumstances.

Tests and Assessments		
(A score that meets or exceeds the standard score on any one of the assessments shall be accepted as demonstration of readiness for college-level work. TSC shall accept scores on a Florida public high school transcript in addition to official score reports from the issuing entity listed as an official record.) All scores must be less than 2 years old.

**V. A list of any additional initial student eligibility requirements for participation in the dual enrollment program**

The statutory eligibility requirements for academic college credit dual enrollment include: 3.0 unweighted high school GPA and demonstrated readiness for college coursework through scores on a common placement test (as established in State Board of Education Rule 6A-10.0315). The statutory eligibility requirements for **career dual enrollment** Career Certificate: 2.0 unweighted GPA.

TSC defines readiness for college-level coursework as placement into college-level Mathematics and/or English and Reading.

Students must place into ENC 1101 with their test scores to be eligible to participate in the dual enrollment program. Students may enroll in up to 12 credit hours before demonstrating college-readiness for mathematics. To continue enrollment beyond 12 credit hours, students must meet one of the measures for mathematics as outlined in *Table 1* to demonstrate college-readiness.

Students who graduate from high school before completing the postsecondary course may not register for it through dual enrollment.

Students may lose the opportunity to participate in the dual enrollment program if they are disruptive to the learning process. Procedure is outlined in TSC's Student Handbook.

**Continued Enrollment for Academic Dual Enrollment**

For continued dual enrollment eligibility, students must maintain a minimum 3.0 unweighted cumulative high school grade point average.

Additionally, the TSC GPA is reviewed each semester, and students must maintain a 2.25 TSC GPA at the time of review. They must also successfully complete at least 75% (C or better). Students may be given a one semester grace period if the TSC GPA is between a 2.00 and 2.24 GPA or completion rate is between 51 – 74%. High school students are permitted one grace period only.

Furthermore, Students, who withdraw from a course after the drop/add period, or who have been afforded a grace period, are required to meet with the counselor and parent/guardian before enrollment paperwork will be provided for the subsequent semester. Additionally, students utilizing a grace period may be subject to a reduced dual enrollment course load by one course in an effort to ensure successful matriculation at the post-secondary level.

**Early Admission Eligibility**

Students who wish to participate in early admission must be a high school senior or junior and have an unweighted high school GPA of 3.5 or higher. Additionally, students must have a TSC GPA of 3.0 or higher.

### **Continued Enrollment for Early Admission**

Students must maintain a minimum 3.5 unweighted cumulative high school GPA and a TSC GPA of 3.0.

## **VI. A delineation of the high school credit earned for the passage of dual enrollment courses**

College courses as specified in the Florida Department of Education Articulation Coordinating Committee Statewide Agreement for Dual Enrollment Courses – High School Subject Area Equivalency List are eligible for dual enrollment. This list is available at <https://www.fldoe.org/core/fileparse.php/20872/urlt/9-2.pdf> . Eligible courses may be taken in any format that TSC offers them unless otherwise specified in the Agreement.

Other courses in the Statewide Course Numbering System, apart from remedial courses and physical education skills courses, can be used for dual enrollment credit and count toward high school graduation, including electives provided these courses are specified in this agreement.

For college credit programs, postsecondary courses taken through dual enrollment for three credits or more that are part of a postsecondary career/technical program of study (College Credit Certificate, Applied Technology Diploma, Associate in Applied Science, Associate of Science) shall be awarded at least 0.5 elective credits toward high school graduation.

Section 1003.437, F.S., specifies that “For the purposes of class ranking, district school boards may exercise a weighted grading system pursuant to s. 1007.271.”

## **VII. A description of the process for informing students and their parents of college-level course expectations**

Dual enrollment courses meet the curricular expectations and are at the same depth and rigor of non-dual enrollment postsecondary instruction, including dual enrollment courses offered on the high school campus. Students should understand that dual enrollment courses are college courses and the amount of work necessary to succeed may be much greater than in high school courses. In addition, **dual enrollment courses become a part of a student’s permanent college transcript and are calculated into the student’s permanent postsecondary GPA.**

It is the responsibility of the high schools in the district to inform the students and parents about the college-level expectations. TSC will inform students and parents of college-level course expectations through a dual enrollment orientation. TSC will also inform students and parents of college-level course expectations using the course syllabus provided to each student in each college-level course at the beginning of each semester.

**VIII. The policies and procedures, if any, for determining exceptions to the required grade point averages on an individual student basis.**

Section 1007.27(3), F.S., allows exceptions to the required GPA on an individual student basis if both parties agree.

**Exceptions to High School Grade Point Average Terms:**

Upon recommendation and the submission of the Exceptions to High School GPA form, by the principal or designee, a student with an unweighted GPA of 2.75-2.99 may be allowed to enroll for a maximum of 6 hours of dual enrollment courses provided that the student has shown evidenced of ability to do advanced level work through successful completion of Advanced Placement, Honors, or other advanced courses. Continuation of dual enrollment will require satisfactory progress in all college dual enrollment courses as defined in Section V of this agreement and successful completion of all high school courses with grades no lower than “B”. Documentation must be provided to TSC’s Academic Affairs designee.

Exceptions related to serious illness or other extenuating circumstances will be reviewed on a case-by-case basis and must be approved by both the principal and TSC’s Academic Affairs designee.

TSC will provide a form to the high school that must be completed, signed, and returned to TSC before the student will be allowed to continue in the program. A rationale for the exception must be stated on the form.

Students will be given a one-semester grace period during which a review will determine continued eligibility. The grace period can only be used once during the student’s high school matriculation. Students granted eligibility under the GPA exception must meet all progression criteria moving forward to continue enrollment; the allowable grace period was used for initial eligibility.

**IX. Scheduling Modifications to Increase Access and Participation for Credit and Career Dual Enrollment Students**

In alignment with Florida Statute 1007.271(7)(g), the College and School District agree to collaborate in identifying and implementing scheduling changes that support increased access to and participation in credit and career dual enrollment opportunities. This may include, but is not limited to, flexible course scheduling, alignment of bell schedules, block scheduling, evening or weekend offerings, or hybrid/online course formats. The parties will annually review scheduling practices and barriers and will jointly develop strategies to improve participation among eligible students.

**X. Registration policies and procedures for dual enrollment courses as determined by the postsecondary institution**

Students must complete their registration form with their high school counselor. The form must be completed with all the required information about course reference numbers as well as alternate options. The completed registration form will be given to TSC's Dual Enrollment Coordinator who will register the student for courses that are available at the time the form is received. The following deadlines are established for TSC and may differ from internal deadlines of the Board.

<b><u>2026-2027 Deadlines for High Schools:</u></b>		
<b>Due Date</b>	<b>Activity</b>	<b>Responsible Party</b>
August 11, 2026	Deadline for district to submit all paperwork <u>and</u> test scores (as necessary) for enrollment in fall 2026 semester. This includes registration for courses on the high school campus.	High school
August 17, 2026	TSC First Day of Class	
August 21, 2026	Last Day to Change Schedules or <u>drop</u> students (use course adjustment form)	High school
October 27, 2026	Last Day to Withdraw a student (use withdrawal form)	High school
November 10, 2026	Deadline to make changes to course offerings at the high school for Spring 2027. Deadline to identify instructors.	High school
November 27, 2026	TSC Last Day of Class	
December 1, 2026	Deadline for district to submit paperwork for Spring 2027 (applications, test scores, permission to register forms)	High school
December 7, 2026	Deadline to submit grades to TSC	High school
December 11, 2026	TSC Transcripts will be delivered to high schools	TSC
January 6, 2027	TSC First Day of Class	
January 11, 2027	Last Day to Change Schedules or <u>drop</u> students (use course adjustment form)	High school
March 9, 2027	Deadline to Submit “Course Request for Dual Enrollment” Form for 2026-2027.	High school
March 23, 2027	Last Day to Withdraw a student	High school
April 23, 2027	TSC Last Day of Class	
May 3, 2027	Deadline to submit grades to TSC	High school
May 5, 2027	TSC transcripts will be delivered to high schools	TSC
June 11, 2027 (Noon)	Last Day for students to submit all paperwork <u>and</u> test scores (as necessary)	High school

	for enrollment in Summer 2027 June Express session	
July 16, 2027	Last Day to Withdraw a student from Summer 2027 June Express session (use withdrawal form)	High school

**Adding and Dropping Classes**  
 To add or drop from a course(s), during drop/add period, students must provide a written request from the high school counselor verifying that the student has permission to **add or drop before the Add/Drop deadline**. The request must be submitted to TSC’s Dual Enrollment Coordinator using the Course Adjustment Form.

**XI. Exceptions, if any, to professional rules and guidelines for instructors teaching dual enrollment courses**

There are no exceptions.

**XII. Exceptions, if any, to rules, guidelines, and expectations stated in the student handbook of the postsecondary institution which apply to faculty members**

Dual enrollment courses are college courses both in content and outcomes. Dual enrollment instructors must meet the teaching credentials established by the Southern Association of Colleges and Schools (SACS). Section 1007.271(5)(a), F.S., governs dual enrollment faculty. These provisions were taken from the *Dual Enrollment Statement of Standards*, which was codified in State Board of Education Rule 6A 14.064, FAC.

Faculty who plan to teach college credit courses that are offered on the high school campuses must complete a TSC Adjunct Faculty Application and all other procedures required by TSC’s Human Resources and Academic Divisions. Applicants must be recommended for hire by the appropriate Academic Dean. Faculty must also adhere to the following guidelines (Florida Statutes, 1007.271 (5a):

Meet the qualifications required by TSC as identified in the TSC Faculty Credentials Manual. The qualifications apply to all faculty members regardless of the location of instruction. TSC requires compliance with these qualifications.

1. Provide TSC with an official copy of the postsecondary transcript.
2. Provide a copy of the current syllabus for each course taught to the division dean or associate dean of the postsecondary institution before the start of each term. The content of each syllabus must meet the same standards required for all college-level courses offered at TSC and must be approved by the appropriate TSC academic division.

3. Adhere to the professional rules, guidelines, and expectations stated in TSC's adjunct faculty handbook.
4. Adhere to the rules, guidelines, and expectations (which apply to faculty members) stated in TSC's student handbook.

Dual enrollment courses taught on the high school campus must meet the same competencies required for courses taught on the TSC campus. To ensure equivalent rigor with courses taught at TSC, the high school instructor will provide a comprehensive, cumulative end-of-course assessment and a series of assessments of all expected learning outcomes to the appropriate Academic Dean or designee. The completed and scored assessments must be returned to TSC and held for one year (Florida Statutes, 1007.271 (6a)).

It is the responsibility of the high school to notify TSC's Academic Affairs designee of all courses that the high school is requesting to offer. Each high school must complete the appropriate form for each course that the high school plans to offer. Based on need and faculty availability, TSC will decide what courses can be offered on the high school campus.

Each instructor is responsible for checking their online class rosters every day to ensure the appropriate students are sitting in the class. If a student is not on the roster, the instructor should immediately notify their Academic Dean. The Academic Dean should notify TSC's dual enrollment coordinator or Academic Affairs designee.

Advanced Placement (AP) students who do not take or pass the AP examination are not permitted to earn postsecondary credit for the AP course via dual enrollment. Per Section 1007.272, Florida Statutes, no student will be allowed duplicate credit based on enrollment in a joint AP/dual enrollment course. Dual enrollment courses taught on a high school campus may not be combined with any non-college credit high school course, per Section 1007.271 (6d), Florida Statutes.

Dual enrolled students taking courses on the high school campus must submit the same documentation as the student's taking courses on TSC's main campus.

### **XIII. Responsibilities of the School Board regarding determination of student eligibility before participating in the dual enrollment program and the monitoring of student performance while participating in the dual enrollment program**

The School Board is responsible for determining if the student is eligible to be tested for the dual enrollment program. Students with a 3.0 unweighted high school grade point average and interested in participating in dual enrollment should be referred to their high school counselors to discuss the program's eligibility requirements.

The high school must inform all students who plan to participate in dual enrollment of their obligation to complete an online TSC application.

The high school is responsible for advising students relative to ensuring that they meet the requirements for high school graduation. The high school is also responsible for advising students about Bright Futures.

It is TSC's responsibility to monitor student performance in TSC's dual enrollment courses. At the fifth and ninth week of each fall and spring term, TSC will provide early alert reports to a designee of the School Board. The report will include students earning below a 75% average in dual enrollment courses. Additionally, attendance records will be included in the reporting.

The School Board and TSC should exchange student transcripts in order to ensure that students are eligible to continue in the dual enrollment program.

TSC is responsible for assigning grades for dual enrollment courses. The School Board is prohibited from changing any grade (once assigned by TSC) when posting it to the high school transcript.

#### **XIV. Responsibilities of the Florida College System institution regarding transmission of student grades in dual enrollment courses to the school district**

TSC will transmit student transcripts to the School Board at the end of each semester.

#### **XV. Responsibilities for funding that delineates costs incurred by the school district and TSC**

Dual enrollment students shall be exempt from paying registration, matriculation, and laboratory fees.

##### Textbook Costs & ADA Accommodation Costs

Textbooks will be provided to students by the School Board during both the fall and spring semesters. Textbooks will be provided by TSC during the Summer terms. Textbooks purchased by the School Board shall remain the property of the School Board as specified in Section 1007.271 (17), F.S. TSC will continue its efforts to reduce the cost of textbooks and materials to the School Board. The costs of ADA accommodations for dual enrollment students with disabilities taking courses on TSC's campus will be covered by TSC. The costs of ADA accommodations for dual enrollment students with disabilities taking courses on the high school campus will be covered by the School Board.

### Standard Tuition Rate

Per the 1007.271, F.S., the School Board is required to pay the standard tuition rate per credit hour to TSC for instruction taking place on the college campus for dual enrolled students. The approved standard tuition for FY 2026-2027 is \$71.98. The rate will be charged for courses taking place on TSC's main campus and distance learning courses.

TSC will not charge tuition to the School Board for Summer 2027 dual enrollment students. TSC also will not limit dual enrollment participation based upon capacity, F.S. 1007.271(4) in any term.

TSC will use the fees collected to enhance the dual enrollment program. TSC will promote dual enrollment participation, increase capacity, and enrich the quality of services associated with the dual enrollment program. The School Board's payment of tuition to TSC will maintain counselors available to the dual enrollment program in order to recruit more dual enrollment students and to help prepare students for transition to college, to counsel students in meta-majors and programs of study, and to track and provide feedback to students on their progress. TSC will also provide high school faculty and counselor training for dual enrollment.

### Instructional Costs

It is the responsibility of the School Board to provide full instructional costs for dual enrollment occurring on the high school site. For instruction occurring on the high school sites by college faculty, the School Board must reimburse TSC for the costs associated with the proportion of salary and benefits.

TSC cannot guarantee the availability of instructors for dual enrollment classes offered at the high school. Schools can assist TSC by recommending qualified School Board instructors for consideration for teaching dual enrollment courses offered at the high school.

TSC regularly uses high school faculty to teach both dual enrollment and regular TSC courses and incorporates training, mentoring, and assessment of these faculty into its regular adjunct program. Therefore, TSC's costs associated with instruction occurring on the high school site by TSC approved high school faculty who are paid by the School Board will be considered a normal part of TSC's obligation to its faculty for training and mentoring; no costs will be assessed.

### Invoicing for Financial Obligations

TSC will invoice the School Board for financial obligations within 21 business days of TSC's Census date which is normally after the 5<sup>th</sup> day of class each semester. A second invoice may be generated for all students who enroll in an express session if that student is not included in the main session invoice. The school district is responsible for any student who fails to withdraw after the add/drop period.

Before invoicing, each district will need to verify enrollment. Once verification has occurred, there will be no changes to the invoices.

**XVI. Responsibilities for Student Transportation**

**Transportation Notification for Career Dual Enrollment Students**

In accordance with Florida Statute 1007.271(7)(f), the College and the School agree to ensure that students and parents/guardians are informed of available transportation options. The School shall provide clear information regarding transportation arrangements, including eligibility, schedules, and access points, through multiple communication methods such as school websites, informational sessions, printed materials, and direct outreach during the student advising and enrollment process. This information will be made available prior to the start of each academic term in which the student is enrolled in career dual enrollment courses held at the college campus or other off-site instructional locations.

**XVII. Responsibilities for services and resources that are available to students with disabilities who register for enrollment**

By this agreement, Section 1007.271(25), F.S., requires that the dual enrollment articulation agreement include services and resources that are available to students with disabilities who register for dual enrollment.

Tallahassee State College provides services and facilities accessible to, and usable by, all qualified students with disabilities. The college will ensure educational access by providing reasonable and appropriate accommodation for those students who provide the proper documentation. An Individual Education Program (I.E.P) filed with the student's home school will suffice as appropriate documentation to receive necessary accommodations.

TSC provides physical, academic, and program access including extended time testing, note-taking services, reader services, recorders, audio books via LearningAlly.org, e-texts, adaptive technology, math accommodations, sign language interpreters, and spelling accommodations.

**IN WITNESS WHEREOF**, the School Board of Tallahassee Classical School, Florida and The District Board of Trustees, Tallahassee State College, Florida have adopted this agreement and caused it to be executed by their respective chairs and chief executive officers, in accordance with Section 1007.271, F.S., Dual Enrollment Articulation Agreements.
